- 606 a) Requests for scheduling of vacation shall be submitted to each departmental/site supervisor/manager. Said requests will be considered by both departmental/site supervisor/manager and shall be

granted in accordance with the provisions of Article 19, based on the employee's seniority within each work site.

b) Requests for unpaid or paid leaves of absence shall be submitted to each department/site supervisor/manager, and shall be granted in accordance with the appropriate provisions of the Collective Agreement.

607 Employees taking on an additional position will be subject to a trial period in accordance with Article 11. If during the trial period, the applicant is found by the Employer to be unsatisfactory in their new position, they shall relinquish that position.

ARTICLE 7: OCCUPATIONAL CLASSIFICATIONS

701 The brief descriptions listed in Appendix "A" are intended to illustrate the general terms under which positions are classified in this Agreement. In each instance, a classification is based on procedures, duties and responsibilities specified in the job description in effect at the time this Agreement was negotiated. The Employer reserves the right to assign duties and responsibilities and to alter job descriptions but is required to negotiate the value of any material change in job content during the term of this Agreement.

702 a) In the event that the Employer creates a new classification, or alters an existing classification, the job description and wage rate for such classification shall be established by the Employer with notification to the Association and affected employees. Written notice of objection must be given to the Employer by the Association within forty-five (45) calendar days after the notification above or such classification and wage rate shall be considered approved and shall form part of the Agreement.

b) Where the Association objects to the wage rate for a new or altered classification established by the Employer, as referenced in a) above, the parties shall commence negotiations and attempt to reach agreement as to an appropriate salary range within thirty (30) days. Failing such agreement, the matter shall be referred to arbitration in accordance with Article 28 (Arbitration).

The timeline specified above may be extended by the mutual agreement of the parties as confirmed in writing and requests for extension shall not be unreasonably denied.

c) Any dispute as to whether a classification falls within the bargaining unit shall be referred to the Manitoba Labour Board for determination.

d) Where an employee believes that there has been a material or substantial change in their job content since they were last classified, they shall be entitled to request a review of their classification.

employee, compare them with the job description and give a decision as to the validity of the request.

f) If the decision in (e) is not satisfactory to the employee, they may treat this request for change in classification as a grievance as defined in Article 27.

g) A revision to an existing job description to reflect more accurately the job content of any classification shall not necessarily constitute evidence of a substantial change in job content.

703 When a job description is being reviewed by the Employer, input may be solicited from employees incumbent in the job.

704 The Employer agrees to provide the Association with a current copy of job descriptions for all classifications which fall within the scope of this Agreement within sixty (60) days of signing.

On a one-time (1) only basis, upon date of ratification, in accordance with Article 4006 the Association will agree to extend the above timeline up to one hundred and twenty (120) calendar days.

3304 Employees who are absent from work due to a leave of absence for any reason shall be advised of layoff in accordance with this Agreement and shall be required to comply with all provisions of this Agreement except that they shall not be expected to return to work prior to the expiry of their leave of absence.

3305 An employee whose position is being deleted in accordance with Article 3303, or who is being laid off in accordance with Article 3302 will be entitled to exercise seniority rights, subject to them being qualified, competent and willing to perform the required work, to displace a less senior employee in an equal or lower occupational classification within the site.

Where this is not possible due to seniority level, the employee shall be entitled to exercise seniority rights, subject to them being qualified, competent and willing to perform the required work, to displace an employee in a position of equal or lower classification within any of the other sites comprising the Employer. Any employee thus displaced shall be entitled to a like exercise of seniority rights, with the employee or employees who are finally displaced by the exercise of this subsection being considered laid off, and subject to recall as outlined below.

- 3306 An employee who is demoted due to a reason other than unsatisfactory performance shall continue to be paid their current basic salary until the rate for the classification to which they were demoted exceeds their current rate. The application of this provision as it relates to the layoff/recall procedure shall be limited to a three (3) year period from the date the employee assumes a position in a lower paid classification or until the salary scale of the lower position reaches their level of salary, whichever occurs first.

To qualify for recall, it shall be the responsibility of the employee to keep the Employer informed in writing of their current address and contact information.

3309 Employees shall be recalled in order of seniority to available positions in equal or lower paid occupational classifications at their originating base location or at other worksites within a fifty (50) kilometre radius of the originating worksite subject to their being qualified and competent to perform the required work.

In addition, at the time of layoff, employees may request recall to worksites outside the fifty (50) kilometre radius.

3310 Such recall shall be made by registered mail, and shall provide for two (2) weeks' notice to report back to work. The employee is required to contact the Employer within one (1) week of such notice, confirming their intention to return to work as scheduled. An employee who declines to return to a position comparable to that held prior to layoff, without reasonable cause, shall be considered terminated. However, termination of employment will be waived at the discretion of the Employer, if the laid off employee declines the recall due to the unsuitability of the geographic location.

3311 An employee recalled to work in a different department, site ("base location" where there is a Regional or Provincial program/service), or different classification, within the Employer, from which the employee was laid off shall have the right to return to the position they held prior to the layoff should it become vacant within one (1) year of being called back and such vacancy shall not be subject to the job posting procedure.

3313 An employee who is displaced from their job as a result of technological change shall be given an opportunity to fill any vacancy within the department/base location of current employment for which they have seniority and for which they have the qualifications and the competency to perform the required work.

If there is no vacancy within the department/base location of current employment, they will be given the opportunity to fill any vacancy within a fifty (50) kilometre radius of the originating department/base location for which they have the qualifications and competency to perform the required work. This shall not preclude the employee from requesting consideration for vacancies outside the fifty (50) kilometre radius. If there are no vacancies, they shall have the right to displace employees with less seniority, in accordance with the layoff procedures specified in this Agreement.

- 3314 Where new or greater skills are required than are already possessed by affected employees under the present methods of operations, such employees shall, at the expense of the Employer, be given a training period during which they may acquire the skills necessitated by the new method of operation. There shall be no reduction in wage or salary rates during the training period of any such employee.
- 3315 a) If the Employer sub-contracts work or introduces technological change which results in the displacement of a number of employees, the Employer shall guarantee alternate employment to all employees with three (3) or more years of continuous service with the Employer. Where the alternative employment is of a lower paying classification, the employee shall continue to receive the salary of the higher paid classification until the salary of the lower paid classification passes that of the higher classification. The application of this provision shall be limited to a three (3) year period from the date the employee assumes a position in a

lower paid classification or until the salary scale of the lower position reaches their level of salary whichever occurs first.

The parties agree that the provisions of this Article shall in no way supersede the provisions of any memorandums of understanding related to Transfer of Service/ Mergers/Amalgamation/Consolidation/Mobility.

3317 Notwithstanding Article 504, employees laid off, or who have had their work reduced in accordance with Article 3301, and who have made their availability for additional available shifts known to the Employer in writing, shall be given preference for such shifts, over part-time and casual employees, up to their EFT prior to layoff or reduction of hours, provided they are qualified, competent and willing to perform the required work.

The employee shall be given such preference for available shifts until a position becomes available that is an equal or greater EFT than their last previous position, or for the duration of Article 1003 d), whichever occurs first.

Should the employee not work the entire shift for any reason, the employee will be paid for the hours actually worked.

e) Participation in benefit plans is subject to the provisions of each plan;

f) Any period of time during a layoff when the employee works additional available shifts or works in a term position shall not extend the five (5) year period referenced in Article 10. However, an employee on layoff who is recalled into a term position shall retain their right to be recalled into a permanent position while working in the term position.

In accordance with the above paragraph, payment shall occur as follows:

- a) To full-time, part-time, term and casual employees who are covered by this Agreement.
- b) Upon written application within sixty (60) days of ratification, to employees who have resigned or retired.
- c) Upon written application within sixty (60) days of ratification, to the estate of deceased employees.

4008 The Employer commits to making all reasonable efforts to ensure that:

Any remaining unpaid retroactive wage and benefit adjustments shall be implemented and made payable within (120) one hundred and twenty calendar days of the date of ratification. Such retroactive adjustments shall be paid on a separate deposit.

Failure to meet this commitment shall result in the parties referring the matter to expedited arbitration to determine appropriate remedy.

