The other party shall, within ten (10) days of the receipt of such notice, notify the party who referred the matter to arbitration of the acceptance of one of the arbitrators named or propose others. Where the parties are unable to agree on the choice of a single Arbitrator, the party who referred the matter to arbitration may make application to the Manitoba Labour Board to select an Arbitrator, or proceed as outlined in Article 1303.

**1303** If mutual agreement is not reached by both parties to choose a sole arbitrator, in accordance with the process in Article 1302, then the party who referred the matter to arbitration shall submit the matter in dispute to a Board of Arbitration by giving notice to the other party within seven (7) days and such notice shall contain the party's one (1) nominee of the intended Board of Arbitration. The other party to the dispute shall, within seven (7) days after the receipt of such notice, also appoint a nominee and the two (2) nominees thus appointed shall, within ten (10) days thereafter, select a third member who shall be the Chairperson of the Board of Arbitration.

**1304** Should either party fail to appoint an Arbitrator as herein provided, or if any Arbitrator thus appointed should fail or be unable to serve and another Arbitrator not be appointed in their place by the party who made the original appointment, then the other party to the dispute may request the Manitoba Labour Board to select a substitute.

**1305** Should the two (2) appointed nominees fail within ten (10) days to agree upon a Chairperson, the two (2) nominees shall forward a request to the Manitoba Labour Board to select a Chairperson.

**1306** It is mutually agreed by both parties to this Collective Agreement that the decision of the Arbitrator, or the decision of the Chairperson in the absence of the majority decision of the Arbitration Board shall be final and binding upon the Employer, the Union and the nurse(s) concerned; however, the Arbitrator or the Arbitration Board shall not be authorized to make any decisions inconsistent with the provisions in this Collective Agreement.

**1307** The Arbitrator or Board of Arbitration shall determine its own procedure but shall give full opportunity to all parties to present evidence and make representations.

**1308** In the event of a grievance alleging unjust layoff, suspension or discharge being referred to arbitration, the Arbitrator or Board of Arbitration shall be authorized to rule whether or not the nurse(s) concerned shall be reinstated and, in the event of reinstatement, shall also be authorized to make an award in terms of compensation for regular salary lost or a reasonable alternate award, however, any monetary award shall not exceed the difference between salary lost and any wages that may have been earned from employment with another employer during the period of the layoff, suspension or discharge.

**1309** Any costs incurred by either of the parties hereto, preceding or during arbitration proceedings, shall be borne by the respective parties incurring such costs, but the costs of the Arbitrator or of the Chairperson of the Arbitration Board shall be borne by the parties hereto in equal shares.

**1310** For the purposes of determining lengths of time in the foregoing procedure, Saturdays, Sundays and Recognized Holidays are excluded.

**1311** Nothing in this Collective Agreement shall preclude a nurse or the Union committee and the Employer from mutually agreeing to settle a dispute by means other than those described in the grievance and arbitration procedures or to extend any of the stipulated time limits.

**1312** Nurses whose attendance is required at arbitration hearings related to the Agreement shall be given permission to be absent from work and shall not suffer any loss of salary as a result.

**1313** The Arbitrator shall be requested to provide both parties with a hard (paper) copy as well as an electronic version of the arbitration award.

**1402** The meal period will be scheduled by the Employer and will be one-half (.50) of an hour in duration, unless otherwise mutually agreed between the nurse(s) concerned and the Employer.

**Applicable for Home Care Nurses:**

*Where a nurse works for five (5) or more consecutive hours, an unpaid meal period of one half (.50) hour will be provided.*

**1403** A rest period of fifteen (15) minutes will be allocated by the Employer during each continuous three (3) hour period of work.

**1404** A shift shall be seven and three-quarter (7.75) consecutive hours of work exclusive of meal times and inclusive of two (2) fifteen (15) minute rest periods. This clause shall not, however, prevent trial and implementation of changes in shift length if mutually agreed between a majority of nurses whose schedule is affected, the Union representing those nurses whose schedule is affected, and the Employer. Any change in shift length agreements shall take the form of an addendum attached to and forming part of this Agreement.

**1405** A full-time or part-time nurse who is advised not to report for their scheduled shift, or who is sent home because of lack of work, shall receive pay for the scheduled hours not worked.

**Applicable for Home Care Nurses:**

It is understood that such reassignment will only occur within a sixty (60) km. radius [fifty (50) km. radius applicable @ Brandon Regional Health Centre site] of the originating site, unless a greater distance is mutually agreed between the Employer and the nurse. Travel time and Transportation Allowance as outlined in Article 20 shall be paid to the nurse to travel to the reassigned site.*

Where the scheduling of such shift cannot be accommodated or the nurse chooses not to be rescheduled, the nurse may take the time from banked time which includes banked overtime, Recognized Holidays or vacation.

**1407** Whenever a nurse is called in to work within one (1) hour of the start of the shift and reports for duty within one (1) hour of the start of the shift, they shall be entitled to pay for the full shift. In such circumstances the scheduled shift hours shall not be extended to equal a full shift.

**Applicable for Public Health Program and Primary Care Program****1408**

- (a) Upon mutual agreement between a nurse and their supervisor, a nurse may work alternate hours during the day or in a bi-weekly period in order to facilitate the provision of services and/or to accommodate the nurse's personal schedule. Such alteration of hours, although subject to Employer approval, is voluntary and at the discretion of the nurse. In instances where working alternate hours under these circumstances results in additional hours being worked in a day or bi-weekly pay period, the nurse shall take the equivalent time off at a time mutually agreeable to the nurse and their supervisor. To the extent practicable, this time off shall occur within four (4) weeks of the nurse having worked the additional hours. It is clearly understood that there is no requirement for the nurse to agree to flex their hours other than on a voluntary basis.

Where reasonably possible, interchanges in posted shifts are to be completed within the posted shift schedule. It is understood that any change in shifts or days off initiated by the nurses and approved by the Employer shall not result in overtime costs to the Employer. Requests for interchanges shall be granted if reasonably possible, including considering the length of notice provided by the nurse and shall receive a prompt reply.

**1503** Night shift shall be considered as the first shift of each calendar day.

**1504** Master rotations for each nursing unit shall be planned by the Employer in meaningful consultation with the nurse(s) concerned.

The process for meaningful consultation shall include:

- Employer proposes a master rotation including the Employer established criteria and provides to nurses concerned

There shall be at least as great a number of Day shifts assigned as there are Night (or Evening) shifts within each standard rotation pattern, whenever reasonably possible. This provision is not applicable to a nurse who agrees to work permanently on Evenings or Nights, or a nurse who accepts a position which has been posted as a permanent Night or Evening position.
- (g) A nurse will receive consideration in scheduling to allow the nurse to pursue academic course(s) to further their education. Whenever reasonably possible, subject to patient/resident/client care requirements, the granting shall be based on the following:

A letter will be forwarded to the Worksite President to inform them of the commencement of the trial period.
  - (b) The length of the initial trial-period for Group Self-Scheduling shall be six (6) months in length or for a shorter period as mutually agreed between the Union and the Employer.
  - (c) Six (6) weeks prior to the completion of the initial trial period, a meeting of all participating nurses on the unit/worksite/program and the Employer will be held to evaluate Group Self-Scheduling.
2. Upon mutual agreement between the Employer and the Union the Group Self Schedule shall continue for a minimum duration of an additional six months. The Employer shall not unreasonably withhold its agreement. In the event the parties are not able to agree the Collective Agreement provision on Hours of Work, Article 14 shall apply.

The Group Self-Schedule may be cancelled at the end of any six (6) month period by either the Employer or the Union by giving written notice of at least six (6) weeks to the other party of its desire to terminate the agreement. The notice shall coincide with the effective date of the implementation of the existing/new master rotation for the unit/worksite/program. This date must commence with the beginning of a new pay period.
3. Group Self-Scheduling shall not result in any additional costs to the Employer
4. All full-time and part-time nurses on a unit/worksite/program may participate in Group Self- Scheduling.
5. Terms and conditions of the Collective Agreement, Appendices and Supplementary Memorandums of Understanding shall remain in full force and effect, except as outlined in #6. below.

6. All self-scheduling groups shall follow the attached Self-Scheduling Guidelines. The scheduling provisions of Article 1504 (a) to (f) inclusive do not apply to the Group Self Schedule.

8. A nurse who is participating in Group Self-Scheduling has the option of reverting to being assigned their shift schedule in accordance with their line on the Master Rotation and a nurse who has a Master Rotation has the option of participating in a self-scheduling group. The nurse must advise their out-of-scope manager/designate in writing of this request two (2) weeks prior to the next round of shift selection. This scheduling preference, Master Rotation or Group Self-Scheduling, must be worked for a minimum of six (6) months before making another change.
9. It is understood that this Article shall apply to any nurse or group of nurses whether or not they have a master rotation.

**B. GROUP SELF-SCHEDULING GUIDELINES**

Group Self-Scheduling is intended to promote, recruit, retain, engage and offer nurses the opportunity to have flexibility in their work schedules. This is balanced with the unit/worksite/program being staffed properly to ensure patient/resident/client care requirements are met.

**C.**

1. The Employer established Master Rotation will be used as the basis for each nurse within the Group Self-Scheduling unit/worksite/program. Only occupied Master Rotation lines can be used for Self-Scheduling
2. A Self-Scheduling Group can consist of two (2) or more nurses on the same unit/worksite/program who agree to work together and take responsibility for coordinating and selecting their scheduled shifts within the combined Master Rotation schedules of the group over the scheduling period. Each nurse must meet their current EFT requirement within the posted shift schedule and the additional requirements contained herein.

3. The out-of-scope Manager/designate has the responsibility of overseeing the process and has final authority in resolving issues. However, such authority is to be exercised reasonably and in accordance with the principles described herein.
4. To form a self-scheduling group, nurses must be of equal competency and skill sets. Where necessary, consideration must also be given to ensuring that there are nurses who are able to take charge/special skill assignments (e.g. triage, LDRP, OR, clinic, etc.) based on the Employer Master Rotation requirements.
5. Nurses within the self-scheduling group are not allowed to schedule themselves in a way that would incur any overtime costs.
6. Each nurse must have a minimum of one (1) paid shift within each pay period. The Employer will establish a process to allow for the elimination of this requirement no later than twenty-four (24) months after the date of ratification (May 17, 2024) of this Agreement. The parties agree this requirement will be invalidated upon establishment of such process but in any case no later than twenty-four (24) months after date of ratification (May 17, 2024).
7. Shifts can be interchanged once selections are completed, however all nurses may be recommended to work a minimum of four (4) week day shifts in a six (6) week period in order to maintain adequate experience and for evaluation purposes.
8. The self-scheduling group must comply with the provisions of the Collective Agreement and meet the deadlines of these guidelines and the current posting practices, except as identified in #6. above.
9. The out of scope Manager/designate will receive the proposed schedule of the self-scheduling group no later than two (2) weeks prior to the required posting date for the schedule period. The out of scope Manager/designate must approve the proposed schedule prior to it being posted as part of the unit/worksites/program posted schedule. Such approval is not to be unreasonably denied. If approval is denied, the Employer will notify the Union in writing as soon as practicable, such notification to include the reasons for denial.
10. Vacation scheduling will be done in accordance with Article 21.
11. All changes to the self-scheduling group schedule must be confirmed with the out of scope Manager/designate.

Overtime hours extending beyond the normal daily shift into the next calendar day shall continue to be paid at the overtime rates in accordance with Article 1602.

This provision shall apply to nurses employed in the classification of Nurse IV or higher on April 1, 1998. This Article will not apply to nurses who are newly employed as or reclassified to Nurse IV or higher after April 1, 1998.

Effective vacation year 2025/2026: in addition to (a) above, all nurses employed in a Nurse Practitioner or Clinical Nurse Specialist (CNS) occupational classification shall be entitled to paid vacation calculated on the basis of vacation earned at a rate which is five (5) days more than the rates at which vacation is earned in (a).

- (c) Vacation entitlement for the vacation year following completion of the 9<sup>th</sup> and 19<sup>th</sup> years of continuous employment shall be determined by a pro-rata calculation based upon the two (2) rates of earned vacation.

**2104** In recognition of length of service, each nurse shall receive an additional five (5) days of vacation on completion of twenty (20) years of continuous service, and on each subsequent fifth (5<sup>th</sup>) anniversary of employment (i.e. 25<sup>th</sup>, 30<sup>th</sup>, 35<sup>th</sup>, 40<sup>th</sup>, etcetera). Such days shall be taken during the vacation year in which the twentieth (20<sup>th</sup>) or subsequent fifth (5<sup>th</sup>) anniversary occurs.

**2107** Terminal vacation pay shall be calculated in accordance with Articles 2103 and 2105 and based on the nurse's rate of pay on the date of termination.

**2108** The Employer shall notify each nurse, prior to their vacation, of the date and time upon which they are to report back to work following their vacation, but this will not preclude the making of a change during the nurse's vacation period if mutual agreement is reached between the Employer and the nurse.

**2109** The Employer shall be responsible for posting the vacation entitlement lists, along with a list of the number of nurses in each occupational classification per unit/site that may be scheduled for vacation at one time, in an accessible location, by March 1<sup>st</sup> of each year. The vacation entitlement lists shall reflect each nurse's projected vacation entitlement as at April 30<sup>th</sup> of that year.

Beginning March 15<sup>th</sup> of each year, the Employer shall arrange an appointment with each nurse, in order of seniority, so that the nurse may indicate their choice of vacation dates, in writing. All of the nurse's earned vacation must be chosen at this time except for the three (3) [five (5) effective the 2025/2026 vacation year] days as per Article 2101. These appointments shall take place in person, unless otherwise mutually agreed, and shall include reviewing the vacation selected/approved to date.

The selected/approved vacation schedule shall be updated on an ongoing basis and shall be posted daily in an accessible location. Once a nurse's vacation selection has been approved, it shall not be changed unless by mutual agreement and without displacing the request of another nurse.

Except in extenuating circumstances, a nurse who fails to indicate their choice of vacation dates in accordance with the above, shall have their vacation scheduled by the Employer.

To the extent that it finds possible, the Employer shall give priority to those nurses in each occupational classification within each nursing unit/site having the most seniority within the site.

The approved vacation schedule will be posted no later than May 1<sup>st</sup>. Approved vacation schedules within each nursing unit/site shall not be changed unless mutually agreed upon by the nurse and the Employer.

A nurse who transfers to another unit/site after their vacation request has been approved, shall have their vacation scheduled by the Manager of the new unit/site in consultation with the nurse within the time periods remaining during that vacation year.

