

A life-changing career as a Critical Care Nurse

Support innovative care, expand your skills, and make a difference.

The Critical Care Nursing Orientation Program

Comprehensive training to fully prepare you to work with critically ill patients in an ICU

Additional **support** to integrate CCNOP graduates into the ICU and your new team

Prerequisite: Cardiac Rhythms Course
Note: A minimum of one-year acute care experience in Surgery, Medicine, Cardiac or Emergency nursing is preferred.

How it works

Guaranteed job in Critical Care: apply directly to preferred ICU (at hospital of your choice) as a nurse trainee and start on the unit upon completing your training.

Comprehensive Training: fully preparing you for your new role. You will participate in theory and lab training, with in-unit experience and clinical orientation supported by experienced nurse educators.

Accessible Education: blending online and classroom learning followed by hands-on experience through a specialized clinical practicum in the unit where you will work upon graduation. Lab and clinical (buddied and specialized) experience are important to the CCNOP program.

Paid Training: You will be paid a full-time salary throughout your comprehensive training.

CRITICAL CARE NURSING ORIENTATION PROGRAM

**TRACEY WILLIAMS, RN / CLINICAL
RESOURCE NURSE MICU**

“Having those years of general nursing experience really prepared me for this career path. I really feel that a strong foundation is key to becoming a good ICU nurse. I’m proud to say being in the MICU, I’ve grown into an even better nurse. Our team is a family and when we see patients get better, we know our efforts have helped them.”