ARTICLE 41: OVERPAYMENTS AND UNDER DEDUCTIONS

4101 Overpayments

The Employer may not make deductions from wages unless authorized by statute, by Court Order, by Arbitration Award, by this Agreement, by the Association or to correct an overpayment error made in good faith. Where an error has been made in good faith, the Employer shall be entitled to recover any overpayment made, for a period of time that does not extend further back than twelve (12) months from date of discovery, provided:

- a) Once the error is discovered, notice and a detailed breakdown of the error is given by the Employer to the affected employee and the Association within twenty (20) business days of discovery. Should the overpayment affect a group of ten (10) or more employees, the timeline specified above may be extended by the mutual agreement of the parties and requests for extension shall not be unreasonably denied.

Employees are entitled to request a meeting with the Employer and the Association to discuss the validity and proposed recovery of the overpayment;

- b) The proposed recovery is made in as fair and reasonable a manner as possible; and,
- c) The proposed recovery is made over a period of time which is no less than the period during which the overpayment was made unless otherwise agreed between the Employer and the employee.

In the event the employee retires from, or leaves the employ of the Employer before the Employer is able to fully recover an overpayment as contemplated in this Article, the Employer shall be entitled to make a full recovery at the time of retirement or termination of employment of that employee and reduce accordingly any payments that might be owing to that employee to recover the overpayment.

4102 “Under deduction” shall include, but is not limited to, any statutory deduction, or any other amount for which the employee has provided their consent to be deducted from their wages, that has not been deducted by the

Employer as a result of a good faith error on the part of the Employer.

It is understood that where the Employer is required, or has received consent, to remit a deduction from the wages of an employee, that the Employer is responsible to ensure those deductions are remitted appropriately and in compliance with the necessary conditions of such remittance. Where the Employer has failed to remit as required and as a result of that failure the employee has been denied access to a benefit which they would otherwise have received but for the failure to remit, the Association on behalf of the employee is able to seek, through the grievance process, appropriate redress for any and all incurred losses. All appeal processes under the applicable plan must be exhausted prior to any grievance being initiated through the grievance process. The jurisdiction of an arbitrator appointed pursuant to the grievance process to interpret and apply any applicable benefit plan shall be limited to the application of this provision.

All under deductions are considered to be an accounts receivable and will be deducted from an employee's wages when discovered by the Employer.

The deduction will be made in a fair and reasonable manner after notification to the employee and taking into consideration the amount of the account receivable and the purpose of the amount under deducted.

Where an error has been made in good faith, the Employer shall be entitled to recover any under deduction made, for a period of time that does not extend further back than twelve (12) months from date of discovery.

Signed this 29th day of April, 2024

RE: COMPLEXITY OF NEGOTIATIONS SUBJECT TO HSBURA

WHEREAS the parties have been engaged in collective bargaining for the April 1, 2018 to March 31, 2024 Collective Agreements, subsequent to the enactment of The Health Sector Bargaining Unit Review Act (HSBURA),

AND WHEREAS the negotiations were unique and complex with respect to the consolidation of numerous separate Collective Agreements into one (1) Collective Agreement for each of the three (3) Employers Organizations,

AND WHEREAS the parties recognize the possibility may exist that both parties may have inadvertently overlooked bargaining a provision(s) of a previous Agreement into the 2018-2024 Collective Agreement(s) in the circumstances,

AND WHEREAS the parties wish to agree upon a process to consider further amendments to a Collective Agreement(s) should a provision(s) have been overlooked in the bargaining process,

AND WHEREAS it is not the intention of this memorandum to allow either party to seek to amend Collective Agreement provisions that were the subject of collective bargaining,

NOW THEREFORE the parties agree as follows as it applies to the 2018-2024 Collective Agreements;

1. Should either party discover a Collective Agreement provision(s) that was inadvertently overlooked in the collective bargaining process for the 2018-2024 Collective Agreement(s), they shall provide notice to the other of the provision(s) which was overlooked and reasons it should be added to the 2018-2024 Collective Agreement(s) as a mid-term amendment.
2. It is agreed that notice under paragraph 1 is not notice to bargain any specific provision(s) under s. 61(3) of The Labour Relations Act.
3. Unless the parties agree to a mid-term amendment at the outset, the issue will be referred to the Standardization Committee, who will promptly meet to consider whether to recommend an amendment to the 2018-2024 Collective Agreement(s). Both parties agree that they shall take all reasonable efforts required to permit the issue to be discussed and understood promptly at the Standardization Committee level.
4. Any recommendation from the Standardization Committee to amend the Collective Agreement(s) mid-term in good faith shall be referred to the Director, Provincial Health Labour Relations Services (PHLRS), and the Executive Director, Manitoba Association of Health Care Professionals (MAHCP).

5. Any memorandum or Letter of Understanding not part of a collective agreement which comes to the attention of the Parties following negotiations and during the life of the collective agreement shall be considered on their own merits and reviewed for enforceability.

6. The parties acknowledge that where MAHCP has become the successor union for a collective agreement with a duration other than 2014-2018, it would be covered by this memorandum.

RE: EMPLOYMENT SECURITY

Whereas the Employer is concerned with its employees' employment security, and

Whereas the Association is concerned with its members' employment security, and

Whereas within the Province of Manitoba health care reform continues to be explored, and

Whereas there may be a need to examine the delivery of health care within the site/Employer, and

Whereas there may be a need to examine the current complement of employees covered by the provisions of the Collective Agreement.

1. It will be incumbent upon the Employer to notify the Association, in writing, at least ninety (90) days prior to any alteration in the delivery of health care and/or in the current

complement of employees covered by the provisions of this Collective Agreement.

2. If it becomes necessary to reduce the staffing complement, all avenues relevant to the issue of employment security for the employees will be examined and discussed between the Employer and the Association, no later than twenty (20) days after the above.
3. The Employer and the Association agree to meet to develop the process for the planned reductions within five (5) days after the above.
4. The Employer will, wherever reasonably possible, carry out these reductions by way of attrition.
5. In keeping with the Employer's commitment to ensure that any affected employee shall retain employment with the Employer, and where reductions cannot be dealt with through attrition, the Employer will make every possible effort to reassign the employee(s) affected to an equivalent position within the facility/region. The Layoff and Recall provisions of the Collective Agreement will apply where reassignment is not possible.
6. In the event of #5 above occurring or in the event of the closure of a facility/program/site/Employer, and in conjunction with #7 below, the Employer will make every reasonable effort to achieve necessary funding for retraining and redeployment of employees.
7. The Employer will also co-operate with other Employers, with the Provincial Health Labour Relations Services and/or the Government of Manitoba, to participate in the establishment of a broader redeployment and retraining effort where reasonably possible.

RE: EDUCATIONAL DEFERRED SALARY LEAVE PLAN

The parties hereto agree that the following conditions shall apply to the implementation and operation of the EDSLP:

1. That the EDSLP will be reviewed thirty (30) months from its implementation date and every twenty-four (24) months thereafter by the Employer and the Association.
2. That the EDSLP shall be self-sustaining, and the Employer shall not incur any costs whatsoever as a result of participating in the Plan.
3. That the EDSLP must comply in all respects with all Revenue Canada guidelines.
4. That the Association shall save the Employer harmless from any claims whatsoever from any participants enrolled in the EDSLP which might result from the non-remittance of monies collected in accordance with the Plan nor from any shortfall in the funds from time to time required to be paid to

any of the participants in the Plan. It is agreed that remittance of all monies to the Plan, in Trust, is to be forwarded immediately following each payday to the carrier of the Plan in Trust.

Terms of Reference of the EDSLP

Eligibility: Any employee, excluding casual employees, covered by the Collective Agreement between the Employer and the Association may apply for participation in the EDSLP following completion of the employee's probationary period as outlined in the Collective Agreement. It is expressly understood that participation in the EDSLP does not constitute a commitment being made by an Employer regarding future approval of a leave of absence.

The Plan: The EDSLP is implemented for the sole purpose of providing a method of remuneration to Plan participants during formal educational leaves of absence (LOAs) for periods in excess of six (6) months.