Notwithstanding the above, as much as reasonably possible, the approved vacation of deleted and bumped nurses shall continue to be approved regardless of the unit/site they are displaced to. This shall not impact previously approved vacation of nurses in the new unit/site. If the displaced nurse prefers to reschedule the vacation at a time that is mutually agreeable to both the Employer and the nurse, that shall occur.

A nurse must use current annual vacation, (which was earned during the previous vacation year), during the current vacation year. If the current annual vacation is not used or scheduled by January 15<sup>th</sup>, the Employer has the right to schedule the vacation prior to the end of the current vacation year. Vacation may be paid out only in extenuating circumstances.

For former Civil Service nurses who have maintained their pension with the Civil Service Superannuation Plan, vacation days may be reserved in accordance with the Memorandum of Understanding Supplementary to the Collective Agreement.

- (ii) A nurse unable to work because of a work related injury or illness will inform the Employer immediately, in accordance with established procedures, so that a claim for compensation benefits can be forwarded to the Workers Compensation Board (WCB). Workers Compensation payment will be paid directly to the nurse by WCB.
- Where a nurse is unable to work because of injuries sustained in a motor vehicle accident they must advise their supervisor as soon as possible and they must submit a claim for benefits to the Manitoba Public Insurance (MPI). The nurse shall be entitled to receive full income protection benefits for any period of time deemed to be a "waiting period" by MPI.
- (iii) Where a nurse has applied for WCB or MPI benefits and where a loss of normal salary would result while awaiting a WCB/MPI decision, the nurse may elect to submit an application to the

Employer requesting an advance subject to the following conditions:

- (iv) Advance payment(s) shall not exceed the nurse's basic salary as defined in Article 3802 (exclusive of overtime), less the nurse's usual income tax deductions, Canada Pension Plan contributions, and EI contributions.
  - (v) The advance(s) will cover the period of time from the date of injury until the date the final WCB/MPI decision is received, however in no case shall the total amount of the advance exceed seventy percent (70%) of the value of the nurse's accumulated income protection credits.
  - (vi) The nurse shall reimburse the Employer by assigning sufficient WCB/MPI payments to be paid directly to the Employer to offset the total amount of the advance or by repayment to the Employer immediately upon receipt of payment made by WCB/MPI directly to the nurse.
  - (vii) In the event that the WCB/MPI disallows the claim, including any appeal, the nurse shall be paid for the absence in accordance with the income protection provisions of this Agreement and the Employer shall recover the total amount of the advance by payroll deduction.
  - (viii) Upon request, the Employer will provide a statement to the nurse indicating the amount of advance payment(s) made and repayment(s) received by the Employer.
- (b) (i) Where a nurse who has accumulated sufficient income protection credits, and after giving notification of a WCB/MPI claim with the potential for related income replacement payments to the Employer, the Employer shall as soon as reasonably possible notify the nurse that they can elect to submit an application to the Employer directing that the Employer supplement the WCB/MPI payments. Such notification shall include clear instructions on obtaining, completing and submitting the application for the supplement. The amount of such supplement will equal ten percent (10%) of the nurse's regular net salary not earned due to the time loss. Regular net salary will be based on the nurse's basic salary as defined in Article 3802 of the Collective Agreement (exclusive of overtime), less the nurse's usual income tax deduction, Canada Pension Plan contributions and Employment Insurance contributions.

The Employer's supplement shall be charged to the nurse's accumulated income protection credits and such supplement shall be paid until the nurse's accumulated income protection credits are exhausted, or until 119 calendar days have elapsed since the first day of supplement is due, whichever comes first.

- (ii) Subject to the provisions of each plan, the nurse may request the Employer to reimburse the nurse from the supplement, if sufficient, the contributions which would have been paid by the nurse to the Employer's pension plan, dental care plan, Disability & Rehabilitation plan, extended benefit plan and group life insurance plan as if the nurse was not disabled. If the supplement is not sufficient, or where the nurse elects to receive an advance, the nurse may, subject to the provisions of each plan, forward self-payments to the Employer to ensure the continuation of these benefit plans. The Employer will contribute its usual contributions to these benefit plans while the nurse contributes.
  - (iii) Further to this, the Employer shall notify Workers Compensation/ Manitoba Public Insurance of salary adjustments at the time they occur.
  - (iv) In accordance with Section 41(6)(b) of the Workers Compensation Act of Manitoba, the Employer shall make application to the WCB by January 1, 1994 so that the WCB may determine whether or not the supplements referenced in 2303(b)(i) shall continue in effect after January 1, 1995.
  - (v) If at any time it is decided by the WCB/MPI that any payment to be made to the nurse by the Employer must be offset against benefits otherwise payable by the WCB/MPI, then such payment shall not be payable.
- (c) Where the WCB/MPI recommends a work assessment period or a modified return to work period, the provisions of Article 7A06 shall apply.
- (d) A nurse who is on D&R/WCB/MPI prior to the commencement of their vacation shall, upon their request, have their vacation displaced and such vacation shall be re-scheduled at a time mutually agreed between the nurse and the Employer within the available time periods remaining during that vacation year. If the nurses' current annual vacation cannot be reasonably scheduled by the end of the current vacation year the nurse may elect to carry over to the next vacation year up to five (5) days of current annual vacation (pro-rated for part-time).

**2304** The Employer shall be entitled to recover any income protection paid to a nurse if their employment is not continued beyond their probationary period, from the nurse's final termination cheque.

**2305** A nurse who is unable to report for work due to illness shall inform the Employer prior to the commencement of their next scheduled shift(s). A nurse who fails, without valid reason, to give notice as specified below will not be entitled to receive income protection benefits for the shift(s) in question.

Prior to Day shift	–	One (1) hour
Prior to Evening shift	–	Three (3) hours
Prior to Night shift	–	Three (3) hours

A nurse returning to work following an absence of one week or more shall inform the Employer by 1200 hours the day prior to returning to work.

**2306** The Employer, either at the time of notification by the nurse of claiming income protection, or by advance notice prior to future income protection claims, may require a medical certificate or report as proof of the validity of any claim for income protection and as proof of the nurse's ability to perform their regular duties.

Failure to provide such a certificate when requested will disqualify a nurse from receiving paid income protection and may result in a refusal of permission for the nurse to resume their duties.

**2307** Days off and Recognized Holidays or days given in lieu of Recognized Holidays which fall within a period of sick leave shall not be considered a part of, or charged to, the nurse's accumulated income protection.

**2308** At the effective date of this Agreement, each nurse will retain income protection benefits accumulated and not used to that date.

**2309** As soon as a nurse is aware of a date upon which surgery and/or date of a specialist medical appointment will occur, they shall notify the Employer, in writing, of this date and any change thereto so that staff coverage for their intended absence may be arranged.

Where a nurse has been provided necessary time off due to scheduled surgery and/or a specialist medical appointment and where the surgery and/or a specialist medical appointment is subsequently cancelled, and where the Employer has made arrangements for alternate staffing to cover the anticipated absence, the Employer shall have the right to cancel the relief shifts.

These relief shifts shall be clearly identified as being subject to forty-eight (48) hours notice of cancellation.

**2310** If hospitalized due to accident or illness while on scheduled vacation, a nurse may utilize income protection to cover the hospitalization and/or post-hospitalization period, and the displaced vacation shall be re-scheduled at a time mutually agreed between the nurse and the Employer within the available time periods remaining during that vacation year. Proof of such hospitalization and/or post-hospitalization period shall be provided if requested.

**2311** Upon written request, the nurse may obtain information concerning their accumulated sick leave credits up to four (4) times per fiscal year and shall be provided with the information within thirty (30) days of the receipt of this request.

**2312** Subject to the provisions of Article 2302, a nurse may use income protection for the purpose of providing care in the event of an illness of a spouse, common law spouse including same sex partner and fiancé, dependent child, dependent step-child, parent, step-parent, or parent-in-law.

**2313** A nurse who has completed the probationary period who is unable to perform their work by reason of an accident or illness not fully covered by income protection, upon providing an acceptable medical certificate, shall be granted unpaid leave of absence as required for recovery; subject to review at three (3) months, or lesser intervals, at the discretion of the Employer.

**2314** Accumulation of income protection will continue during any unpaid leave of absence or layoff of four (4) weeks or less.

**2315** The Employer when reviewing a nurse's absences under an Attendance Management Program will consider and take into account individual circumstances and absences arising out of a medically-established serious or chronic condition.

**2316** Personal Wellness Leave (PWL)

Personal Wellness Leave (PWL) is designated time off that a nurse can use to support their physical and mental wellness.

Up to two (2) days in each fiscal year may be deducted from a nurse's accumulated income protection credits to be used for PWL. The use of PWL cannot reduce the number of income protection credits to less than twelve (12) days.

The utilization of PWL is subject to the following:

- (a) the leave shall be for physical or mental wellness,
- (b) the two (2) days of leave can be used consecutively, but shall not be used contiguous with a vacation leave, and
- (c) these two (2) days are not carried forward from fiscal year to fiscal year.

The nurse shall request PWL at minimum twenty-four (24) hours in advance and no more than seventy-two (72) hours in advance. Subject to operational requirements the request for PWL shall not be unreasonably denied.

PWLs are intended to support physical and mental wellness and these days will not be used by the Employer with respect to any Attendance Management Program that may relate to the nurse.

## **ARTICLE 24 -- LEAVE OF ABSENCE**

**2401** The nurse will be required to submit a written request for any leave of absence unless otherwise herein stipulated. These requests will specify the reason for the leave and will be considered on an individual basis and may be allowed at the discretion of the Employer unless otherwise indicated in the agreement; however, requests for education leave will be given special consideration. Except in emergencies, such requests must be made at least four (4) weeks in advance. The Employer shall notify the nurse of its decision in writing, within two (2) weeks of receipt of the request. Requests for extension of educational leave, maternity leave, parenting leave, adoption leave, and bereavement leave will be granted if reasonably possible.

Where a nurse requests to return to work prior to the expiry of the leave of absence as set out in the approved request, the Employer shall have no obligation to return the nurse to work until such time that the leave of absence would have expired, except as per Article 2408 C.6.

Where a nurse has been granted a leave of absence from their entire EFT, the nurse shall be eligible to work additional available shifts. However, the nurse shall not have preference over part-time nurses who offer to work these shifts. When the nurse is awarded additional available shifts, they are compensated in accordance with Article 2704 (a) – (f).

Where a nurse has requested and been granted a partial leave of absence, they will be entitled to accrual of vacation, income protection credits, pre-retirement leave, and Recognized Holiday pay on a pro-rata basis.

**2402** Overstaying of leave of absence without valid reason may be deemed as a resignation.

**2403****Applicable for PMHRA (direct operations):**

The Employer shall make every reasonable effort to assure that a nurse granted leave of absence for any reason shall return to the same position. For leaves of absence of sixty (60) weeks or less, or eighty (80) weeks or less in the case of parenting leave or parental leave, the nurse is assured of being placed in the same occupational classification within the site and at the same step on their salary scale on their return, but the nurse cannot be assured of being placed in the same nursing unit, position or shift. In the case of longer leaves of absence, a nurse may be placed in any position covered by this agreement within a fifty (50) kilometre radius of the originating site, unless a greater distance is mutually agreed between the Employer and the nurse, and shall be reinstated at their previous salary, provided that such salary shall not exceed the maximum for the position in which the nurse is placed. Notwithstanding Article 3001, a nurse not placed in their former position will be given consideration over other nurses for the first vacancy made available to the nurse in a similar position within the sites comprising the Employer.

**Applicable for non-transferred sites:**

The Employer shall make every reasonable effort to assure that a nurse granted leave of absence for any reason shall return to the same position. For leaves of absence of sixty (60) weeks or less, or eighty (80) weeks or less in the case of parenting leave or parental leave, the nurse is assured of being placed in the same occupational classification within the site and at the same step on their salary scale on their return, but the nurse cannot be assured of being placed in the same nursing unit, position or shift. In the case of longer leaves of absence, a nurse may be placed in any position within the site and shall be reinstated at their previous salary, provided that such salary shall not exceed the maximum for the position in which the nurse is placed. Notwithstanding Article 3001, a nurse not placed in their former position will be given consideration over other nurses for the first vacancy made available to the nurse in a similar position.

**2404** There shall be no loss of income protection accumulations or vacation accumulations up to the date of any leave of absence whether granted with or without pay.

**2405** Income protection and vacation benefits will continue to accrue during any period of an unpaid leave of absence, approved by the Employer of four (4) weeks or less.

**2406** Professional Leave: If, in the opinion of the Employer it is in the best interests of patient/resident/client care, nurses may, whenever practicable, be granted time off with pay in order to attend professional or educational meetings, conventions, workshops and institutes.

**2407** Education Leave:

(a) Where the Employer requires a nurse to attend educational conferences, workshops, programs or seminars during working hours, the Employer shall pay registration or tuition fees, and approved expenses and shall ensure that the nurse suffers no loss of salary.

- (b) Where the Employer requires a nurse to attend educational conferences, workshops, programs or seminars during non-working time, the Employer shall pay registration or tuition fees, and approved expenses and shall pay for the time of such attendance at straight time rates.

The Employer shall make all reasonable efforts to allow the nurse to attend the required education during the nurses scheduled working hours.

A part-time or casual nurse shall be paid for the time of such attendance at straight time rates. A full-time nurse shall bank the education hours at straight time rates to be utilized as paid leave during the fiscal year. Where the Employer and the nurse are unable to mutually agree on the date(s) to be taken as paid time off, the Employer has the right to schedule the time off and wherever reasonably possible the day(s) off will be in conjunction with and contiguous to the nurses scheduled days off or vacation.

- (c) **Employer Sponsored Educational Development:**  
A nurse shall be granted, upon written request, funding up to a maximum of \$200 per fiscal year, to attend approved workshops, courses, and other programs that are relevant to nursing practice. Such requests must be submitted to the senior nursing manager or designate prior to attendance at such program. The \$200 allowance referenced herein shall be for reimbursement of tuition or registration and recommended/required books and shall occur upon satisfactory completion of the workshop, course, or educational program.

Reasonable consideration will be given to extending the above period of time for the nurse in exceptional circumstances.

Following receipt of the above proof, the Employer shall provide the nurse a Maternity Leave allowance with the SUB Plan as follows:

- (a) for the first week a nurse shall receive ninety-three percent (93%) of their weekly rate of pay;

- (b) for up to a maximum of sixteen (16) additional weeks, payments equivalent to the difference between the EI benefits the nurse is eligible to receive and ninety-three percent (93%) of their normal weekly earnings.