Contribution/Enrolment Form:

1. On filling out the enrolment form for membership, the participant shall indicate the amount of the participant's earnings which is to be deferred and remitted by the Employer to the Plan, in Trust. The amount shall not be less than five (5) percent and not more than thirty (30) percent of gross regular earnings as at the time of application. The biweekly amount shall be rounded to the next higher dollar.
2. The amount to be deferred in Trust may be changed once annually (date to be determined by the Employer).
3. The participant shall indicate on the enrolment form the date when it is anticipated that the participant will be requesting a

leave of absence in accordance with the terms of reference of the Plan.

4. The participant shall keep their Employer informed on an ongoing basis as to their plans in regard to the educational program in order to assist the Employer in attempting to make arrangements for their potential absence.

Leave of Absence

1. It is agreed between the Employer and the Association that, for the purpose of the EDSLIP, the provisions of the Collective Agreement regarding application for leaves of absence shall make application for the LOA at least two (2) months prior to the first day of the participant's requested LOA.
2. Requests for LOA under the EDSLIP shall include a description of the course of studies to be pursued, the duration of the program, and the name of the institution offering the program.
3. Each request for a LOA under the EDSLIP will be reviewed on an individual basis and shall not be unreasonably denied.
4. In the event that more than one participant applies for a LOA under the EDSLIP for part of or all of the same period of time and where only one participant's requested leave can be granted, seniority as defined in the Collective Agreement shall be the governing factor in determining which participant's LOA shall be granted.
5. A participant having received approval for a LOA and who voluntarily transfers or is promoted to another position, may have the leave honoured depending on the operational requirements of the new work area.

6. In the event that the participant's educational leave results in their being qualified to work in another classification covered by the Collective Agreement, it is understood that the participant will be placed in such classification only after being the successful applicant for a posted vacant position within that classification.

RE: GRIEVANCE INVESTIGATION PROCESS

The process is intended to create a harmonious relationship in order to promptly resolve grievances in an economical fashion.

On this basis, the parties are committed to the utilization of the following process where it is mutually agreed to be appropriate.

In the event that either party states that it is inappropriate to utilize the process and prior to a failure to utilize the process, the Executive Director of the MAHCP and the Director of the PHLRS shall review the matter and exchange the positions of the parties.

The parties hereto agree that the following conditions shall apply to the implementation and operation of the Grievance Investigation Process:

Part 1 - GENERAL

1. It is understood that this process and the appointment of the Grievance Investigator is to continue concurrent with the

Collective Agreement and be subject to the Term of the Agreement.

2. The Grievance Investigator shall be an individual jointly approved by the MAHCP and representatives of the Employer Organization (Provincial Health Labour Relations Services). The terms of appointment of the Grievance Investigator shall be set out in a separate document between the MAHCP, the PHLRS and the Grievance Investigator.
3. It is recognized that Grievance Investigation is a mandatory process and either party may submit the grievance to Grievance Investigation.

In the normal course of events, the grievance will be submitted to the Grievance Investigator when the parties are unable to reach a resolve through the grievance process itself.

If however, where the timelines within the grievance procedure have not been mutually extended, and a grievance meeting does not occur as scheduled due to a cancellation or request to reschedule by either the Association or the Employer, the Executive Director of MAHCP and the Director of the PHLRS shall be notified of the cancelled meeting.

The Executive Director and Director will review the matter and will jointly determine if another attempt to schedule a grievance meeting will occur, or if it is reasonable to assume that the grievance is denied and the remainder of the grievance procedure will be circumvented and the grievance matter will be submitted directly to GIP.

4. The Grievance Investigator shall conduct an investigation into each grievance jointly submitted to them. It is expected

that a hearing will be required in the normal course of the investigation. Within seven (7) days of a grievance being submitted, the Grievance Investigator shall schedule a hearing to be held within the thirty (30) day period following submission to them. The Grievance Investigator is empowered to fulfil their role in any manner deemed by them to be most effective given the individual circumstances of each case. The Grievance Investigator's general role is to:

- a) Investigate each grievance jointly submitted
- b) define the issue(s) in dispute
- c) provide an opinion as to an appropriate resolution of the dispute.

Where the Grievance Investigation meeting does not occur as scheduled due to a cancellation or request to reschedule by either the Association or the Employer, the Executive Director of MAHCP and the Director of the PHLRS shall be notified by the Grievance Investigator of the cancelled meeting.

The Executive Director and Director will review the matter and will jointly determine if another attempt to schedule a Grievance Investigation meeting will occur, or if the matter will simply be referred to arbitration.

5. The Grievance Investigator is expected to give a verbal opinion at the conclusion of a hearing, and to submit a brief written opinion to each of the parties within seven (7) calendar days following a hearing. Where no hearing is held, it is expected that the Grievance Investigator will provide their written opinion within seven (7) calendar days following completion of their investigation.
6. It is understood that the opinion of the Grievance Investigator is advisory in nature and is non-binding on either party.

It is understood that where the parties agree to abide by the opinion of the Investigator, it is done so on a without precedent or prejudice basis.

Where either or both parties choose not to accept the opinion of the Grievance Investigator, they shall, within seven (7) calendar days following receipt of the Investigator's written opinion, submit it in writing to both the Investigator and the other party, their reasons for non acceptance. Such reasons shall not be admissible at any future arbitration hearing or Grievance Investigation proceeding. Where one or both of the parties does not accept the opinion of the Investigator then the option shall remain to utilize the Arbitration procedure contained in the Collective Agreement.

7. The parties shall jointly prepare guidelines to assist the Grievance Investigator in meeting the expectations of the parties. These guidelines may be amended from time to time during the Collective Agreement as circumstances warrant and as mutually agreed. The parties shall meet on a province wide basis through staff representatives of the MAHCP and the PHLRS at the request of either of these two bodies, but not less frequently than every six months to review the operation and utilization of the Grievance Investigation Process.
8. Nothing shall preclude the parties from resolving any grievance in any mutually agreed manner either before, during or after its referral to the Grievance Investigation Process.
9. It is expressly understood that the Grievance Investigation Process is intended to provide a cost-effective, informal, and timely alternative to conventional arbitration.

Part 2 - SUBMISSION OF GRIEVANCE

1. In all cases the grievance procedure contained in the Collective Agreement will continue to apply, however, where the grievance procedure has been exhausted and a party has certain time limits to refer the matter to arbitration, that party might instead within this time limit, advise the other party in writing of its desire to refer the matter to the Grievance Investigation Process. Where such a request is made, the time limits referenced in the grievance procedure shall be temporarily suspended until:
 - a) the other party advises the party who has made such a request that it does not agree to refer the matter to the Grievance Investigation Process, or
 - b) fourteen (14) calendar days have elapsed from the date the request was made and the other party has failed to respond, or
 - c) fourteen (14) calendar days have elapsed from the date upon which the Grievance Investigator issued their written opinion.

When any one of the events referred to in a), b) or c) above occur the time limits for referring the matter to arbitration shall commence as if the grievance procedure had been exhausted on that date.

Part 3 - HEARINGS

1. Hearings will normally be held on the premises of the facility where the grievance originated from, however, the Investigator may, with the consent of both parties, choose a more appropriate location in such instances as where several grievances originating from different locations can be heard at the same hearing.

2. The parties agree not to be represented at any Grievance Investigation hearing by legal counsel. Attendance at hearings shall be limited to a maximum of four (4) employees from the bargaining unit and/or the Association, and four (4) Employer and/or LRS representatives. This stipulation shall not prevent the Grievance Investigator from requesting the attendance of any other person who can assist in clarifying the issue in dispute.
3. The parties agree to provide the Investigator with a jointly prepared statement of facts in an effort to narrow the scope of any dispute and to minimize the need to present evidence through witnesses. The Grievance Investigator may through the course of their investigation determine additional facts relevant to the resolution of the matter and shall advise the parties accordingly.
4. Hearings shall be held in an informal manner, however, the Investigator shall conduct any hearing in a manner deemed by him them to be effective. Witnesses will not give evidence under oath but the Investigator may act as a participant in attempting to resolve areas of conflicting evidence.

Part 4 - GUIDELINES FOR GRIEVANCE INVESTIGATOR

1. The Grievance Investigator shall be expected to accept the role for the life of the collective agreement.
2. While appointed the Grievance Investigator may not act on behalf of one of the parties either as counsel or nominee at conventional arbitration. They may serve as sole arbitrator or chairman of an arbitration board hearing a dispute involving one or both of the parties except in the case of a dispute which has previously been referred to them in their capacity as Grievance Investigator.

3. While it is not expected to be as detailed as an arbitrator's award, the parties do expect the written opinion to be a concise statement of the reasoning followed in reaching their conclusions. A detailed review of the positions of the parties or arbitral jurisprudence is not expected nor is any recounting of non germane fact or argument. The opinion should contain sufficient information to assist the parties in preventing similar future disputes.
4. The parties shall each pay for their own costs associated with referring and processing a grievance through the Grievance Investigation Process except that the parties shall jointly and equally share the fees and expenses of the Grievance Investigator.
5. The Grievance Investigator is empowered to consider any grievable matter put to him them by the parties including a question of whether or not an issue is grievable.
6. The opinion of the Grievance Investigator is expected to be an informed estimate of the likelihood of the grievance being sustained or denied in the event of its being referred to arbitration.

The Grievance Investigator will be provided with any documentation which might provide assistance to them carrying out their role.

RE: INCREASE OF EFT

Notwithstanding Article 11 (Vacancies, Term Positions and New Positions) the EFT of a part-time employee may be increased in accordance with the following process:

The parties agree that it may be of mutual benefit to the employees and the Employer to allow part-time employees, who request to do so, to increase their EFT.

- a) Requests to permanently increase EFT's shall be made in writing by part-time employees at a date determined by the Employer. The employees shall indicate the maximum EFT to which they wish to increase.
- b) An employee may increase their EFT up to a 1.0 EFT.
- c) In considering requests, the Employer in consultation with the Association shall consider such factors as current EFTs, shift assignments, shift schedules, the department/program(s) needs and the requirements of Article 12 (Hours of Work) and

RE: MAHCP MARKET ADJUSTMENT AND WAGE STANDARDIZATION FUND COMMITTEE

For the purposes of attempting to conclude collective bargaining with MAHCP, PHLRS is prepared to confirm annual funding of \$20,000,000 in 2023/2024, pro-rated for the portion of 2023/24 for which it is in effect, and an additional allocation of \$12,000,000 in 2024/2025 to result in a maximum allocation of new annual funding of \$32,000,000.

1. The parties agree that the amount listed above for wage standardization and market adjustments is intended to be inclusive of wage standardization and market adjustment issues (unless otherwise negotiated) between all of the parties at the table including, but not limited to, inequities not previously addressed, the reconfiguration of the MAHCP bargaining units, the slotting of classifications transitioned into an Employers Organization (e.g.: Addictions Foundation of Manitoba, Selkirk Mental Health Centre, Cadham Provincial Laboratory, etc.), market adjustments, salary scale adjustments within bargaining units etc.

2. The parties agree that the first allocation of the “Fund” effective October 1, 2023 shall be a market adjustment of a 3% increase on all steps for all classifications (excluding EMS, Perfusionists, and Midwives). The 20 Year Rate will maintain the 2% differential from the top step on scale.
3. The Employers Organizations and the Association (“Parties”) agree to establish a combined Wage Standardization/Market Adjustment Committee the purpose of which shall be to determine what, if any, classifications warrant a Market Adjustment or needs to be Standardized. Market Adjustments need to be based on evident recruitment/retention patterns or wage differentials.

As such, the Parties agree to establish a committee consisting of equal representation from the Employers Organizations and the MAHCP not to exceed six (6) committee members in total, [three (3) representatives from the Employers Organizations and three (3) representatives from the Association]. The Market Adjustment and Wage Standardization Committee will commence meeting within one hundred twenty (120) days of the ratification of all three (3) of the MAHCP 2018-2024 collective agreements. Additional representatives may be invited to attend as determined by the committee to provide necessary information.

In priority order:

- I) Market Adjustment of 3% as noted above
- II) Standardization:

It is the goal of the standardization process to seek wage standardization for classifications within the MAHCP bargaining units.

It is recognized and agreed by the Parties that:

- a) The committee shall establish and prioritize potential inequities which may exist for classifications in the MAHCP bargaining units.
- b) Where it is determined that the salary of an employee is higher than that of the established salary range, that employee will receive all economic wage increases until the mutually agreed-to implementation date for the standardized salary scale. Thereafter, further economic wage increases will not apply until that employee reaches the same level as the others on the standardized salary scale.

III) Additional Market Adjustments:

Criteria: Any adjustment(s) shall be based on evident recruitment/retention criteria, i.e.: adjustment(s) applicable to only those classifications for which it has been demonstrated that there have been recruitment/retention challenges; or wage discrepancy;

The Parties may also take into consideration relevant criteria including, but not limited to, the following:

- a) Service delivery impacts;
- b) Vacancy rate analysis;
- c) Salary and market conditions.

4. Any adjustment(s) will be effective at a mutually agreeable date(s) as decided by the committee, but no sooner than October 1, 2023 (unless otherwise mutually agreed-to); and

It is recognized and agreed by the Parties that:

- a) Where the Parties are unable to agree upon allocation of any part of the Fund, the Parties will appoint an adjudicator to determine the issue. If the Parties are unable to agree upon an adjudicator, the Parties may submit a request to the Manitoba Labour Board. The adjudicator's ruling shall not exceed the financial capability of the Fund. The ruling of the adjudicator shall be final and binding on all Parties. Expenses and fees of the adjudicator shall be shared between the Parties. These costs will not be charged against the Fund.
- b) Should the market adjustment rate be achieved before the fund is fully expended, the Parties agree that the terms of the memorandum have been met.

5. Costs associated with this joint committee will be borne as follows:

2. Upon confirmation of an employee's employment in a full-time position for the above qualifying period, the employee shall be paid five thousand dollars (\$5,000), on the first off-cycle pay period in May following the qualifying period. For clarity, eligibility depends on being employed in an eligible full-time position on March 31st in the qualifying year.
3. In the event an employee secures a full-time position after April 1st in the above period, the incentive payment will be pro-rated based on the number of hours the employee was employed full-time up to March 31st of the qualifying year.

4. Employees going on an approved leave of absence during the year shall receive the pro-rated amount based on the number of hours the employee has worked full-time during the period identified above.

RE: MANAGEMENT OF SENIORITY PRE AND POST HEALTH SECTOR BARGAINING UNIT REVIEW ACT (HSBURA)

The Employers Organizations and Association ("Parties") have been engaged in collective bargaining for the professional technical paramedical collective agreements subsequent to the enactment of The Health Sector Bargaining Unit Review Act ("HSBURA").

The Parties acknowledge these negotiations are unique and complex with respect to: the consolidation of approximately fifty (50) collective agreements into three (3) bargaining units, resulting in one (1) professional technical paramedical collective agreement for each of the Employers Organizations; the reconfiguration of some classifications included in the professional technical paramedical sector bargaining unit(s); and the creation of multi-Employer bargaining unit(s).

The Parties identified various scenarios where the management of seniority was an issue that required resolution and have agreed to the following as a result.

Issue #1 – Post-HSBURA Accrual of Seniority

The Parties agree that the accrual of seniority post ratification of the collective agreements shall be Employer based seniority by bargaining unit consistent with how the accrual of seniority is within the rural Regional Health Authorities.

An employee would be able to mobilize, but not exercise, seniority between Employers.

Issue #2 – The management of accrued seniority for a part-time employee who was employed under two different bargaining units with the same Employer pre-HSUBRA and is now in one bargaining unit post-HSBURA.

Example: An employee occupies a part-time 0.4 EFT General Duty X-Ray Technologist position at Victoria Hospital and has 13,074 hours of accrued seniority under the Victoria Hospital MAHCP Collective Agreement with a continuous service date of February 1, 2008. This employee also occupies a part-time 0.5 EFT General Duty X-Ray Technologist position at Grace Hospital and has 22,524 hours of accrued seniority under the Grace Hospital UFCW Collective Agreement with a continuous service date of June 30, 2002. Both positions are with the same Employer, Shared Health (Direct Operations).