If requested by the nurse, extensions to leaves under this clause will be granted in accordance with Article 2401.

1. Except as outlined below, any nurse must use current annual vacation, (which was earned during the previous vacation year), during the current vacation year. If the current annual vacation is not used, then the Employer has the right to schedule the vacation prior to the end of the current vacation year or pay out any monies owing.

Where Parenting Leave is forty-eight (48) weeks or less, vacation shall be scheduled and taken in accordance with the provisions of the Collective Agreement. No carry-over of vacation is permitted.

Where Maternity and/or Parental Leave exceeds forty-eight (48) weeks, the nurse may elect to carry over to the next vacation year, up to five (5) days of current annual vacation. The balance of the current annual vacation will be paid out at a time immediately following the period during which EI benefits were payable (even if this period extends into the following vacation year).

Part-time nurses shall be entitled to a pro rata amount of this leave based on their hours paid at regular rate of pay in the previous six (6) months.

6. A nurse may end Maternity or Parental Leave earlier than the expiry date of the leave by giving the Employer written notice at least two (2) weeks or one pay period, whichever is longer, before the day the

nurse wants to end the leave. This provision includes the cancellation of any term position. Where the Employer has made arrangements for alternate staffing to cover the nurse's absence, the Employer shall have the right to cancel shifts. ## **ARTICLE 27 -- LAYOFF AND RECALL**

### **2701 Employment Security:**

It is understood that the terms of Article 2701 shall not be applicable to Home Care Nurses for circumstances arising out of short-term fluctuations in client need or service.

- (a) It will be incumbent upon the Employer to notify the Union, in writing, at least ninety (90) days prior to any alteration in the delivery of health care and/or in the current complement of nursing staff.
- (b) If it becomes necessary to reduce the staffing complement, all avenues relevant to the issue of employment security for the nurses will be examined and discussed between the Employer and the Union, no later than twenty (20) days after the notification in (a) above.
- (c) The Employer and the Union agree to meet to develop the process for the planned reductions within five (5) days after (b) above.
- (d) The Employer will, wherever reasonably possible, carry out these reductions by way of attrition.
- (e) In keeping with the Employer's commitment to ensure that any affected nurse shall retain employment with the Employer, and where reductions cannot be dealt with through attrition, Article 27 shall apply. Should the nurse choose to not exercise seniority rights under Article 27, then layoff in accordance with Article 27 shall apply.
- (f) In the event of (e) above occurring or in the event of the closure of a facility/site/program and in conjunction with (g) below, the Employer will make every reasonable effort to achieve necessary funding for retraining to assist with retention of employment for nurses.
- (g) The Employer will also cooperate with other Employers, the Provincial Health Labour Relations Services, and/or the Government of Manitoba, to participate in the establishment of a broader redeployment and retraining effort.

**2702****Applicable for PMHRA (direct operations):**

When a reduction in the working force becomes necessary, nurses will be laid off in reverse order of seniority within their occupational classification within the site, subject only to more senior nurses being qualified, competent and willing to perform the required work.

**Applicable for non-transferred sites:**

When a reduction in the working force becomes necessary, nurses will be laid off in reverse order of seniority within their occupational classification, subject only to more senior nurses being qualified, competent and willing to perform the required work.

**2703** Notice of intention of layoff or equivalent pay thereof shall be given to the nurse(s) concerned in writing and a copy of the notice forwarded to the Union. The parties agree that "in writing" includes electronic communications such as email.

Notice shall be as follows:

- Layoffs of six (6) weeks or less - two (2) weeks notice;
- Layoffs of longer than six (6) weeks - four (4) weeks notice.

A nurse who is on layoff shall not be entitled to notice of layoff when the nurse comes back to work on an incidental basis.

**2704** No layoff of full-time or part-time nurses shall occur within a site when casual nurses are being employed within that site, unless no full-time or part-time nurse on staff within that site is qualified, competent and willing to fill the position(s) in question.

Notwithstanding Article 3402, additional available shifts shall be offered to a nurse on layoff, before part-time and casual nurses, provided the nurse is qualified, competent and willing to perform the required work. During the first three (3) years of a layoff, the nurse on layoff will receive preferential consideration for the assignment of such shifts at the site of layoff, provided that this will not result in the nurse working in excess of their regular EFT commitment.

If applicable, in addition to the above, during the first three (3) years of layoff, if a laid off nurse indicates their availability for additional available shifts at any of the other sites comprising the Employer, the nurse will receive preferential consideration over part-time nurses for the assignment of such shifts, provided that this will not result in the nurse working in excess of their regular EFT commitment. During the period between three (3) to five (5) years, a laid off nurse may indicate availability for additional available shifts within any of the sites comprising the Employer but will not receive preferential consideration over part-time nurses.

Notwithstanding Article 1405, during the period between three (3) to five (5) years where a nurse does not work all or part of said additional available shift(s), for any reason, payment shall be made only in respect of hours actually worked; this is not applicable to the base EFT of a term position occupied by a laid off nurse.

In the event the nurse accepts additional available shifts, the provisions of the Collective Agreement shall be applicable except as modified hereinafter:

(a) vacation pay shall be calculated in accordance with Article 2103 and shall be paid at the prevailing rate for the nurse on each pay cheque, and shall be prorated on the basis of hours paid at regular rate of pay,

(b) income protection accumulation shall be calculated as follows:

Additional available hours worked by the laid-off nurse -----	X	Entitlement of Full-time Nurse
Full-time hours		

(c) in the event the layoff is longer than twenty-six (26) weeks, seniority shall be calculated in accordance with regular hours worked,

(d) the nurse shall be paid five percent (5.0%) of the basic rate of pay in lieu of time off on Recognized Holidays. Such holiday pay shall be calculated on all paid hours and shall be included in each pay cheque,

(e) participation in benefit plans is subject to the provisions of each plan.

(f) increments (calculated from the date of the nurse's last increment, or their starting date as the case may be) shall be provided on the basis of one (1) increment for each 1343 hours worked or one (1) calendar year from the date of their last increment, whichever occurs later. In the case of the increment being given on the basis of 1343 hours worked, it shall be applied to the pay period next following completion of 1343 hours worked.

Any period of time during the layoff when the nurse works additional available shifts or works in a term position shall not extend the five (5) year period referenced in Article 25.

However, a nurse on layoff who agrees to work in a term position shall retain their right to be recalled into a permanent position while working in the term position.

**2705** No new nurses will be hired at a site when other nurses are on layoff from that site, except for reasons of a special skill requirement.

**2706** All nursing job vacancies, permanent and term, shall be posted in accordance with the terms of this Agreement. Nurses on layoff shall be entitled to apply for these vacancies.

**2707****Applicable for PMHRA (direct operations):**

Nurses shall be recalled in seniority order to available positions in equal or lower paid occupational classifications at the originating site or at other sites within a fifty (50) kilometre radius of the originating site provided they are qualified to perform the required work. In addition, at the time of layoff, nurses may request recall to sites outside the fifty (50) kilometre radius. Such recall shall be made in writing either by personal service, registered mail, or confirmed electronic mail and shall provide for at least one (1) weeks' notice to report back to work. Confirmation includes indication of receipt of such communication.

The nurses affected will contact the Employer by telephone not later than four (4) days, excluding Saturdays, Sundays and Recognized Holidays following the notice of recall being delivered. Failure to notify as above shall result in the nurse being placed last on the recall list.

A nurse being placed last on the recall list who is subsequently recalled to work and who fails to report for duty as scheduled without valid reason shall have their employment terminated.

**Applicable for non-transferred sites:**

Nurses shall be recalled in seniority order to available positions in equal or lower paid occupational classifications provided they are qualified to perform the required work. Such recall shall be made in writing either by personal service, registered mail, or confirmed electronic mail and shall provide for at least one (1) weeks' notice to report back to work. Confirmation includes indication of receipt of such communication.

The nurses affected will contact the Employer by telephone not later than four (4) days, excluding Saturdays, Sundays and Recognized Holidays following the notice of recall being delivered. Failure to notify as above shall result in the nurse being placed last on the recall list.

A nurse being placed last on the recall list who is subsequently recalled to work and who fails to report for duty as scheduled without valid reason shall have their employment terminated.

**2708****Applicable for PMHRA (direct operations):**

In the event of a deletion of an occupied position, as much notice as possible shall be given to the incumbent who will be entitled to exercise their seniority rights, subject to the nurse's ability, performance and qualifications, to displace a nurse in a position of equal or lower classification within the site.

Where it is not possible due to seniority level or where there are no positions available of equal occupational classification or within .2 of the EFT of the position occupied by the nurse at the time of the deletion, the nurse shall be entitled to exercise their seniority

rights, subject to their ability, performance and qualifications, to displace a nurse in a position of equal or lower classification within any of the other sites comprising the Employer. Any nurse thus displaced shall also be entitled to a like exercise of seniority rights.

**Applicable for non-transferred sites:**

In the event of a deletion of an occupied position, as much notice as possible shall be given to the incumbent who will be entitled to exercise their seniority rights, subject to the nurse's ability, performance and qualifications, to displace a nurse in a position of equal or lower classification. Any nurse thus displaced shall also be entitled to a like exercise of seniority rights.

**2709** Laid off nurses shall be entitled to apply for nursing job vacancies in any of the sites comprising the Employers Organization, other than those to which they have recall rights. Copies of job postings will be sent to the President of the Worksite during the period when any nurses are on layoff.

**2710** Accumulated vacation entitlement shall be paid out at time of layoff except where, prior to the date of layoff, a nurse has been awarded a term or permanent position which commences within four (4) weeks of date of layoff.

**2711** Nurses who are absent from work due to a leave of absence for any reason shall be advised of layoff or deletion of their position in accordance with this Agreement and shall be required to comply with all provisions of this Agreement except that they shall not be expected to return to work prior to the expiry of their leave of absence.

## **ARTICLE 28 -- PROMOTION AND REASSIGNMENT**

**2801** Upon promotion, a nurse shall receive a salary applicable to their new classification which provides an increase of at least one increment above their former salary. A promotion shall mean an increase in classification from one occupational classification to another.

**2802** The nurse's anniversary date of employment prior to promotion shall continue to govern with respect to increments.

**2803** The first three (3) calendar months following a nurse's promotion shall be considered to be a trial period, and the Union shall be notified by the Employer. During the first six (6) weeks of this trial period, the nurse may return to their former position at their request or be returned to their former position by the Employer. During the last six (6) weeks of this trial period, the nurse may return to their former classification at their request or be returned to their former classification by the Employer.

**Applicable for Community Health Nurses:**

*All promotions and voluntary transfers into a Community Health Nurse position are subject to a six (6) month trial period. During this trial period, the promoted (or transferred) nurse may revert to their former position, or may be returned (or transferred) by the Employer.*

**2804****Applicable for PMHRA (direct operations) and non-transferred multi-site Employers:****A. Voluntary Reassignments in the Event of Staffing Shortages**

1. In the event of a temporary lateral work reassignment being necessitated by a staffing shortage on a nursing unit in any site within the Employer, a nurse may be reassigned subject to the following conditions:
  - (a) No nurse shall be compelled to accept reassignment for a staffing shortage except as provided for under Involuntary Reassignment in Article 2805 below.
  - (b) Where the reassigned nurse does not have the specific current competency for that similar patient/resident/client base, they would only be assigned functional tasks or would work directly with a nurse on that unit when providing patient/resident/client care.
  - (c) Before reassigning a nurse for a staffing shortage, the Employer shall take the reasonable steps available to management to fill the vacant shift, based on relevant factors/circumstances including, but not limited to:
    - timing and circumstances of the vacant shift;
    - maintenance of patient care;
    - wellbeing of nursing staff.
  - (d) In the event of a long term or repetitive vacancy which the Employer has not been able to fill in accordance with the Collective Agreement, either party may refer the issue to the NAC and the Patient Care Optimization Committee provided for in Article 11 for consultation.
  - (e) Where the Employer is unable to fill vacant shifts through other means, in accordance with the Collective Agreement, the Employer shall then seek volunteers for reassignment, to be applied equitably (on a quarterly basis), with the following compensation: nurses shall be paid the greater of six dollars (\$6.00) per hour or fifteen percent (15%) above their normal rate of pay for all hours worked at the reassigned facility/program/site/unit. (for clarity this premium is over and above overtime rates, where overtime is earned during reassignment).

- (f) Where a nurse is reassigned to a facility/site other than their regular facility/site within the Employer they shall also be compensated as follows:
- i. Provided with a daily “work disruption” allowance, for each day actually worked as follows:
    - Over 1 and up to – 49 km between sending and receiving site - \$40
    - Between 50 – 99 km between sending and receiving site - \$80
    - Between 100 – 149 km between sending and receiving site - \$130
    - 150 or more between sending and receiving site - \$180
- (g) Where a change in work schedule is required by the Employer (receiving unit/facility/program/site) as a result of a reassignment, the nurse(s) shall be compensated with a Shift Disruption Allowance as described below for each shift that has been changed and worked by the nurse. The following rules shall apply:
- i. Compensation of one of the following amounts as applicable per shift, whichever is greatest:
    - \$25 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than 1 hour and up to 4 hours; or
    - \$35 Impact Shift Changes: a change is made to the calendar day that a nurse was scheduled to work (no change to shift length or shift description); or
    - \$50 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than 4 hours; a change is made to the shift length (eg: 8 to 12 hours); a change is made to the shift description (eg: from straight Days to Days/Nights, or from straight Days to Days/Evenings);
  - ii. Shift disruption allowance will not be paid on days during which the nurse does not work or for shifts that have not been changed;
  - iii. Nurses shall not be eligible to receive overtime as a result of changes to their shift length (i.e. changing from 8 to 12 hour shifts), unless they are in an overtime situation as identified in the nurse(s) respective Collective Agreement and are now required to work additional hours. For clarity, adding hours to shift duration when a nurse has been reassigned during the course of their shift, shall result in daily overtime compensation.
  - iv. Changes to shift length must not cause a decrease to the nurses’ EFT; and

- v. Shift disruption allowance will cease to be paid, upon the effective date of the subsequent shift schedule which shall be posted in accordance with the Collective Agreement, and the nurse is scheduled as posted. If this posted schedule is disrupted the nurse shall be paid in accordance with a. above. When the reassigned nurse is returned to their regular assignment, the Shift Disruption Allowance is not applicable.
- B. This lateral work reassignment will be made by the out of scope manager with as much notice as possible, whether within one (1) site, or from one (1) site to another within the Employer. Selection of the nurse to be reassigned shall be based on ability and experience and shared as equally as possible amongst the nurses in each site. It is understood that lateral work reassignments will only occur within a fifty (50) kilometre radius of the originating site, unless a greater distance is mutually agreed between the Employer and the nurse.
- C. Orientation will be provided of sufficient duration to assist the nurse in becoming acquainted with essential information such as policies and procedures, routines, location of supplies and equipment, and fire and disaster plans.
- D. Nurses who are reassigned from one site to another within the Employer shall be eligible for transportation reimbursement in accordance with the prevailing Province of Manitoba mileage rates subject to a minimum guarantee of four dollars (\$4.00) [five dollars (\$5.00) effective May 17, 2024] and in accordance with the following formula:
- Distance (in kms) from the nurse's home to the new worksite minus the distance (in kms) from the nurse's home to the nurse's originating worksite.