The Parties agree the following shall apply upon implementation post ratification:

1. The employee shall maintain part-time status in the new bargaining unit.
2. The employee shall maintain the earlier of the two continuous service dates which is June 30, 2002.

3. The seniority hours accrued within each bargaining unit will be combined. For example:

13,074 hours of seniority accrued at the Victoria Hospital
+ 22,524 hours of seniority accrued at the Grace Hospital
= 35,598 hours of accrued seniority in the new bargaining unit

The seniority hours to be combined in the new bargaining unit will be based on the calculated seniority hours effective the end of the last full pay period prior to the date of implementation. The combining of seniority hours will be permitted to a maximum equivalent of 1.0 EFT using the earliest continuous service date. The hours of seniority worked at both sites post implementation will be combined on a go-forward basis.

Issue #3 – The management of accrued seniority for a part-time employee who was part-time in one bargaining unit and casual status in another bargaining unit with the same Employer pre-HSUBRA and is now in one bargaining unit post-HSBURA.

Example: An employee occupies a part-time 0.6 EFT Occupational Therapist position with the Victoria Hospital and has 18,365 hours of accrued seniority under the Victoria Hospital MAHCP Collective Agreement with a continuous service date of May 5, 2008. This employee is also employed as a casual Occupational Therapist at the Grace Hospital and has 930 hours of accrued casual seniority under the Grace Hospital UFCW Collective Agreement. Both positions are with the same Employer, WRHA (Direct Operations).

The Parties agree the following shall apply upon implementation post ratification:

1. The employee shall maintain part-time status in the new bargaining unit.

2. The employee shall maintain the continuous service date applicable to their part-time status position which is May 5, 2008.
3. The 930 hours of casual seniority earned as a casual at the Grace Hospital shall not transfer to the new bargaining unit.
4. The hours of seniority accrued picking up additional available shifts within the bargaining unit as an Occupational Therapist at the Grace Hospital post- implementation would be accrued as a part-time employee.

Issue #4 – The management of accrued seniority for a part-time employee occupying a part-time position in one bargaining unit and a part-time position in another bargaining unit with different Employers pre-HSBURA and is now in one bargaining unit post-HSBURA.

Example: An employee occupies a part-time 0.6 EFT Pharmacy Technician position with the St. Boniface Hospital and has 6,085 hours of accrued seniority under the St. Boniface Hospital MAHCP Collective Agreement. That employee also occupies a part-time 0.4 EFT Pharmacy Technician position with WRHA Regional Pharmacy Program, at HSC and has 10,620 hours of accrued seniority under the WRHA Regional Pharmacy Program MAHCP Collective Agreement. Both positions are now in the same bargaining unit but continue to be employed with different Employers (separate legal entities).

The Parties agree the following shall continue to apply:

1. The employee will maintain part-time employment with both the St. Boniface Hospital and the WRHA (Direct Operations).

2. Seniority would not be combined and would continue to accrue separately for all hours worked with each Employer.

Issue #5 – Scenarios not contemplated and dispute resolution.

The parties agree that should a scenario arise that is not contemplated in this memorandum, the parties will meet to discuss the application of seniority for the scenario that arises.

Should a dispute or alleged violation of this memorandum of understanding arise, the parties concerned shall meet within twenty (20) calendar days and attempt to resolve the dispute(s) through discussion.

Should the dispute regarding the application or interpretation of this memorandum remain unresolved after such meetings, any party to the dispute may within a further ten (10) calendar days refer the matter(s) to arbitration in accordance with Article 28 (Arbitration Procedure).

It is further agreed that periods of orientation shall be considered time worked.

- V) No new probationary/trial period will be served by transferring employees. Any transferring employee who had not yet completed their probationary/trial period at the sending site will complete the balance of the period required at the receiving site.

RE: REASSIGNMENTS IN THE EVENT OF STAFFING SHORTAGES (EFFECTIVE DATE OF RATIFICATION)

1. In the event of a reassignment being necessitated by a staffing shortage within the Employer, an employee may be reassigned subject to the following conditions:
 - a) Before reassigning an employee, the Employer shall take the reasonable steps available to fill the vacant shift(s), including seeking volunteers to work the necessary shift(s).
2. Those Employees reassigned (whether voluntary or compulsory) external to the program/site or outside a fifty (50) km radius within the program/site shall be compensated as follows: the greater of six (\$6.00) per hour or fifteen percent (15%) above their normal rate of pay for all hours worked while reassigned (for clarity this premium is over and above overtime rates, where overtime is earned during reassignment). Such reassignment of employees will be applied as equitably as reasonably possible amongst those

employees who are qualified and able to perform the duties on a quarterly basis as follows:

- a) The reassignment will enhance the well-being of other employees working at the facility/program/site and will not adversely impact the well being of the employee who is reassigned.
- b) No employee will be compelled to accept a reassignment greater than fifty (50) kms from their base location.
- c) Where an employee is reassigned external to the program/site or outside a fifty (50) km radius within the program/site within the Employer, they shall also be compensated as follows:

Provided with a daily 'Work Disruption Allowance' as follows:

- Over 1 and up to – 49 km between sending and receiving site - \$40
- Between 50 – 99 km between sending and receiving site - \$80
- Between 100 – 149 km between sending and receiving site - \$130
- 150 km more between sending and receiving site - \$180

Where an employee is involuntarily reassigned to an alternate program/site, and the employee's travel time is greater than the distance to their regularly assigned program/site, the additional travel time will be considered time worked and eligible for overtime compensation as per the conditions of the Collective Agreement.

- d) Where a change in work schedule is required by the Employer (receiving Department/ facility/program/site) because of a reassignment, the employee(s) shall be

compensated with a 'Shift Disruption Allowance' as described below for each shift that has been changed and worked by the employee. The following rules shall apply:

Compensation of one of the following amounts as applicable per shift, whichever is greatest:

- \$25 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than one (1) hour and up to four (4) hours**; or
- \$35 Impact Shift Changes: a change is made to the calendar day that an employee was scheduled to work (no change to shift length or shift description)**; or
- \$50 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than four (4) hours; or a change is made to the shift length (e.g. 8 to 12 hours); or a change is made to the shift description (e.g. from straight Days to Days/Nights, or from straight Days to Days/Evenings)**;

It is understood that the provisions of Article 1205 shall apply

- i. Shift disruption allowance will not be paid on days during which the employee does not work or for shifts that have not been changed;
- ii. Employees shall not be eligible to receive overtime as a result of changes to their shift length (i.e. changing from 8 to 12 hour shifts), unless they are in an overtime situation as identified in the employee(s) respective Collective Agreement and are now required to work additional hours. For clarity, adding hours to shift duration when an employee has been reassigned during the course of their shift, shall result in daily overtime compensation.

- iii. Changes to shift length must not cause a decrease to the employees' EFT; and
 - iv. Shift disruption allowance will cease to be paid, upon the effective date of the subsequent shift schedule which shall be posted in accordance with the Collective Agreement, and the employee is scheduled as posted. If this posted schedule is disrupted, the employee shall be paid in accordance with i. above. When the reassigned employee is returned to their regular assignment, the Shift Disruption Allowance is not applicable.
- e) Where an employee is involuntarily reassigned for more than three (3) shifts or twenty-three point two five (23.25) hours (whichever is less), in a four (4) week period (commencing the date of the first reassignment), all subsequent involuntarily reassigned regular (non-overtime rate) hours shall be paid at double (2x) the reassignment compensation, as provided in paragraph #2 above (\$6/hour or $15\% \times 2 = \$12/\text{hour}$ or 30%, whichever is greater).
- f) Reassignments as #2 above will be made by the out-of-scope manager with as much notice as possible. Selection of the employee to be reassigned shall be based on ability and experience and shared as equally as possible amongst the employees in each program/site. It is understood that such reassignments will only occur within a fifty (50) kilometre radius of the employee's base location unless a greater distance is mutually agreed between the Employer and the employee.

WHEREAS retention, recruitment and training of allied health individuals is a priority for the Parties;

AND WHEREAS the Parties recognize there are significant allied health retention and recruitment challenges and the Parties agree that ongoing, focused effort on retaining and attracting qualified individuals to the provincial health system is required;

THEREFORE the Parties agree as follows:

Effective the date of ratification

1. The Employer will provide ten thousand dollars (\$10,000) maximum over two (2) years for allied health individuals who accept a Full Time EFT. The incentive will be prorated for individuals who accept a minimum of a 0.7 EFT (0.7 times the full amount provided for a 1.0 EFT). The incentive is payable in two (2) installments, with five thousand dollars (\$5,000)

payable within six (6) months of start of employment and five thousand dollars (\$5,000) payable after the completion eighteen (18) months of service (pro-rated for those 0.7 EFT and above). A two (2) year Return of Service Agreement (ROSA) is required and is subject to the conditions below.

a) Recruitment:

An employee who returns to employment from retirement or resignation (not currently holding a full or part-time position with any Employer within an Employer Organization within the Province of Manitoba) shall receive a ten thousand dollars (\$10,000) recruitment bonus if accepting full time employment for a period of two (2) years. In order to qualify, the individual must minimally accept and maintain a 0.7 EFT. Payments will be prorated based on EFT.

b) Retention:

An employee who is currently employed and eligible to retire as of July 1, 2023 or up to and including July 31, 2024 without early retirement penalty and submits a written request to the Employer regarding an additional two (2) year commitment shall receive the above recruitment incentive for a period of two (2) years. In order to be eligible for the retention incentive, the eligibility period commences from date of approval of the written request. Eligible employees must minimally maintain the EFT that was committed to at time of approval. Should an individual, currently employed and who holds an EFT lower than 0.7, or holds casual status, wish to commit to a position which is 0.7 EFT or above, and obtains such a position, they shall be entitled to receive the incentive provided they meet all other criteria as outlined in this section.

2. The parties agree the phrase “without early retirement penalty” is understood to mean there is no penalty or deduction applied to the employee’s pension entitlements, as described under the bylaws or requirements of the applicable

pension plan, had the employee opted to retire between July 1, 2023 and July 31, 2024.

3. Where an employee qualifies for the Retention Incentive in paragraph B) above, notwithstanding the date on which the ROSA is signed by the parties, where an employee meets the conditions of eligibility for the incentive, the qualifying period shall be considered to commence as of the date the employee holds the qualifying position, but no earlier than July 1, 2023.
4. Where an employee transfers from one qualifying position to another, within any Employer, or within or between any Employer or Employers Organization within the Province of Manitoba the positions shall be considered as contiguous and continuous for the purpose of the determination of Incentive amount(s).
5. Where an employee, occupying a position qualifying for the Recruitment and Retention Incentive is moved to a non-qualifying position as a result of an Employer imposed circumstance (program transfer, program closure, deletion of position etc.), the Employer shall endeavour to undertake all reasonable measures to provide the individual a similar position that requalifies the employee for the incentive to which they were previously entitled. Where the employee is not placed in a qualifying receiving position, the incentive for the former position will be provided to the employee, on a pro-rated basis, for the duration spent in the qualifying position.
6. An exception to the return of service repayment requirement shall be if an employee is deemed totally disabled for their own occupation, repayment will not be required.

RE: REFERENCE TO STANDARDIZATION COMMITTEE DURING TERM OF AGREEMENT

WHEREAS in negotiating the terms of the three (3) Collective Agreements between the MAHCP and the Employers Organizations to which this Memorandum of Understanding is attached, the parties have sought to standardize Collective Agreement terms across all agreements, but recognize that additional consultation is necessary before attempts can be made to standardize the terms governing issues identified by Employers and worksites; Employers Organizations and Bargaining Units;

AND WHEREAS the complexity of attempting to standardize terms related to these issues is such that it was not practicable to attempt to do so in the negotiation of the current Collective Agreements;

AND WHEREAS the parties wish to make a "best effort" attempt to reach agreement on standardization of Collective Agreement

terms related to these issues during the term of these Collective Agreements;

NOW THEREFORE THE PARTIES AGREE AS FOLLOWS:

The Employers and the MAHCP agree to strike a committee or committees, with equal representation of three (3) to five (5) members each, to engage in a consultative process to seek agreement regarding standardization of Collective Agreement provisions related to the issues.

The Employers Organization shall provide disclosure of relevant data as determined by the committee(s) to permit full consideration by the committee(s).

The committee(s) shall commence consultation at a time agreed by the parties but in any case no later than three (3) months after date of ratification, and shall meet when determined by the committee, with a view to completing consultation within six (6) months of commencement of the committee(s), or such extended period as the parties agree.

Either party's representatives on a committee may introduce any Collective Agreement issue for consideration of standardization. If a committee is able to reach an agreement on a proposed amendment to the Collective Agreements in respect of any one or more of the issues under consideration, they may recommend such amendments to their respective parties (MAHCP/PHLRS) for consideration. The parties may agree to proceed with such amendments, subject to necessary ratification, if required, or may table the issue(s) to be addressed in the Collective Agreement negotiations which occur for renewal of the Collective Agreements.

WHEREAS it is recognized by the parties that the personnel files maintained by the sites comprising the Shared Health ("SH") (Direct Operations) and Winnipeg-Churchill Regional Health Authority ("WRHA") (Direct Operations) Employers may still be in transition;

RE: FRENCH LANGUAGE

The Employers have an obligation to ensure compliance with respect to a variety of statutory authorities by requiring bilingualism (French and English) as a bona-fide qualification for designated bilingual position(s) within a site/program. In the event the Employer elects to designate an additional bilingual position(s), the Employer and the Association shall meet to discuss the bilingualism requirements attached to the position(s).

The Employers Organizations recognize that the rights of all employees must be respected under the Collective Agreement. For operational purposes, bilingual position(s) as designated by the Employer may be awarded to a unilingual candidate subject to the requirement to attain linguistic competency in either French or English within a reasonable time period. In the event that there is no qualified bilingual employee applicant for the designated bilingual position(s), the Employer may fill positions as necessary to meet patient care needs.

RE: FRENCH LANGUAGE - ACTIONMARGUERITE ST. BONIFACE SITE ONLY

The Parties recognize the importance of clarifying the outstanding issues related to movement and vacant positions associated with employees who were hired prior to January 1, 1998, and Actionmarguerite Saint-Boniface's French Language mandate.

The provincial French language mandate for Actionmarguerite Saint-Boniface remains in place and this deems all positions in the facility to be bilingual. The ability to speak French remains a bona fide qualification for all employees. Employees hired prior to January 1, 1998, were not hired with a French language condition of employment and are considered to be legacied.

The Parties agree to the following:

1. Legacied employees shall have the ability to exercise their seniority rights on the units located at 185 Despins Street – ABC Tower. This would include the three (3) regional units,

2ABC, 4ABC and 5ABC, and also 3ABC which is currently a PCH unit. Though qualifications include the ability to communicate in both official languages Actionmarguerite will extend the legacied provisions for the legacied employees, without precedent and without prejudice, to enable them to exercise their seniority rights and carry their legacied rights to any vacant position of the same classification on the ABC units.

2. Legacied employees will only be considered for vacant positions on the DE units (2, 3 and 4) if there are no qualified bilingual internal and/or external applicants and only if they are willing and agree to take French language training as a condition of employment.
3. If a legacied employee applies for a vacant position within a different classification legacied rights will follow and numbers 1 and 2 above will apply.
4. Legacied employees who are currently assigned to the DE units will retain their legacied rights on their assigned DE unit, current permanent positions, shift type and FTE as of November 22, 2016.

Special Circumstances

5. Where vacant positions are posted for the DE Tower, legacied employees may apply and exercise their seniority rights to obtain a different permanent FTE and/or shift type within their classification. This could occur in two different ways:
6. As a first option, the Employer will review the internal applicants for a posted position on the DE side to determine if awarding can occur within the context of Article 8:02 below and those having expressed interest in the position. If possible, the Employer will award a fully qualified candidate

from the ABC side the posted position on the DE side. The legacied employee would then be awarded the position vacated on the ABC side.