It is understood that any adjustments in the mileage rates shall be implemented as quickly as reasonably possible, retroactive to the date the Province of Manitoba mileage rates became effective.

Parking in close proximity to the "receiving facility/site" will be made available. Parking expenses shall be reimbursed to the nurse by the Employer.

**Applicable for single site non-transferred Employers:**

(for clarity this premium is over and above overtime rates, where overtime is earned during reassignment).
- (f) Where a change in work schedule is required by the Employer (receiving unit/) as a result of a reassignment, the nurse(s) shall be compensated with a Shift Disruption Allowance as described below for each shift that has been changed and worked by the nurse. The following rules shall apply:

    - \$25 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than 1 hour and up to 4 hours; or

If this posted schedule is disrupted the nurse shall be paid in accordance with a. above. When the reassigned nurse is returned to their regular assignment, the Shift Disruption Allowance is not applicable.
- C. This lateral work reassignment will be made by the out of scope manager with as much notice as possible. Selection of the nurse to be reassigned shall be based on ability and experience and shared as equally as possible amongst the nurses in the site.
- D. Orientation will be provided of sufficient duration to assist the nurse in becoming acquainted with essential information such as policies and procedures, routines, location of supplies and equipment, and fire and disaster plans.

### **2805**      Involuntary Reassignments in Event of Staffing Shortages

Where no nurse has accepted the reassignment on a voluntary basis as per 2804 B., in addition to previously indicated conditions/compensation for voluntary reassignment, in 2804 A., B., C., and D., D. not applicable to single site Employers) the following conditions will also apply:

1. Before compulsory reassignment of nurses, the Employer shall first seek volunteers to work the necessary shift(s) on the basis of voluntary eligible overtime amongst

nurses who have documented their availability per the site process to work in the receiving unit for the shift(s).

Where the Employer contemplates compulsory reassignment from a separate sending site, the Employer shall first offer overtime to nurses (of the same qualifications as potentially reassigned nurses) before compelling reassignment from the same sending site. (Not applicable to single site Employers).

No nurse shall be compelled to accept reassignment where nurses volunteer to work those shifts on the basis of overtime compensation.

2. The assignment will enhance the well-being of other nurses working on the unit and will not adversely impact the well-being of the nurse who is reassigned.
3. No nurse will be compelled to accept a reassignment greater than 50 kms from their regular facility/program/site/unit. (Not applicable to single site Employers).
4. Where a nurse is involuntarily reassigned to an alternate facility/program/site/unit, and the nurse's travel time is greater than the distance to their regularly assigned facility/program/site/unit, the additional travel time will be considered time worked and eligible for overtime compensation as per the conditions of the Collective Agreement. (Not applicable to single site Employers).
5. Where a nurse is involuntarily reassigned for more than three (3) shifts or twenty-three point two five (23.25) hours (whichever is less), in a four (4) week period (commencing the date of the first reassignment), all subsequent involuntarily reassigned regular (non-overtime rate) hours shall be paid at double (2x) the reassignment compensation, as provided in paragraph A.1. (e) of Article 2804 (\$6/hour or 15% x 2 = \$12/hour or 30%, whichever is greater).
6. Where involuntary reassignment is necessitated on a constant and recurring basis due to an unfilled vacancy, the Employer and Union shall meet to determine measures to address the vacancy. Such measures may include consideration of additional incentives to attract applicants to the position. Where the parties are unable to agree on the terms to fill the vacancy the matter may be referred to a Troubleshooter for a final determination on appropriate measures/incentives to fill the vacancy.
7. Involuntary reassignment of nurses, regardless of classification, shall be assigned equitably, on a quarterly basis.

## **ARTICLE 29 -- DISCIPLINE, DEMOTION AND ACCESS TO PERSONNEL FILE**

**2901** In all instances where the Employer considers that a nurse warrants disciplinary action, the Employer shall make every effort to take such action at a meeting with the nurse and shall give the nurse advance notice of the nature of the complaint. The nurse may be accompanied at the meeting by a Union representative. The Employer shall inform the nurse of their right to have a Union representative present and advise the Union that this has been done.

**2902** If the action referred to in the above clause results in a written warning, suspension, demotion or dismissal of a nurse, the Employer shall notify the nurse in writing of the action taken and the reasons either by personal service, registered mail, or confirmed electronic mail. Confirmation includes indication of receipt of such communication.

**2903** A nurse who is demoted due to inadequate performance shall be paid at the step of the lower scale that corresponds to their level of experience.

**2904** If a nurse is reclassified to a lower paid position because of changing conditions within the Employer, the nurse will retain their current salary level until the salary scale of the lower position reaches their level of salary.

The application of this provision as it relates to the deletion, layoff/recall procedure shall be limited to a three (3) year period from the date the nurse assumes a position in the lower paid classification or until the salary scale of the lower position reaches their level of salary whichever occurs first.

**2905** A nurse shall be given the opportunity to examine any document which is placed in their personnel file, including, but not limited to, those documents which may be utilized to substantiate a disciplinary action against them, and their reply to any such document shall also be placed in their personnel file. Upon written request the nurse shall also receive an exact copy of such document.

**2906** A nurse accompanied by a Union representative if they so elect shall be given every reasonable opportunity to examine any document which is placed in their personnel file, including, but not limited to, those documents which may be utilized to substantiate a disciplinary action against them, and their reply to any such document shall also be placed in their personnel file. Upon written request, the nurse shall also receive an exact copy of such document. The Employer agrees not to introduce as evidence any such derogatory entry at any hearing unless the nurse has been made aware of its contents at the time of filing or a reasonable time thereafter. The Employer agrees to remove and destroy any non-disciplinary and disciplinary documentation, from the personnel file of a nurse, upon written request from the nurse, after five (5) years, providing no similar incidents occur within that period. In the event a nurse is laid off or on a leave of absence of one (1) calendar month or more during the five (5) years immediately following the discipline, the

discipline record will extend the five (5) year calendar month period by the length of the actual lay off or leave of absence.

Any nurse who has been terminated may consult their file and upon written request shall receive copies of specified documents so long as the written request is made within sixty (60) days of the nurse's termination.

**2907** There shall be one (1) personnel file maintained by the Employer for each nurse.

## **ARTICLE 30 -- VACANCIES, TERM POSITIONS AND NEW POSITIONS**

**3001** Subject to Article 3002 herein, the Employer agrees to post notices of vacant, term or new positions covered under this Agreement in paper form at the site the vacancy occurs, and on the Employer website on the same date for at least seven (7) days to enable nurses presently in the employ of the Employer to apply for same. In addition, a copy of each posting will be emailed to the MNU Worksite President or designate. Such posting shall not preclude the Employer from advertising outside the Employer. All postings shall state minimum qualifications required, the equivalent to full-time (E.F.T.) site(s) of the position and date of closing of the competition. Job descriptions shall be available to applicants on request.

Where a site/facility does not have reliable internet connectivity, the Employer will ensure a paper copy of all postings will be posted.

When the Employer creates a new position which requires any applicants to be a nurse registered or eligible for registration with a Manitoba nursing college including, but not limited to, classifications in Appendix C of this Collective Agreement, or the Employer intends that the new position will be out of scope, the Employer shall provide the Union with a copy of any posting(s) or the job description(s) for the position(s) in advance of the position(s) being posted. The Union may file a grievance challenging the designation in accordance with the procedure set out in Article 12.

**3002** The Employer will be required to post a notice of vacancy for only five (5) days for a vacancy that is created by:

- (a) a nurse terminating employment and not giving the full period of notice as specified in Article 26 herein, or
- (b) a transfer occasioned by posting.
- (c) Where a term position has been created due to a leave of absence where less than four (4) weeks notice has been given.

**3003** Provided that equivalent qualifications are met, preference shall be given to nurses presently in the bargaining unit who have submitted a written application for the vacant, term or new positions in the following order:

- (a) applicants from the site where the vacancy occurs;
- (b) applicants from the Employer where the vacancy occurs;
- (c) applicants from other Employers within the Employers Organization;
- (d) applicants from other Employers Organizations.

NOTE: Refer to Appendix "D" for Site and Employer list.

Notwithstanding the above, a nurse will have unit or site preference when new positions are posted as a result of an Employment Security Notice.

**3004** The name of the successful applicant and the position awarded will be posted on the bulletin board or per electronic format accessible to all nurses for a period of seven (7) calendar days with a copy of this information forwarded to the Worksite President.

Any nurse who was interviewed but was not the successful applicant shall be entitled to consult with the hiring Manager. Such consultation will take place within two (2) weeks of the request. The purpose of the consultation shall be to provide the nurse with constructive feedback regarding their application.

An unsuccessful applicant may inquire of the hiring Manager or the Human Resources Consultant to why they were not selected for an interview.

In the case of a nurse from the bargaining unit being awarded a position within the Employer, the transfer shall be carried out within the time frame of the period of notice of termination for the position from which the nurse is transferring, unless otherwise mutually agreed between the nurse and the Employer.

**3005** The applicant selected for any position shall receive, within two (2) weeks of the selection being made, written confirmation of the salary scale, the nurse's placement on such scale, and any special conditions that may be applicable to their appointment.

**3006** "Term Position":

A position occupied by a full-time or part-time nurse for a specified period of time, up to a maximum of sixty (60) weeks, or up to a maximum of eighty (80) weeks to replace a nurse(s) who is/are on Parenting Leave or Parental Leave, where patient/client/resident census or workload necessitates a temporary increase in staffing, if mutually agreed, to replace a nurse(s) who is/are on vacation or leave of absence, or to carry out a special short term project or where the Employer has provided notice of permanent deletion of position(s) under Employment Security provisions in Article 27, or as otherwise mutually

agreed between the Union and the Employer. If the Employer determines there is a term position to be filled by a nurse, the term position shall be posted in accordance with Article 30. This shall not preclude the Employer from utilizing part-time nurses and/or casual nurses to work available shifts as specified in Articles 34 and 35 when the Employer decides that a term position is not required.

The Employer shall provide written confirmation of the start and expiry dates of the term position prior to the nurse's commencement in the position. This period may be extended if the Employer so requests and the Union agrees.

The maximum duration specified in paragraph 1 above for term positions shall not apply in situations where a nurse is absent indefinitely due to Workers Compensation and/or illness and/or accident or where there is a temporary vacancy due to leave for Public Office. In these cases, the Employer shall state on the job posting that the said term position is an "Indefinite Term" which will expire subject to a minimum of twenty-four (24) hours notice. The "Indefinite Term" will expire upon either the return to work or termination of employment of the nurse on leave. Any term positions directly resulting from the above procedure will be posted in the same manner.

In case a nurse on Maternity or Parental Leave wants to exercise their right to return from such leave earlier than anticipated, having given appropriate notice as per 2408 C.6, the Employer shall state on the job posting that the said term position is a "Maternity or Parental Leave of absence term" which may expire sooner than indicated, subject to minimum notice of two (2) weeks or one pay period, whichever is longer. Any term positions directly resulting from the filling of such a term position will be posted in the same manner.

The terms of this Collective Agreement shall be applicable to the nurse in the term position, except that a nurse occupying a term position may be required to complete the term before being considered for other term positions within the bargaining unit.

On expiry of the term position the nurse:

- (a) newly hired from outside the Employer, or a casual nurse from within the Employer, shall be entitled to exercise their seniority rights to obtain any vacant position within the site(s) comprising the Employer for which the nurse is qualified, without interruption of seniority or benefits if the position commences within six (6) weeks of the expiry of the term position. During this six (6) week period if a nurse secures casual employment, they may work available casual shifts.
- (b) who was employed by the Employer immediately prior to accepting the term position shall return to their former position if reasonably possible. A nurse not returned to their former position shall be returned to their former occupational classification and employment status within the site.

- (c) In accordance with the provisions of Article 21, if a nurse's term position ends prior to the start of the vacation year, the nurse shall schedule the next year's vacation on the unit they are returning/going to.

**3007** Notwithstanding the provisions of Articles 3001 through 3005 above the parties agree that it may be of mutual benefit to the nurses and the Employer to allow part-time nurses, who request to do so, to increase their EFT and/or allow casual nurses to obtain a part-time or full-time position.

- (a) Where the Employer has demonstrated significant reliance upon casual nurses and/or agency nurses to maintain adequate staffing/patient/resident care in a particular site/program/unit, and where part-time nurses at the same site/program/unit have expressed a desire to increase their EFT the Employer shall take all reasonable measures to accommodate such requests. The EFT of a part-time nurse may be increased in accordance with the following process:
- (i) The process will commence at a date determined by the parties at the Site Nursing Advisory Committee. The Employer shall inform the Site Nursing Advisory Committee of the total EFT and shift patterns available per nursing unit.
  - (ii) The Employer shall communicate to all part time nurses on a nursing unit the pre-determined EFT and shift pattern(s) available for the increase of EFT process. Requests to permanently increase EFTs shall be made in writing by part-time nurses. The nurses shall indicate the maximum EFT to which they wish to increase. A nurse may increase their EFT up to a 1.0 EFT.
  - (iii) In considering requests, the Employer shall consider such factors as current EFTs, shift assignments, shift schedules, the unit(s) needs and the requirements of Article 15. If the request by nurses within a unit exceed the availability within that unit as determined by the Employer, the Employer shall offer in order of seniority.
  - (iv) A part-time nurse shall not be permitted to increase their EFT while other nurses are on layoff from that unit unless such laid off nurses have been recalled or have declined recall.
  - (v) Where any request to change EFT has been approved, the Employer shall issue a letter to the nurse confirming the nurse's new EFT in accordance with this Collective Agreement along with an effective date.
  - (vi) Copies of all requests and responses to requests to adjust EFT shall be provided to the Union.