Article 8:02

“In order to be eligible for a vacant position, an employee must first possess the qualifications prescribed by the Employer for the position concerned, possess a satisfactory employment record and meet the physical requirements of the position in question. Where more than one (1) employee possesses the above selection criteria, the vacancy selection shall be based upon seniority.”

7. As a second option, reassigning a fully qualified employee, holding the same shift type and same FTE as the posted position, from the ABC side to the DE side. The least senior person meeting the criteria would be considered for the reassignment. The legacied employee would then be awarded the vacant position of the same shift type and FTE on the ABC side. A minimum four week notice period would apply for rotation changes.
8. We commit to preparing a letter for each legacied employee copied to their personnel file that clearly identifies their legacied status.

In conjunction with Actionmarguerite Saint-Boniface’s language mandate, the Recruitment and Staffing Policy defines the required levels of French by position category. These levels will be used to determine if an employee meets the French linguistic qualification. In order to determine their level, an independent language proficiency test is conducted.

RE: MIDWIVES

The Employer and the Association recognize the unique nature of midwifery services and the flexibility that is required to provide care consistent with the best practices in midwifery.

The parties agree that Midwives Classification shall be covered by all provisions of this Agreement, unless otherwise specified in this Memorandum:

1. The parties recognize that flexibility in hours of work is essential in providing midwifery services. The employee will be responsible for scheduling their own hours of work in accordance with their EFT. Each employee shall submit a log of hours worked to their manager at the end of each bi-weekly period or more often if required. The hours worked shall be eighty (80) hours per bi-weekly period averaged, over six (6) consecutive bi-weekly pay periods.

Regular hours of work will be an average of eighty (80) hours per bi-weekly period or 2080 hours per year.

2. The compensation payable under Schedule A is intended to compensate the Midwife for delivering Midwifery Services on a full time basis, therefore Article 14 (Overtime), 15 (Standby and Callback) and 18 (Premiums) of the collective agreement shall not apply. Part-time Midwives shall be compensated on a pro-rated basis. The Midwife shall devote as many hours to providing the Midwifery Services as may be necessary to fully discharge the Midwife's professional responsibilities.
3. Regular hours of work shall be deemed to:
 - a) include a rest period of fifteen (15) minutes during each continuous three (3) hour period of duty;
 - b) exclude a meal period of at least thirty (30) minutes during each working day.
4. Probationary Employee - (replaces Article 1111 a) - Means an employee who:
 - a) is registered with supervision requirements as determined by the College of Midwives of Manitoba (CMM); or
 - b) has not completed six (6) months of continuous full-time or part-time employment following the removal of the supervision requirements.
5. To the extent practicable, the employee will consult with their supervisor prior to working additional or alternate hours beyond their approved schedule. In the event that this is necessary, the employee shall make every reasonable effort to alter their schedule over the remainder of the period referred to in Article 1201 in order to maintain an average of eighty (80) hours worked in the bi-weekly period.
6. Where, in the course of providing midwifery services at a client's residence it becomes necessary to arrange for ambulance transport to a hospital, and it is necessary for the midwife to accompany the client in the ambulance, the

employee shall be reimbursed, upon provision of a receipt, for taxi/rideshare fare from the hospital to the client's residence in order to retrieve the employee's vehicle.

7. Article 22 General Holidays (replaces Article 2203 of the collective agreement):

An employee, required to work on a General Holiday, shall be paid one and one-half times ($1\frac{1}{2}x$) their basic rate for all hours worked. In addition, the employee shall be granted time off equivalent to the time worked at a time mutually agreed between the Employer and the employee. This clause does not apply to periods of standby occurring on a General Holiday where the employee is not required to work.

8. The Employer and Association recognize the value in exit interviews and encourages each midwife who terminates their employment for reasons other than retirement to participate in one. The Employer will allow an employee to be accompanied by an Association representative when requested by the midwife.

9. An employee shall be entitled to payment of all wages, vacation pay and other benefits on the next payroll processing date after termination or death. In extenuating circumstances where an employee's employment is terminated by the Employer, the Employer will make available within ten (10) calendar days after termination, all amounts due to the employee including unpaid wages and pay in lieu of unused vacation time.

10. At the request of the employee, consideration for transfer to a different Practice Group may be given upon discussion between the Employer and the Practice Group(s) involved.

11. Where a midwifery position vacancy exists, a midwife will be appointed to participate on the selection committee in an advisory role.
12. The Employer shall make every reasonable effort to facilitate access to a sleep room at hospitals where Midwives have admitting privileges, and or at Ode'imin.
13. The Employer will agree to provide the employees with a smartphone model as available through E-Health.

Applicable only to employees employed by WRHA direct operations:

14. (Replaces Article 2415 f) Educational Leave is paid or unpaid time taken by a midwife to improve professional capability and is pertinent to the work of the unit and may include conferences, workshops, course or classes, studying and taking examinations for professional certification/registration, or other situations as mutually agreed between the employee and the Employer. The following shall apply:
 - a) Attendance will be at the discretion of the Employer.
 - b) All requests are to be made in writing and shall include the date of event, agenda of event, breakdown of costs and assistance requested, notice of invitation to take part, and/or copy of abstract of paper (if applicable). When the Employer requires an employee to attend a conference or workshop, the Employer shall pay all reasonable costs.
 - c) Subject to the above, the Employer shall approve, if reasonably possible, up to ten (10) paid days (prorated for part-time employees) of leave for each employee at a time or times acceptable to the Employer for the purpose of maintaining and enhancing each employee's professional skills and competency and to participate in professional activities of the College of Midwives of Manitoba or Midwives Association Manitoba.

Applicable only to employees employed by WRHA direct operations:

15. There shall be a council which will be known as the Midwifery Regional Practice Council. The purpose of the Council and its function will be determined by the Terms of Reference that govern the Council's roles and responsibilities. The Employer shall support the ongoing function of this Council.

**RE: STAFF VOLUNTEERING – KLINIC COMMUNITY
HEALTH**

Preamble

The Employer and the Association agree that employees may benefit from the opportunity to gain experience in areas that would allow the employee to advance in their career path and said opportunities may exist through volunteer activities at Klinik. It is neither party's intention to have employees carry out their usual paid duties and responsibilities without pay. Nor is it intended that the Employer shall fill existing positions with volunteers. The sole purpose of this initiative is to provide professional development opportunities to the employee at the request of the employee.

This memorandum covers existing employees seeking to volunteer but does not cover volunteers who become part-time, full-time, or term employees.

Both parties understand that this letter is not intended to include employees elected to the Klinik Board of Directors or to supersede existing policies and practices in specific programs regarding volunteers.

Such arrangements are initiated by the employee and require mutual agreement between the Employer and the Association.

Definitions

Employee: For the purpose of this memorandum an employee will be defined as one who has a permanent or term paid position and has been employed with the Employer for no less than one (1) year.

Volunteering: Unpaid work providing services at Klinik within existing volunteer positions.

Staff-Volunteer: One who holds a paid position at Klinik while also volunteering in a different capacity than their paid position.

Section 1 – General Terms and Conditions

1.01 Requests to Volunteer

Requests for paid employees to volunteer shall be employee initiated. Permission to volunteer must first be provided by the employee's Director. The Director shall then forward the request to the Labour/Management Committee with their recommendation.

1.02 Concurrence of the Association

Prior to any employee volunteering, the concurrence from the Association shall be obtained. This shall occur at the level of the Labour/Management Committee.

1.03 Reconsideration of Employer Decision

In the event that the Employer is unwilling to allow an employee to volunteer, the initiating employee may request a meeting in order to make further representation. The employee may request the presence of an Association representative. The Employer will render a final decision within one (1) week of the meeting.

1.04 Mandatory Completion of Probation

Only employees who have completed their probationary period within their existing positions and who are qualified to carry out all their present duties will be allowed to volunteer.

1.05 Hours of Work

Employees who are paid staff at Klinik shall not exceed fifty (50) hours of work per week between their Klinik paid position and their volunteer work at Klinik.

1.06 Status of Employees vs. Staff-Volunteers

Staff-volunteers cannot be volunteering in the same position that they are presently being paid. The volunteer position may be one in the same labour class, with minimal overlap in duties; the intent of this memorandum is for the purpose of gaining experience and learning a different skill set.

1.07 Temporary Vacancy by the Employee

If an employee takes an extended leave of absence, for example, maternity leave, upon return the employee will have to re-apply to volunteer.

1.08 Employee/Volunteer Files

Separate files shall be kept for paid work and volunteer work. Volunteer work shall not be used in staff disciplinary matters. However, concerns about an employee in their volunteer capacity may trigger an employee performance review should the concerns overlap with that employee's paid position.

1.09 Promotion/Lateral Transfer

In the case where an employee volunteering has received a promotion/lateral transfer, and where the term of the volunteer period has not yet expired, and the promotion/lateral transfer has resulted in overlap in duties between the volunteer position and the paid position, the volunteer period will be deemed to expire upon the start of the new position.

The Labour/Management Committee may override this clause and extend the volunteer term with mutual agreement of the employee volunteering where it is deemed to be in the best interest of a client or client group to do so; for example, an employee may complete facilitating a group to minimize disruption to clients. In the event that this is not possible, alternate arrangements shall be sought in order to fill this gap so as to not violate the overall intent of this agreement.

1.10 Term & Renewal

The term of the volunteer position shall be a maximum of one (1) year, with the possibility of renewal to no more than two (2) years in the same volunteer position. Should the staff-volunteer wish to renew their commitment, they shall reapply one (1) month prior to the end of the term.

Section 2 – Rates of Pay and Benefits

2.01 Rate of Pay

It is understood that if an employee requests to volunteer there will be no monetary compensation or time back for the hours worked in their volunteer capacity.

2.02 Seniority

It is understood that volunteer duties will not be considered as seniority accruing hours within the collective agreement, nor will any other employee benefits accrue.

2.03 Other Benefits

It is understood that the staff volunteer will be entitled to the same rights, responsibilities, and privileges as any other Klinik volunteer except as outlined in this memorandum.

Section 3 – Administration and Evaluation of this Understanding

3.01 Record Keeping

It is the responsibility of the Labour/Management Committee to keep a current list of all staff-volunteers acting under this agreement.

3.02 Evaluation

The Employer and the Association shall jointly review the feasibility and success of the initiative of staff volunteering at six (6) month intervals for the first year, and annually thereafter.

FOR THE EMPLOYER

FOR THE ASSOCIATION

SCHEDULE “A” – Wage Scales

Applicable to collective agreements that expired March 31, 2018:

The Employer will provide a general wage increase of 8.35% broken down by year as follows:

April 1, 2018 – 1.25%
April 1, 2019 – 1.4%
April 1, 2020 – 0.5%
April 1, 2021 – 1.2%
April 1, 2022 – 2.0%
April 1, 2023 – 2.0% *

* An additional 1% was added to the 2023 GWI by expedited mediated arbitration issued on December 11, 2023, increasing the April 1, 2023 GWI to 3%.

For Collective Agreements expiring on a date other than March 31, 2018 (eg: March 31, 2017), a “Me Too” agreement would have been in place.

Note: All general wage increases proposed are subject to the impacts of any market adjustment or standardization negotiations which may occur in this round of bargaining.

The Schedule “A” wage scales are not embedded in this agreement due to the large size of the document. Please refer to the separate document titled Schedule “A” for all SHEO wage scales.

“Me Too”

During the term of the 2018 to 2024 Collective Agreement, should another healthcare Professional Technical Paramedical union negotiate new additional monetary increases for items such as but not limited to the following:

- General wage increases
 - Special wage adjustments
 - Additional steps on salary scale
 - Shift premiums and responsibility pay
 - Allowances of any kind
 - Bonuses of any kind
 - Overtime rates of pay
- (i.e. any additional compensation in any form)

the Employer will commit to parity for MAHCP members for the same increases, effective on the same calendar date as the other healthcare union negotiated.

It is understood that monetary increases that do not have general application would apply only to MAHCP members who are in like circumstances or group(s). For example, a special adjustment for a particular classification would apply only to the equivalent classification(s) in the corresponding MAHCP bargaining unit.

AFM 20 year Step:

The parties agree to implement a 20 Year step for former AFM employees effective the date of ratification.

SCHEDULE “D” – Remoteness Allowance

Remoteness Allowances shall be paid to employees subject to the following eligibility criteria and conditions.

A. Eligibility Claim:

A claim with appropriate attestation, notarized where considered necessary, for payment of Single or Dependent allowance, shall be submitted to the Employer when first requesting the allowance and at the request of the Employer. However, the employee is responsible to provide appropriate attestation to the Employer when any change occurs in the eligibility of a dependent.

B. Single or Dependent Allowance:

Subject to Section 3 below the single status will be paid to employees, that have established a residence and maintain a home in a location designated as a Remote Location and who are eligible for the payment of a Remoteness Allowance. Claims for Dependent's Allowance will be subject to the following criteria and conditions:

1. The employee shall be supporting (1) one or more dependents where a dependent includes:
 - i. a spouse or common-law partner living with and dependent on the employee for main and continuing support;
 - ii. an unmarried dependent child under eighteen (18) years of age;
 - iii. an unmarried dependent child over eighteen (18) but under twenty-one (21) years if in full time attendance at a school or university or similar educational institution;
 - iv. an unmarried child of any age with a disability provided such a child is dependent on the employee for support.

2. There is a presumption of marriage evidenced by cohabitation. If a marriage contract is not in existence, a common law arrangement between the marital partners must have been in existence for at least one (1) year prior to the application for Dependent's rate.
3. Where both spouses or common-law partners are employees of the Employer to which these eligibility criteria apply, the Dependent rate will be paid to one (1) spouse or common-law partner only and the other one will not receive either the Dependent or Single rate of Remoteness Allowance. Where specially requested by both employees in writing, the dependent's rate may be divided and equal amounts (to the nearest cent) paid to each employee.

C. Calculation of and Eligibility for Daily rates:

1. Remoteness Allowances are to be considered on a daily basis, i.e. 1/10th of the bi-weekly rate, up to the maximum amount for the bi-weekly period.
2. The employee shall receive 1/10th of the bi-weekly rate for every day the employee is at work irrespective of the number of hours worked, so long as a minimum of one hour is worked that day.
3. Where an employee regularly works a shift above the normal daily hours as provided for in Article 12, the allowance will be provided on a prorated basis.

D. Location and Residence:

The Remoteness Allowance applicable to the location at which the employee has established their residence and maintains a family home is normally that which prevails, since the residence would be within normal daily travel distance to the employees' base location. In any case where the employee does not have

a residence established on a continuing basis in relation to their base location, the location of the employee's base location, as established by the Employer, shall be considered the location for Remoteness Allowance.

E. Limitations:

The Remoteness Allowances for the various sites for employees who are single or supporting dependents(s) as indicated, represent a maximum hourly taxable allowance relative to paid employment. They are payable during paid general holidays and vacations taken during continued employment, and while receiving authorized income protection benefits. They are not payable during periods of absence without pay, nor payable at overtime rates or other premiums nor included as part of regular bi-earnings in calculation of vacation wages on termination of employment.

F. Travel Time Days:

A full-time employee eligible for Remoteness Allowance as provided in this schedule shall be eligible, in each fiscal year (April 1 to March 31), to receive up to a maximum of two (2) days travel time without loss of regular pay. Such days shall be pro-rated on regular hours worked for part-time employees.

G. Geographic Eligibility:

No location will be included for Remoteness Allowance that is two hundred and fifty (250) kilometers or less from the centre of the metropolitan area of the City of Winnipeg or the City of Brandon, unless that location is a distance of sixty-five (65) kilometers or more by the most direct road to a provincial trunk highway or paved provincial road, and the aggregate distance to the highway or paved road and then to Winnipeg or Brandon totals two hundred (200) or more kilometers. No location having road access and situated south of the fifty-third (53rd) parallel of latitude will be included unless the criterion concerning off-highway access was met.

H. Bi-Weekly Rates:

1. The Biweekly Remoteness Allowance shall be paid on the same basis as the Provincial Government employees and the current rates will be posted by the Employer on its website and updated accordingly.

2. Any changes to the Remoteness Allowance rates made by the Provincial Government will equally affect all employees covered under the Scope of this Agreement.