- (vii) Any changes to a master rotation as a result of changing EFTs shall be done in accordance with the provisions of Article 1504.
  - (viii) The Employer is not prevented from exercising any of its normal management rights as a result of this Article including, without limitation, the right to post vacant positions.
  - (ix) The Site Nursing Advisory Committee shall be advised of the outcome in the Increase of EFT Process of each nursing unit.
- (b) Where all EFT increase requests have been considered and implemented and/or the Employer has offered EFT increases for part-time nurses, and where casual nurses at the same site/program/unit have expressed a desire to obtain a full or part time position, the Employer shall take all reasonable measures to transition those casual nurses to a part-time or full-time position in accordance with the following process:
- (i) The process will commence at a date determined by the parties at the Site Nursing Advisory Committee. The Employer shall inform the Site Nursing Advisory Committee of the total EFT and shift patterns available per nursing unit.
  - (ii) The Employer shall communicate to all casual nurses at the site/facility/program the pre-determined EFT and shift pattern(s) available for the increase of EFT process. Requests to obtain an EFT shall be made in writing by casual nurses. The nurses shall indicate the maximum EFT to which they wish to increase. A nurse may increase their EFT up to a 1.0 EFT.
  - (iii) In considering requests, the Employer shall consider such factors as current EFTs, shift assignments, shift schedules, the unit(s) needs and the requirements of Article 15. If the request by nurses within a unit exceed the availability within that unit as determined by the Employer, the Employer shall offer in order of casual seniority.
  - (iv) A casual nurse shall not be awarded an EFT while other nurses are on layoff from that unit unless such laid off nurses have been recalled or have declined recall.
  - (v) Where any request to obtain an EFT has been approved, the Employer shall issue a letter to the nurse confirming the nurse's EFT in accordance with this Collective Agreement along with an effective date.
  - (vi) Copies of all requests and responses to requests to obtain an EFT shall be provided to the Union.

- (vii) Any changes to a master rotation as a result of changing EFTs shall be done in accordance with the provisions of Article 1504.
- (viii) The Employer is not prevented from exercising any of its normal management rights as a result of this Article including, without limitation, the right to post vacant positions.
- (ix) The Site Nursing Advisory Committee shall be advised of the outcome in the Increase of EFT Process of each nursing unit.

## **ARTICLE 30A – NURSE-INITIATED MOBILITY**

**30A01** As vacancies arise that any of the Sites/Employers intend to fill, the following procedures will apply:

- (a) Vacancies will be filled in accordance with the provisions of the Collective Agreement.
- (b) An internal and external posting may occur simultaneously. Nurses from other Sites/Employers will have the right to apply for said vacancy.

If the selected nurse is a current employee of one of the sites/Employers of an Employers Organization, that nurse will be entitled to transfer all seniority, service and other benefits herein and will be treated in all respects as if they had always been a nurse of the receiving Employer. In addition, hours worked since the last increment shall be credited towards the next increment level.

- (c) Where there are no qualified applicants, as per the order established in Article 3003, positions will be awarded to qualified nurses in the following order:
  - Recall of laid off workers from the site/Employer posting the vacancy (unless otherwise stipulated in the applicable collective agreement);
  - Applicants from the Redeployment List;
  - Applicants external to (a) above.

**30A02** A nurse who is employed by an Employer in an Employers Organization, who is awarded a position with another Employer with the same or in another Employers Organization, and who commences employment with this Employer within six (6) weeks of termination of employment from their former Employer, will be entitled to mobility of benefits as specified hereinafter:

- (a) continuous service date
- (b) accumulated income protection benefits;
- (c) length of employment applicable to rate at which vacation is earned;

- (d) length of employment applicable to pre-retirement leave;
- (e) length of employment applicable for qualification for the Rule of 80 (as per the terms and conditions of the applicable pension plan) pension provisions;
- (f) length of employment applicable to next increment date;
- (g) the terms and conditions of the benefit plan(s) for the new Employer apply; however, normal waiting periods would be waived, subject to the applicable benefit plans' terms and conditions;
- (h) seniority credits (in accordance with receiving Collective Agreement).
- (i) transfer of current vacation hours unless the nurse elects to have their current vacation hours paid out by the previous Employer at the time of the transfer;
- (j) placement at the greater of the nurse's salary level at the sending facility/program/site, or in accordance with the recognition of previous experience clause(s) in Article 38, including placement at the fifteen (15), twenty (20) and twenty-five (25) year rate.
- (k) Academic Allowance.
- (l) where a nurse transfers prior to the completion of maternity leave return of service requirements, the nurse shall be allowed to complete the return of service requirements at the receiving site/Employer.

**30A03** For clarity the following guidelines shall govern with respect to the application of this Article:

- (a) The provisions of this Article shall be effective [retroactive to] October 14, 2021.
- (b) Where nurse-initiated mobility is implemented retroactively, the items transferred shall be on a "go forward" basis from October 14, 2021. No processes [e.g. vacation selection, vacancy selection] or access to benefits [e.g. income protection] shall be adjusted retroactively.
- (c) The onus is on the nurse to advise their new Employer that there are benefits/seniority to transfer.
- (d) The provisions of this Article only apply where a nurse terminates from one Employer and commences employment with another Employer. It does not apply to "merge" employment/benefits etc. from two or more Employers to one of those Employers.
- (e) Once notified of nurse-initiated mobility of benefits/seniority, the receiving Employer shall notify the sending Employer by forwarding a "Mobility Form" to the sending site/Employer. That site/Employer will complete the form as soon as possible and forward to the receiving site/Employer. The Mobility Benefits Transfer Form shall be provided in its entirety to the receiving MNU Worksite.
- (f) Nurse-initiated mobility applies for employment into either a permanent or term position. In the case of a term position, all benefits/seniority, etc. are transferred at the time of employment. Should the nurse not obtain a permanent position in accordance with the new Employer's collective agreement, all seniority and benefits shall terminate, unless the nurse obtains employment with another MNU Employer where nurse-initiated mobility applies, and within the timelines specified.
- (g) Employment terminates with the sending Employer and commences with the receiving Employer, in order for nurse-initiated mobility to apply. However, a nurse may accept a casual position with the sending Employer. Such shall not affect the

nurse's ability to mobilize seniority, service and benefits accrued while employed in a permanent or term position at the sending Employer to the receiving Employer as long as the nurse secures a permanent or term position within six (6) weeks of terminating regular (non-casual) employment.

- (h) Any banked Recognized Holidays and/or overtime will be paid out by the sending Employer at the time of transfer.
- (i) A nurse who occupies a casual position at a receiving Employer AND a permanent or term position at a sending Employer, AND who subsequently obtains a permanent or term position at a receiving Employer, will be allowed to transfer seniority and benefits accrued in the permanent or term position at the sending Employer, to the newly acquired permanent or term position in the receiving Employer. The seniority accrued as a casual at a receiving Employer cannot be added to the seniority being transferred with the permanent/term position.

### **30A04**

- (a) Increments: Nurses having a permanent or term position in a sending Employer, will be allowed to transfer their "hours worked" for purposes of determining when they are entitled to their next increment, when they secure a permanent or term position at a receiving Employer. Casual nurses are NOT allowed to transfer such hours.
- (b) Vacation: Vacation earned at the sending Employer shall not be paid out upon transfer unless the nurse requests. In the event a nurse elects to have their vacation transferred, it does not mean that the previously approved vacation dates will be honored at the receiving site. The receiving Employer will schedule the remaining vacation in consultation with the nurse, based on operational requirements and in accordance with Article 21.
- (c) Probationary Period: As with any other voluntary transfer to a permanent position in an Employer other than one in which a nurse is currently working, the nurse is subject to a probationary period.
- (d) Pre-Retirement Credits: To be calculated in days at the sending Employer.
- (e) Term Positions: Nurse-initiated mobility applies for voluntary transfers into either a permanent or term position. In the case of a term position, all benefits/seniority, etc. are transferred at the time of employment. Should the nurse not obtain a permanent position in accordance with the new Employer's collective agreement, all seniority and benefits shall terminate, unless the nurse in turn obtains employment with another MNU Employer in the same or in another Employers Organization where nurse-initiated mobility applies, and within six (6) weeks.
- (f) More Than One Position at Same Employer: There can only be one sending and one receiving Employer. If a nurse has two (2) or more permanent positions with the same Employer, the nurse must resign from both positions with the sending Employer in order to transfer the seniority and benefits from the sending Employer to a receiving Employer.

(g) Positions at More Than One Employer:

There can only be one sending and one receiving Employer. Even if a nurse has two (2) or more permanent positions, (at more than one Employer) the nurse will only be able to transfer the seniority and benefits from one of the Employers when they voluntarily transfer to a receiving Employer.

Transfer of seniority and benefits shall be applicable to all nurses, including those who are on lay off, currently employed in a permanent or term position who secure a permanent or term position in a receiving Employer in which they don't currently hold a permanent position.

## (h) The Worksite President at a receiving site/Employer will be provided with written notification regarding each nurse's mobility seniority at the time of their transfer. The Mobility Benefits Transfer Form shall be provided to the receiving Worksite in its entirety. At minimum, the following specific data shall be provided:

- Start date at sending Employer
- Seniority (hours)
- Seniority date at sending Employer
- Termination date at sending Employer
- Start date at receiving Employer.

## (i) Bridging Time for the Purposes of Mobility: A nurse who commences employment with the receiving Employer within six (6) weeks-of termination of employment with the sending Employer will be entitled to mobility of seniority, service and benefits as above.

## (j) The parties agree that seniority shall not transfer across sectors.

## **ARTICLE 31 -- PROBATIONARY PERIOD**

**3101** The period from the date of last employment with the Employer to the completion of six (6) calendar months will be recognized as a probationary period. During such period the nurse shall not have recourse to the grievance procedure for reasons of termination of employment for unsuitability or unsatisfactory performance. This clause shall not preclude the Employer from extending the probationary period of a full-time or part-time nurse up to an additional three (3) calendar months providing that the Employer gives written notification to the Union specifying the reason(s) for the extension.

**Applicable for Community Health Nurses and Home Care Nurses:**

*The period from the date of employment to the completion of six (6) calendar months of employment will be recognized as a probationary period. During such period the nurse shall not have recourse to the grievance procedure for reasons of termination of employment for unsuitability or unsatisfactory performance.*

## **ARTICLE 32 -- PERFORMANCE APPRAISALS**

**3201** The Employer shall complete a written appraisal of a nurse's performance at least once every two (2) years. Upon request, the nurse shall be given an exact copy of the appraisal.

**3202** The nurse shall have an opportunity to read such document.

**3203** The nurse's signature on such document merely signifies that the contents of the document have been read.

**3204** If the nurse disputes the appraisal, the nurse may file a reply to the document in accordance with Article 29, and/or the nurse may file a grievance under Article 12 of this Agreement.

## **ARTICLE 33 -- DAMAGE TO PERSONAL PROPERTY**

**3301** Nurses are responsible for any personal effects that are brought to their place of work and are not required in the course of their employment and no claim for compensation will be considered for loss or theft of or damage to such personal effects.

In recognition of the fact that as a direct result of performing their duties nurses may have their clothing or other personal property damaged, or stolen, the Employer agrees to make reasonable compensation following receipt of the nurse's documentation of the incident. Such claim shall not unreasonably be denied.

## **ARTICLE 34 -- SPECIAL UNDERSTANDINGS RE PART-TIME NURSES**

**3401** A part-time nurse shall be assigned and committed to work their EFT as agreed to in writing at the time of commencing employment. This written agreement shall only be revised when the nurse secures an alternate position in accordance with the provisions of the Collective Agreement.

**3402** Part-time nurses who make known to the Employer that they wish to work occasional additional available shifts shall be given preference for such shifts unless the part-time nurse has already worked in that day with such preference being given on the following basis within the sites comprising of the Employer.

- (i) First, among nurses on each unit/ward where the shift is available who meet the provisions above, and who have requested additional shifts, if mutually agreed between the Employer and the Union;

- (ii) Second, among those nurses within that site, who meet the provisions above, and who have requested additional shifts;
- (iii) Third, among those nurses from other sites comprising the Employer who meet the provisions above and who have requested additional shifts.

**Applicable for non-transferred sites:**

Part-time nurses who make known to the Employer that they wish to work occasional additional available shifts shall be given preference for such shifts unless the part-time nurse has been scheduled to work in that day.

**3403** A part-time nurse called back to work hours in excess of a shift (as defined in 1404) in any one (1) day shall be paid at overtime rates of pay with a guaranteed minimum of three (3) hours at overtime rates. If the extra time worked under this subsection commences within less than three (3) hours before the start of a shift, the guaranteed minimum of overtime pay will not apply. In such cases, the nurse will be paid at overtime rates from the time the nurse starts to work to the beginning of their shift.

**Applicable for Home Care Nurses:**

*A part-time nurse called back to work hours in excess of a seven and three-quarter (7.75) hour shift in any one (1) day shall be paid at overtime rates of pay with a guaranteed minimum of one (1) hour at overtime rates. If the extra time worked under this subsection commences within less than one (1) hour before the start of a shift, the guaranteed minimum of overtime pay will not apply. In such cases, the nurse will be paid at overtime rates from the time the nurse starts to work to the beginning of their shift.*

**3404** Except for part-time nurses who agree to work on a greater number of weekends, it is understood that a part-time nurse may be required to work on alternate weekends.

**3405**

(a) Vacation pay shall be calculated as follows:

Hours Paid at Regular Rate of Pay <u>(during vacation year)</u> Full-time Hours	X	Entitlement of a Full-time Nurse

(b) Part-time nurses shall receive their entitled vacation over a period of time equivalent to the vacation period of a full-time nurse and shall be paid their earned vacation pay proportionately during each week of scheduled vacation.

**3406** Income protection accumulation for part-time nurses shall be calculated as follows:

$$\frac{\text{Hours Paid at Regular Rate of Pay}}{\text{Full-time Hours}} \quad \times \quad \text{Entitlement of Full-time Nurses}$$

**3407** Part-time nurses will be paid five percent (5%) of their basic pay in lieu of time off on Recognized Holidays. Such holiday pay shall be calculated on all paid hours (excluding overtime hours as defined in Article 16) and shall be included in each regular pay cheque.

**3408** A part-time nurse shall receive increments (calculated from the date of their last increment, or their starting date as the case may be) on the basis of one (1) increment for each 1343 hours worked or one (1) years' service, whichever occurs later. In the case of the increment being given on the basis of 1343 hours worked, it shall be applied to the pay period next following completion of 1343 hours worked.

Increments will not be delayed due to an unpaid leave of absence of four (4) weeks or less or a paid leave of absence, or an educational leave of absence of up to two (2) years.

A nurse's anniversary date for incremental purposes shall be delayed by one (1) day for each day of unpaid leave of absence in excess of four (4) weeks.

**3409** Seniority accumulated by a part-time nurse up to May 17, 2024 shall be retained. Seniority hours calculated after May 17, 2024 shall be in accordance with hours paid at the regular rate of pay.

**3410** Subject to Article 3806, a nurse whose employment status changes from part-time to full-time shall be entitled to receive an increment on the later of:

(a) one (1) calendar year from the date of their last increment, or date of employment as the case may be;

$$B = 2015 - (A \times 3/2)$$

A = number of hours during which seniority was accrued under part-time status since the date of their last increment, or starting date as the case may be.

B = number of hours remaining to be worked as full-time to earn an increment.

**3411** Subject to Article 3806, a nurse whose employment status changes from full-time to part-time shall be entitled to receive an increment on the later of:

- (a) one (1) calendar year from the date of their last increment, or date of employment as the case may be;

A = number of hours during which seniority was accrued under full-time status since the date of their last increment, or starting date as the case may be.

B = number of hours remaining to be worked as part-time to earn an increment.

**3412** Where a Recognized Holiday (or the Employer's designated lieu day) falls on a part-time nurse's normally scheduled day of work but the nurse's department/unit/program is closed, it is recognized that the nurse shall receive an unpaid leave of absence unless the nurse requests one of the following options:

- The nurse(s) may request to use one (1) of their retained vacation days or banked overtime in accordance with Article 1501; or
- Notwithstanding Article 3402, the nurse may request to be scheduled for an alternate shift, subject to the availability of work and provided the nurse is qualified to perform the required work. This alternate shift must be requested a minimum of two (2) weeks in advance of, and scheduled within, the posted shift schedule in which the Recognized Holiday falls. It is understood that this rescheduled shift will be payable at the nurse's basic rate of pay.

## **ARTICLE 35 -- SPECIAL UNDERSTANDINGS RE CASUAL NURSES**

**3501** Casual nurses will receive vacation pay at the rate of six percent (6%) of all hours paid at basic salary including hours worked on Recognized Holidays in a bi-weekly pay period.

**3502** Casual nurses are paid in accordance with the salaries specified in Appendices "A" and "B" and receive a starting salary as described in Article 38.

A casual nurse shall receive increments on the basis of one (1) increment for each 2015 regular hours worked. Such increment shall be applied on the first day of the first pay period following completion of 2015 hours.

When a nurse elects to terminate their full-time or part-time position and makes application to be hired as a casual nurse, the following conditions will apply:

- (a) Such casual nurse will be paid in accordance with the salary specified in Appendices "A" and "B";

Where the Employer has failed to remit as required and as a result of that failure the nurse has been denied access to a benefit which they would otherwise have received but for the failure to remit, the Union on behalf of the nurse is able to seek, through the grievance process, appropriate redress for any and all incurred losses. All appeal processes under the applicable plan must be exhausted prior to any grievance being initiated through the grievance process. The jurisdiction of an arbitrator appointed pursuant to the grievance process to interpret and apply any applicable benefit plan shall be limited to the application of this provision.

**4003** All under deductions are considered to be an accounts receivable and will be deducted from a nurse’s wages when discovered by the Employer.

The deduction will be made in a fair and reasonable manner after notification to the nurse and taking into consideration the amount of the account receivable and the purpose of the amount under deducted.

The parties agree to work towards a systemic labour adjustment plan utilizing a provincial attrition model where reasonable, and utilizing any other programs as agreed to by the parties.

**4202** In the event that this Article conflicts with the terms of any other existing Article within the Collective Agreement, the terms of this Article shall prevail (unless otherwise specified).

1. When programs are transferred, consolidated, or merged from one or more facilities/programs/sites to another, the Employer(s) will determine the number of nurses required by classification.

Where, in the event of a transfer/closure/consolidation/merger of one or more of the programs and/or facilities and/or sites, an affected nurse's worksite/originating site is moved from one (1) city or town to another city or town potentially requiring a change of residence by the nurse, the Union and the nurse shall be given notice of the move three (3) months in advance of the date upon which the move of the nurse is to be effected. Such notice shall be provided in writing to the Union and the affected nurse by the Employer.

Should the nurse accept the position requiring relocation they may request that the effective date of the relocation be deferred by up to one (1) month for personal reasons such as the impact on school-age children.

Where a nurse has accepted relocation involving a change in residence, they shall be reimbursed as per the MOU #21 re: Relocation Assistance for Program Transfers.

Qualified nurses affected will first be given the opportunity to move with the facility(ies)/program(s)/site(s), before other nurses. Where excess numbers of nurses wish to move, nurses will be selected in descending order of seniority. Where an insufficient number of nurses by classification volunteer to move, the remaining vacancies shall be filled by utilizing the job posting/recall procedures in the applicable Collective Agreement. Where a nurse is not able or elects not to move, the provisions of Article 27 will apply.

2. If vacancies continue to exist after the job competition, the Employer(s) reserves the right to transfer affected nurses from the sending facility(ies)/program(s)/site(s) to fill the vacancies commencing with the most junior qualified nurse. A nurse shall not be compelled to accept a transfer where the receiving facility/program/site is greater than fifty (50) kilometres from the sending facility/program/site. In such case, where a nurse declines to accept a position at the receiving facility(ies)/program(s)/site(s), and no similar position is available at the sending facility(ies)/program(s)/site(s) for which the nurse is qualified, the nurse may exercise their seniority rights (deletion/bumping) or be placed on layoff in accordance with Article 27. Where it is not possible due to seniority level or where there are no positions available within .2 of the EFT of the position occupied by the nurse at the time of the deletion, the nurse shall be entitled to exercise their seniority rights, subject to their ability, performance and qualifications, to displace a nurse in a position of equal or lower classification within any of the other sites comprising the Employer. Any nurse thus displaced shall also be entitled to a like exercise of seniority rights.
3. Nurses who are transferred in accordance with this Article shall retain seniority, service, and all other benefits as specified hereinafter:
  - (a) continuous service date
  - (b) accumulated income protection benefits;
  - (c) length of employment applicable to rate at which vacation is earned;
  - (d) length of employment applicable to pre-retirement leave;
  - (e) length of employment applicable for qualification for the Magic 80 (as per the terms and conditions of the applicable pension plan) pension provisions;
  - (f) length of employment applicable to next increment date;
  - (g) the terms and conditions of the benefit plan(s) for the new Employer apply; however, normal waiting periods would be waived, subject to the applicable benefit plans' terms and condition;
  - (h) seniority credits (in accordance with receiving Collective Agreement).
  - (i) transfer of current vacation hours unless the nurse elects to have their current vacation hours paid out by the previous Employer at the time of the transfer;
  - (j) placement at the greater of the nurse's salary level at the sending facility/program/site, or in accordance with the recognition of previous experience clause(s) in Article 38, including placement at the fifteen (15), twenty (20) and twenty-five (25) year rate;
  - (k) Academic Allowance;
  - (l) where a nurse transfers prior to the completion of maternity leave return of service requirements, the nurse shall be allowed to complete the return of service requirements at the receiving facility(ies)/program(s)/site(s).
4. Nurses who are transferred in accordance with this Article will be treated in all respects as if they had always been nurses of the receiving facility(ies)/program(s)/site(s)

To ensure the accuracy of the calculation of seniority and service of transferred nurses, the Employer(s) will provide sufficient information to verify an accurate calculation has been made.

5. The receiving facility(ies)/program(s)/site(s) will provide an orientation period to nurses transferring to new facility(ies)/program(s)/site(s) and shall take into consideration the individual needs of the transferring nurse(s). The orientation period shall be of sufficient duration to assist the nurse in becoming familiarized with essential information such as policies and procedures, routines, location of supplies and equipment, and fire and disaster plans.

It is further agreed that periods of orientation shall be considered time worked.

Issues related to orientation will be referred immediately to the Employers Organization Nursing Advisory Committee, in order to ensure a standardized, effective orientation structure, duration and content across the Employers Organizations.

6. No new probationary/trial period will be served by transferring nurses. Any transferring nurse who had not yet completed their probationary/trial period at the sending facility/program/site will complete the balance of the period required at the receiving facility/program/site.
7. Should the transferred nurse decide not to remain at the receiving facility/program/site, such nurse shall provide written notice to the receiving facility/program/site no later than sixty (60) days following the date of transfer. The nurse shall be entitled to be placed on the Central Redeployment list and the recall list of the sending facility(ies)/program(s)/site(s).
8. It is agreed that vacation earned at the sending facility/program/site shall not be paid out upon transfer unless the nurse requests.

In the event a nurse elects to have their accrued vacation transferred, it does not mean that the previously approved vacation dates will be honored at the receiving facility/program/site. The receiving Employer will schedule the remaining vacation in consultation with the nurse, based on operational requirements and in accordance with Article 21.

In the event a Transfer of Program as per Article 4204 (A), the parties agree that where affected nurses hold accrued seniority and service at multiple Employers/facilities/programs/sites, the parties will review the effect of the restructuring on such nurses to ensure fairness and equity in the recognition of seniority and service.

## **B. Temporary Transfer of Nurses**

1. To facilitate temporary transfers within and between Employers Organizations to facilities/programs/sites experiencing a need for additional nurses on a sporadic or episodic basis, nurses qualified to perform the work from other facilities/programs/sites, as determined by the Employer(s), shall be offered the opportunity to work in the facility(ies)/program(s)/site(s) experiencing the need for additional nurses.

Temporarily transferred nurses shall be paid the greater of six dollars (\$6.00) per hour or fifteen percent (15%) above their normal rate of pay for all hours worked at the receiving facility/program/site.

2. Temporary transfers shall not be implemented until the applicable provisions of the Collective Agreement of the receiving facility/program/site relating to the assigning of occasional additional shifts are fulfilled. Before transferring nurses, the Employer shall first seek to prebook remaining available shifts on the basis of voluntary eligible overtime.
3. The temporarily transferred nurses will continue to be covered by the terms of the sending facility's/program's/site's Collective Agreement.
4. Where an insufficient number of qualified nurses volunteer to be temporarily transferred, the Employer reserves the right to transfer nurses (based on operational requirements at affected facilities/programs/sites) from such facility(ies)/program(s)/site(s) as determined by the Employer, commencing with the most junior qualified nurse (regardless of classification) at the sending facility(ies)/program(s)/site(s) for a maximum of six (6) weeks duration, unless otherwise mutually agreed between the nurse and the Employer.

A nurse shall not be compelled to transfer to a facility/program/site greater than fifty (50) kilometres from their home facility/program/site.

The Employer agrees that this provision (#4) shall be utilized only under extenuating and emergency circumstances, and further, shall be implemented only in accordance with the provisions of Article 1001 of the Collective Agreement.

5. Temporarily transferred nurses will be provided with a daily "work disruption" allowance, for each day actually worked as follows:

and

- (b) Where a nurse is temporarily transferred and due to the distance involved requires accommodations, the Employer shall pay actual travel time at the nurse's regular rate of pay for one-time return travel between the sending and receiving locations. All travel expenses, accommodations, as well as a daily per diem of sixty dollars (\$60.00) will be paid for the duration of the transfer, including days in which the nurse has not worked.
6. The receiving facility/program/site will provide an orientation period to the temporarily transferred nurse. The orientation shall be of sufficient duration to assist the nurse in becoming familiarized with essential information such as policies, procedures, routines, location of supplies and equipment, and fire and disaster plans. The orientation shall take into consideration the individual needs of the transferring nurse(s).

It is further agreed that periods of orientation shall be considered time worked.

Issues related to orientation will be referred immediately to the Employer Organization Nursing Advisory Committee, in order to ensure a standardized, effective orientation structure, duration and content across the Employers Organizations.

7. It is further agreed that should it be necessary to temporarily transfer nurses from one facility/program/site to another, in accordance with this Article as much notice as possible shall be provided to such nurse. Should the temporary transfer be required during the course of a scheduled shift, travel time from the sending to the receiving facility/program/site shall be considered time worked. If personal transportation is not available, transportation will be provided. Where a change in work schedule is required by the Employer (receiving facility/program/site) as a result of a transfer, the nurse(s) shall be compensated as per #10 below.
8. "Personal transportation" will be expanded to include the following:

Return transportation will be provided by the Employer, if the nurse requests transportation or if personal transportation is not available. If personal transportation is utilized, the following shall apply:

- (a) Parking in close proximity to the "receiving facility/site" will be made available.
- (b) Parking expenses shall be reimbursed to the nurse by the Employer.
- (c) The nurse shall be eligible for transportation reimbursement in accordance with the prevailing Province of Manitoba mileage rates in accordance with the following formula, subject to a minimum guarantee of four dollars (\$4.00):

Distance (in kms) from the nurse's home to the "receiving facility/site" minus the distance (in kms) from the nurse's home to the "sending facility/site".

It is understood that any adjustments in the mileage rates shall be implemented as quickly as reasonably possible, retroactive to the date the Province of Manitoba mileage rates became effective.

9. In the event of a temporary transfer which exceeds six (6) weeks in duration, and where a nurse has requested to discontinue their transfer and return to the sending facility/program/site, the Employer shall conduct a recanvass for volunteers amongst qualified nurses. Where there are insufficient volunteers to replace the temporarily transferred nurse, as per #4 above, the sending facility shall send the next most qualified junior nurse in order of ascending seniority to replace the temporarily transferred nurse requesting return.
10. Where a change in work schedule is required by the Employer (receiving facility/program/site) as a result of a temporary transfer, the nurse(s) shall be compensated with a Shift Disruption Allowance as described below for each shift that has been changed and worked by the nurse. The following rules shall apply:
  - (a) Compensation of one of the following amounts as applicable per shift, whichever is greatest:
    - i. \$25 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than one (1) hour and up to four (4) hours; or
    - ii. \$35 Impact Shift Changes: a change is made to the calendar day that a nurse was scheduled to work (no change to shift length or shift description); or
    - iii. \$50 Impact Shift Changes: an adjustment is made to the start and end times of a shift that is greater than four (4) hours; a change is made to the shift length (eg: 8 to 12 hours); a change is made to the shift description (eg: from straight Days to Days/Nights, or from straight Days to Days/Evenings);
  - (b) Shift disruption allowance will not be paid on days during which the nurse does not work or for shifts that have not been changed;
  - (c) Nurses shall not be eligible to receive overtime as a result of changes to their shift length (i.e. changing from 8 to 12 hour shifts), unless they are in an overtime situation as identified in the nurse(s) respective Collective Agreement and are now required to work additional hours.

- (d) Changes to shift length must not cause a decrease to the nurses' EFT; and
  - (e) Shift disruption allowance will cease to be paid, upon the effective date of the subsequent shift schedule which shall be posted in accordance with the Collective Agreement, and the nurse is scheduled as posted. If this posted schedule is disrupted the nurse shall be paid in accordance with 10. (a) above. When the transferred nurse is returned to their owned position, the Shift Disruption Allowance is not applicable.
11. The parties agree that the provisions of this Article are intended to satisfy the requirements of Article 1001 (b) except where unusual working conditions related to such emergency are not specifically contemplated herein.
12. Where distance is indicated herein, it is understood to be the distance measured in kilometres by the most direct route by serviceable public roadway between applicable locations.

## APPENDIX "E" -- MEALS AND MISCELLANEOUS EXPENSES

Where a greater provision as contained in this Appendix below is obtained by another bargaining unit in the healthcare sector for any of the direct operations sites within any of the EO's in this Agreement, upon implementation nurses will simultaneously receive the same increase.

### MEALS – ELIGIBILITY FOR CLAIMS

**101** Breakfast – A nurse is expected to have had breakfast before the start of the day's work, even though some travel may be necessary before the recognized starting time. Exceptions occur to this pattern and cost of breakfast may be claimed when:

- (a) the nurse is in travel status; or
- (b) the nurse has been travelling for more than one (1) hour on Employer business before the recognized time for the start of the nurse's day's work.

**102** Luncheon – A nurse is expected to make arrangements to provide or purchase luncheon, or the mid-day or mid-shift meal. For many nurses, either because of lack of facilities in the area of work or for general convenience or economy, luncheon is carried to work rather than purchased. Exceptions to this pattern, when cost of luncheon may be claimed, occur when:

- (a) the nurse is in travel status; or
- (b) the nurse is away from the nurse's normal place of work and outside the site/worksites area which would cause the nurse to disrupt the nurse's normal mid-day or mid-shift meal arrangements.

The inability of the nurse to return to the nurse's home or residence does not constitute grounds for claim for the cost of a purchased meal.

**103** Dinner – A nurse may only claim for the cost of a dinner meal when:

- (a) the nurse is in travel status; or
- (b) the nurse has been travelling on Employer business and not expected to arrive back to the nurse's residence before 7:30 p.m. when a meal break not taken.

Any extension of working hours at the normal place of work is covered under Article 3 – Meal Allowances During Overtime Work. No other meal claims except as provided in this Article shall be paid.

### MEAL EXPENSES – TRAVEL WITHIN THE PROVINCE

**201** A nurse who is eligible may claim the actual cost of purchased meals up to the following maximum amounts:

	<b>Individual Meals</b>		
	<b><u>Breakfast</u></b>	<b><u>Lunch</u></b>	<b><u>Dinner</u></b>
(a) In areas covered by Remoteness Allowance			
Effective April 1, 2024	\$9.19	\$11.35	\$19.69
(b) In all other areas			
Effective April 1, 2024	\$8.64	\$10.84	\$18.37

When the “Province of Manitoba Meals & Miscellaneous Expenses” rates are adjusted and exceed the above rates, the Employer will adjust the rates retroactive to the date the Provincial rates take effect. All future rate adjustments will parallel the Provincial adjustments.

- 202** For each full day in travel status an eligible nurse may claim a Per Diem Allowance in lieu of individual meal claims to cover the cost of purchased meals as follows:

**Per Diem Allowance**

(a) In areas covered by Remoteness Allowance	
Effective April 1, 2024	\$42.67
(b) In all other areas	
Effective April 1, 2024	\$37.85

When the “Province of Manitoba Meals & Miscellaneous Expenses” rates are adjusted and exceed the above rates, the Employer will adjust the rates retroactive to the date the Provincial rates take effect. All future rate adjustments will parallel the Provincial adjustments.

- 203** Where no overnight accommodation is involved only the appropriate individual expenses under Section 01 may be claimed.

- 204** Where a single price or flat rate is charged for meals by the supplier and no other reasonable alternative in the location is available (which may occur in some remote or isolated communities), actual meal expenses exceeding the above maximum may be claimed if supported by a receipt.

## MEAL ALLOWANCES DURING OVERTIME WORK

**301** Extension of working day where a nurse's working day has been extended beyond the standard working day or shift at the normal place of work by EITHER:

(a) at least two (2) hours, exclusive of a dinner or supper break, a meal allowance shall be paid at the following rate:

\$6.38 per day

(b) at least three and one-half (3½) hours, exclusive of a dinner or supper break, an allowance equivalent to that payable for "luncheon" in the appropriate area as shown in Article 2 – Meal Expenses – Travel Within the Province, shall be paid.

When the "Province of Manitoba Meals & Miscellaneous Expenses" rates are adjusted and exceed the above rates, the Employer will adjust the rates retroactive to the date the Provincial rates take effect. All future rate adjustments will parallel the Provincial adjustments.

**302** A nurse in travel status is not entitled to the above allowances.

**303** Special emergencies where special circumstances arise, (e.g. flood control, fire duties, etc.) and a nurse is required to work extended hours in connection with that emergency, with the authority of the Employer, the nurse may claim the cost of purchased meals appropriate to the period worked, as provided for under Article 2 – Meals Expenses – Travel Within the Province.

## INCIDENTALS ALLOWANCE

**401** A nurse who is in travel status may claim an incidentals allowance for each night of:

(a) commercial accommodation  
\$4.60

(b) non-commercial accommodation  
\$3.20

When the "Province of Manitoba Meals & Miscellaneous Expenses" rates are adjusted and exceed the above rates, the Employer will adjust the rates retroactive to the date the Provincial rates take effect. All future rate adjustments will parallel the Provincial adjustments.

- 402** The incidentals allowance covers reimbursement for all incidental expenses except as provided in Article 5 – Miscellaneous Expenses During Travel.

## **MISCELLANEOUS EXPENSES DURING TRAVEL**

### **501** Gratuities

No gratuities may be claimed. Allowance is made for these in either the individual meal allowances, the per diem allowances, or as part of the claim for meals during travel outside the province.

### **502** Laundry

- (a) Laundry charges must be supported by receipts and may only be claimed where the nurse is travelling on Employer business and overnight away-from-home accommodation is involved for a period in excess of four (4) consecutive nights.
- (b) No claim may be made where special reimbursement arrangements have been made, such as a weekly or monthly allowance for living costs.

### **503** Parking

- (a) A nurse may claim parking expenses as follows:
  - (i) short-term parking, when the nurse is away from the workplace; and
  - (ii) overnight parking where it is not provided with accommodation.
- (b) parking at an airport or other transportation terminal will only be allowed where the parking cost and the transportation costs to and from the terminal are less than the normal allowable transportation costs i.e. limousine, taxi or bus, as available.

### **504** Telephone and Facsimiles

- (a) Charges for telephone calls and facsimiles necessary for business purposes may only be claimed when they are supported by a listing of the person telephoned or faxed and the city or town involved.
- (b) A nurse is entitled to claim the cost of long distance telephone calls up to a maximum of four dollars and seventy-eight cents (\$4.78) for each period of three (3) consecutive nights away from the nurse's residence on Employer business and overnight accommodation is involved.

## **TRAVEL STATUS – RETURN HOME OVER A WEEKEND**

- 601** Provided that work schedules permit, a nurse in travel status may return home over a weekend and shall be reimbursed travel expenses in an amount not exceeding the cost of maintaining the nurse in travel status over the weekend.
- 602** If travel is by Employer vehicle, this cost should be evaluated at the per kilometer rate applicable for personal distance travelled for that class of vehicle.

## **ACCOMMODATIONS**

- 701** Nurses travelling on Employer business are entitled to standard hotel room accommodation with a bath when available.
- 702** The type, standard and cost of accommodation, and the period for which such costs may be allowed shall, in the opinion of the Employer, be reasonable considering all relevant circumstances.
- 703** No accommodation expenses are claimable when the Employer provides a trailer or other suitable accommodation.

## **DEFINITIONS**

- 801** “Travel Status” means absence of the nurse from the nurse’s permanent work location on Employer-approved business involving travel and accommodation.

## APPENDIX “F” -- BI-WEEKLY REMOTENESS ALLOWANCES

Remoteness Allowances shall be paid to nurses subject to the following eligibility criteria and conditions:

A. Single or Dependent Allowance

Single status will be assumed for all nurses eligible for Remoteness Allowances, and claims for dependent rate will be subject to the following criteria and conditions:

1. The nurse shall be supporting one or more dependents where a dependent includes:
  - spouse or common-law, including same sex partner, living with and dependent on the nurse for main and continuing support; this is presumed to be the spouse or common-law spouse whether or not gainfully employed, unless satisfactory evidence is produced to the contrary;
  - unmarried dependent children under 18 years of age;
  - unmarried dependent children over 18 but under 21 years if in full time attendance at a school or university or similar educational institution;
  - unmarried children of any age with a mental or physical disability
2. There is a presumption of marriage evidenced by co-habitation. If a marriage contract is not in existence, a common-law arrangement must have been in existence for at least one (1) year prior to the application.
3. A claim, with appropriate attestation, notarized where considered necessary, for payment of depending supporting status allowances, will be submitted to the Employer when first requesting the allowance, and at the request of the Employer. However, the nurse is responsible to provide appropriate attestation to the Employer when any change occurs in the eligibility of a dependent.
4. Where both spouses or common-law partners are employees of the Employer to which these criteria eligibility apply, the dependent rate will be paid to one spouse or common-law partner only and the other one will not receive either the dependent or single rate of Remoteness Allowance, or the employees can receive one-half of the dependent rate each.

B. Calculation of and Eligibility for Daily rates:

Remoteness Allowances are to be determined separately from hourly wage rates. Remoteness Allowances are to be considered on a daily basis, i.e. 1/10th of the bi-weekly rate, up to the maximum amount for the bi-weekly period.

1. The nurse shall receive 1/10<sup>th</sup> of the bi-weekly rate for every day the nurse is at work irrespective of the number of hours worked, so long as a minimum of one hour is worked that day.
2. Where a nurse regularly works a shift above the normal daily hours (7.75), the allowance will be provided on a prorated basis.
3. For each day that the nurse is recognized as being on “stand-by”.

C. Locations and Residence:

The Remoteness Allowance applicable to the location at which the nurse has established their residence and maintains a family home is normally that which prevails, since the residence would be within normal daily travel distance to the nurses' work site. In any case where the nurse does not have a residence established on a continuing basis in relation to their work site, the location of the nurse's work site, as established by the Employer, shall be considered the location for Remoteness Allowance

D. Limitations:

The Remoteness Allowances for the various sites for nurses who are single or supporting dependent(s) as indicated, represent a maximum hourly taxable allowance relative to paid employment. They are payable during recognized holidays and vacations taken during continued employment, while receiving income protection benefits. They are not payable during periods of absence without pay, nor payable at overtime rates or other premium pay scales, nor included as part of regular bi-weekly earnings in calculation of vacation wages on termination of employment.

E. Geographic Eligibility:

No location will be included for Remoteness Allowance that is two hundred and fifty (250) kilometers or less from the centre of the metropolitan area of the City of Winnipeg or the City of Brandon, unless that location is a distance of sixty-five (65) kilometers or more by the most direct road to a provincial trunk highway or paved provincial road, and the aggregate distance to the highway or paved road and then to Winnipeg or Brandon totals two hundred (200) or more kilometers. No location having road access and situated south of the

fifty-third (53<sup>rd</sup>) parallel of latitude will be included unless the criterion concerning off-highway access was met.

- F. A full-time nurse eligible for Remoteness Allowance as provided in this schedule shall be eligible, in each fiscal year (April 1 to March 31), to receive up to a maximum of two (2) days travel time without loss of regular pay.

The Employer and the Union further agree that any improvement to this policy which is made by the Provincial Government will equally affect all nurses who come under the scope of this Agreement.

**MEMORANDA OF UNDERSTANDING  
SUPPLEMENTARY TO THE COLLECTIVE AGREEMENT  
BETWEEN  
PRAIRIE MOUNTAIN HEALTH REGION EMPLOYERS ORGANIZATION  
AND  
THE MANITOBA NURSES' UNION**

**1. Re: Ratification of Collective Agreement**

The ratification date of the current Collective Agreement occurred on May 17, 2024.

**2. Re: Manitoba Health Premiums**

It is agreed that if Manitoba Health premiums are introduced during the life of this Agreement, the parties will meet to discuss and decide on an equitable sharing of the cost of these premiums.

**3. Re: Amnesty From Provincial Wage/Hours Of Work Reduction Legislation**

The Employer will not exercise any right it may receive through legislation which enables the Employer to unilaterally reduce the wages specified in the Collective Agreement or the hours of work specified in the Collective Agreement during the life of this Collective Agreement.

**4. Re: Shifts of Less than 7.75 Hours -- Not Applicable for Home Care Nurses**

The Employer and the Union mutually agree that the following conditions shall apply to shifts of less than seven and three-quarter (7.75) hours. It is agreed that there shall be no scheduled shifts of less than four (4.0) hours.

1. The terms and conditions of the Collective Agreement shall apply to part-time nurses working shifts of less than seven and three-quarter (7.75) hours except as otherwise stated hereinafter.

2. The Employer shall notify the Union in writing of its intent to introduce a shift of less than seven and three-quarter (7.75) hours. This notice shall include reasons for the introduction of this shift. The Employer and the Union shall meet within fourteen (14) days to discuss the introduction of the shift and the feasibility of available alternatives to same. If there are no mutually acceptable alternatives, then the following shall apply.
3. The Employer shall post all vacant, term or new positions which will include scheduled shifts of less than seven and three-quarter (7.75) hours. Such posting(s) shall specify the shift length(s) for the particular position.
4. Shifts of four (4.0) to five (5.0) paid hours shall include one (1) fifteen (15) minute rest period. Shifts of greater than five (5.0) paid hours but less than seven (7.0) paid hours shall include one (1) fifteen (15) minute rest period and exclude one (1) thirty (30) minute unpaid meal period. For shifts of seven (7.0) paid hours to seven and three-quarter (7.75) paid hours - rest and meal periods to be the same as per current agreements Article 14 for the "normal" seven and three-quarter (7.75) hour shift.
5. In the event that a nurse working such a shift agrees to remain at work beyond the end of their scheduled shift, the nurse shall be paid for all hours worked beyond the shift at their basic salary up to seven and three-quarter (7.75) hours. Overtime rates of pay shall be applicable to time worked in excess of seven and three-quarter (7.75) hours, such time to have been authorized in such manner and by such person as may be directed by the Employer.
6. If a part-time nurse agrees to work an additional available shift, as referenced in Article 3402, the nurse shall be paid for those hours at their basic salary unless the part-time nurse has already worked in that day, in which case overtime rates of pay shall apply.
7. No nurse shall be scheduled to work more than one (1) shift of less than seven and three-quarter (7.75) hours in any one (1) day.

## **5. Re: Agency Nurses**

The Employer commits to making best efforts to minimize to the greatest degree possible the use of nurses employed by outside agencies ("agency nurses") to fill occasional available shifts.

Any Employer within the EO shall not retain or hire as an agency nurse, any nurse who is also an employee of any Employer within the EO. In order to avoid such occurrence, the Employer may at its discretion require the nurse to disclose any agency employment and clearly communicate the prohibition to work as an agency nurse within the same EO where a nurse is already employed.

The Employer affirms its commitment that such shifts, including those which result from not filling term or permanent positions for a period of time, will be offered first to facility/site nurses in accordance with the provisions of the Collective Agreement. Only when nurses at the facility, other sites and/or the Provincial Travel Nurse Team are not available, will the facility/site resort to seeking assistance from outside agencies.

The Employer further agrees to meet with the Union on a quarterly basis through the NAC meeting process, to review trends and data (number of agency nurses used, reasons for use and process management used to attempt to obtain facility/site nurses) and explore alternatives to minimize the use of agency nurses to the greatest degree possible. Included in the data provided will be hours of agency nurses used by classification, and separated by Region and site. Such report will be provided to MNU Central on a quarterly basis to facilitate discussion. It is understood that the information provided may only be discussed at the NAC meetings, and shall not be disclosed or relied upon in any other forum other than the grievance/arbitration procedure.

Should there be questions arising from the report, such inquiries should be directed to the appropriate Region for resolution.

Where no hearing is held, it is expected that the Grievance Investigator will provide their written opinion within seven (7) calendar days following completion of their investigation.
  7. Where either or both parties choose not to accept the opinion of the Grievance Investigator, they shall, within seven (7) calendar days following receipt of the Investigator's written opinion, submit it in writing to both the Investigator and the other party, their reasons for non-acceptance. Such reasons shall not be admissible at any future arbitration hearing or Grievance Investigation proceeding.
  8. The parties shall jointly prepare guidelines to assist the Grievance Investigator in meeting the expectations of the parties. These guidelines may be amended from time to time during the Collective Agreement as circumstances warrant and as mutually agreed. The parties shall meet on a province wide basis through staff representatives of the MNU and the PHLRS at the request of either of these two bodies, but not less frequently than every six (6) months to review the operation and utilization of the Grievance Investigation Process.
  9. Nothing shall preclude the parties from resolving any grievance in any mutually agreed manner either before, during, or after its referral to the Grievance Investigation Process.
  10. It is expressly understood that the Grievance Investigation Process is intended to provide a cost-effective, informal, and timely alternative to conventional arbitration.

## **Part 2 SUBMISSION OF GRIEVANCE**

1. In all cases the grievance procedure contained in the Collective Agreement will continue to apply; however, where the grievance procedure has been exhausted and a party has certain time limits to refer the matter to arbitration, that party might instead within this time limit, advise the other party in writing of its desire to refer the matter to the Grievance Investigation Process. Where such a request is made, the time limits referenced in the Grievance/Arbitration procedure shall be temporarily suspended until:

- a) the other party advises the party who has made such a request that it does not agree to refer the matter to the Grievance Investigation Process, or
- b) fourteen (14) calendar days have elapsed from the date the request was made and the other party has failed to respond, or
- c) fourteen (14) calendar days have elapsed from the date upon which the Grievance Investigator issued their written opinion.

When any one of the events referred to in a), b), or c) above occur, the time limits for referring the matter to arbitration shall commence as if the grievance procedure had been exhausted on that date.

### **Part 3        HEARINGS**

1. Hearings will normally be held on the premises of the facility where the grievance originated from; however, the Investigator may, with the consent of both parties, choose a more appropriate location in such instances as where several grievances originating from different locations can be heard at the same hearing.
2. The parties agree not to be represented at any Grievance Investigation hearing by legal counsel. Attendance at hearings shall be limited to a maximum of four (4) employees from the bargaining unit and/or the Union, and four (4) Employer and/or PHLRS representatives. This stipulation shall not prevent the Grievance Investigator from requesting the attendance of any other person who can assist in clarifying the issue in dispute.
3. The parties agree to provide the Investigator with a jointly prepared statement of facts in an effort to narrow the scope of any dispute and to minimize the need to present evidence through witnesses. The Grievance Investigator may through the course of their investigation determine additional facts relevant to the resolution of the matter and shall advise the parties accordingly.
4. Hearings shall be held in an informal manner; however, the Investigator shall conduct any hearing in a manner deemed by them to be effective. Witnesses will not give evidence under oath but the Investigator may act as a participant in attempting to resolve areas of conflicting evidence.
5. Each party shall pay for their own costs associated with any witnesses (wages, payroll costs, and expenses) that are used to provide information as part of their evidence.

The Employer will be responsible for paying the grievor for the time of attendance at the GIP hearing at straight time rates.

**Part 4 GUIDELINES FOR GRIEVANCE INVESTIGATOR**

1. The Grievance Investigator shall be expected to accept the role for the life of the Collective Agreement.
1. While appointed, the Grievance Investigator may not act on behalf of one of the parties either as counsel or nominee at conventional arbitration. They may serve as sole Arbitrator or Chairperson of an Arbitration Board hearing a dispute involving one or both of the parties except in the case of a dispute which has previously been referred to them in their capacity as Grievance Investigator.
2. While it is not expected to be as detailed as an Arbitrator's award, the parties do expect the written opinion to be a concise statement of the reasoning followed in reaching their conclusions. A detailed review of the positions of the parties or arbitral jurisprudence is not expected nor is any recounting of non-germane fact or argument. The opinion should contain sufficient information to assist the parties in preventing similar future disputes.
4. The parties shall each pay for their own costs associated with referring and processing a grievance through the Grievance Investigation Process except that the parties shall jointly and equally share the fees and expenses of the Grievance Investigator.
5. The Grievance Investigator is empowered to consider any grievable matter put to them by the parties including a question of whether or not an issue is grievable.
6. The opinion of the Grievance Investigator is expected to be an informed estimate of the likelihood of the grievance being sustained or denied in the event of it being referred to arbitration.

Vacation shall be scheduled in accordance with Article 2101.

11. Standby:

The provisions of Article 18 shall apply to the 12 hour shift memo.

12. Additional available shifts shall be offered equitably to all nurses working on the unit/worksite/program regardless of their regular shift length.
13. The terms of Article 1504 (g) shall be applicable.
14. Individual shifts of 11.63 (“12”) hours shall not be interchanged, as referenced in Article 15, with individual shifts of seven and three-quarter (7.75) hours, however nurses can interchange three (3) seven and three-quarter (7.75) hour shifts (23.25 hours) with two (2) 11.63 hour shifts.
15. Where payroll limitations exist such that only two decimal points can be entered in regard to shift length, the shift length shall be rounded up to two decimal points.
16. The shift length of vacant positions will not be altered without mutual agreement between the Union and the Employer.
17. Any current 7.75 hour positions held by a nurse will not be deleted solely for the purpose of creating an 11.63 hour shift.

**20. Re: Transfer of Program as per Article 4204 (A)**

In the event a Transfer of Program as per Article 4204 (A), the parties agree that where affected nurses hold accrued seniority and service at multiple Employers/facilities/programs/sites, the parties will review the effect of the restructuring on such nurses to ensure fairness in the recognition of accrued seniority and service.

Such considerations shall include amalgamation of earned seniority and service from multiple positions into a singular position. The parties agree the intention of this memorandum is to avoid disentiing a nurse from seniority and service earned.

**21. Re: Relocation Assistance as per Article 4204 (A) - Program Transfers**

The parties acknowledge and agree that the following provisions will be applicable in the event a nurse is relocated as per the conditions outlined in Article 4204 (A) – Program Transfers.

1. Relocation Expense is defined as those funds that are required to provide for the following:
  - expenses in packing, moving and unpacking specified household goods and personal effects;
  - if required, the cost of meals and lodging for the entire family while occupying temporary quarters for a period normally up to five (5) days after the start date of employment.
2. The relocation costs will be paid up to a maximum of \$7,500.  
In exceptional circumstances where a nurse is relocated, particularly but not exclusively, to a remote area and moving costs exceed the prescribed maximum, the Employer shall provide due consideration to pay such moving expenses. The Employer may require a longer service commitment in exchange for coverage of the costs. Such to be negotiated with the Union.
3. It is a condition of reimbursement of relocation expenses to provide a minimum service requirement of one (1) year. Should this service commitment not be met, it will be stated in the written offer of employment that the nurse agrees to repay a pro-rated portion of the relocation funding provided.
4. The nurse will be required to obtain three (3) separate estimates of the relocation of their household effects, if a professional moving company is employed. Copies of each estimate must be sent to the appropriate Designate for information and review. Alternatively nurses may be offered the option of coordinating the move through a Relocation Assistance Company defined by Shared Health.
5. Relocation costs may include such relocation expenses incurred as follows:
  - expenses in packing, moving and unpacking specified household goods and personal effects;
  - after obtaining employment; travel, meals and lodging expenses for moving the nurse from their former residence to the new residence;
  - if required, the costs of meals and lodging for the entire family while occupying temporary quarters for a period of time subsequent to the start date of employment;
  - replacement Value Insurance Protection except for items of extraordinary value; and, reasonable storage expenses in new location.
6. Relocation costs not normally included are:
  - boats, trailers and other large recreational vehicles;
  - more than two cars;
  - flammable items;
  - third party servicing charges – e.g. washers, dryers, refrigerators, freezers, dishwashers, water purifiers, electronic air cleaners, stereo equipment, T.V. and RAD antennae, and/or towers, water beds, pool tables, etc;
  - housecleaning – at the old or new residence;
  - plants;

- frozen foods, preserves, etc;
  - perishables;
  - firewood, outdoor swimming pools, building supplies and other bulky items;
  - extra pickup or unloading at a second location;
  - removal of broom, draperies, fixtures, etc;
  - large volumes of heavy items such as books, shop equipment, tools that may be transported cheaper by some means such as railway freight; and,
  - insurance for items of extraordinary value.
7. The reference to relocation assistance and pre- payment service requirement will be included in the letter of offer to the affected nurse.
  8. The nurse will be required to sign their Letter of Offer including the minimum service requirement prior to any funds being released to the nurse for relocation costs. Any requests for consideration of funding in advance of relocation by the nurse must be submitted to the Senior Management Team member or designate for approval.
  9. Following the Senior Management Team member's review of the submitted estimates, and with the agreement of the nurse, the lowest acceptable estimate shall be accepted.
  10. The nurse will submit a claim for all eligible expenses incurred providing receipts for all expenses or services which have been paid directly. The claim must be submitted within three (3) months from the nurse's start date. Any requests for an extension by the nurse must be submitted to the Senior Management Team member for approval.

## **22. Re: Seniority Recognition**

In the interest of recognizing the seniority and benefits of new bargaining unit members as a result of The Health Sector Bargaining Unit Review Act (HSBURA), the Employer and the Union mutually agree to the following:

- All seniority hours accrued up to October 14, 2021 will be recognized as MNU bargaining unit seniority hours.
- All accumulated benefits and compensatory time, such as vacation, income protection, and banked overtime, will be maintained.
- Upon and going forward from October 14, 2021, the entitlements and accrual rates will be aligned with the applicable MNU Collective Agreement.

**NOTE:** *Entitlements and accruals subject to MOU #25 Re: Preservation of Accruals and MOU #26 Re: Article 3408 (Increments)*

## 23. Re: Return of Service Agreements

WHEREAS the parties recognize the importance of enhancing nursing skills for specialized areas including, but not limited to, Critical Care, Dialysis, Advanced Emergency, Chemotherapy; and/or initiatives related to the recruitment of nurses including, but not limited to, relocation expense allowances;

AND WHEREAS such education/training and recruitment initiatives are a significant investment by the health care system;

NOW THEREFORE the parties agree that the Employer may enter into a Return of Service Agreement with an individual nurse as follows:

1. A Return of Service Agreement must be agreed to and signed by the Union, the nurse and the Employer. A copy of the agreement will be provided to the Union and the nurse.
2. All terms and conditions agreed to in an executed Return of Service Agreement shall be fulfilled by the individual nurse and the Employer.
3. Notwithstanding the above, should the nurse not fulfill the terms of an executed Return of Service Agreement, the nurse shall be indebted to the Employer for the amount of debt owing for any unfulfilled portion of the terms and conditions. Recovery of any debt owing to the Employer shall be considered an authorized deduction in accordance with Article 40 but shall not be considered an overpayment. If, for any reason, the debt owing cannot be recovered through a payroll deduction, the Employer may pursue other means of recovery including, but not limited to, initiating a civil action in a Manitoba Court.
4. Return of Service Agreements shall not conflict with any other terms of the applicable Collective Agreement
5. The terms of the Return of Service Agreement shall include, but not be limited to:
  - (a) The monetary value of the Return of Service Agreement.
  - (b) The calendar time and hours worked required to fulfill the agreement.
  - (c) In the case of nursing skills enhancement, the expected date of completion of the program.
  - (d) The unit and/or program and/or location where the hours must be worked in order to count towards fulfillment of the agreement, which can be amended by mutual consent of the nurse and Employer.
  - (e) The amount of monetary repayment shall be assessed and hours worked toward fulfillment of the nurse's obligation shall be taken into account. Any such amounts shall be prorated based on the total hours of work required for the original term of fulfillment of the agreement.

- (f) In the event that an Employer is no longer able to provide a nurse with the opportunity to fulfill the terms of the agreement, the nurse shall not be obligated for repayment and the agreement shall become null and void.
- (g) In the event of an approved leave of absence, during the repayment period, the Employer and the individual nurse shall meet to revise the calendar time and hours worked required to fulfill the agreement. The nurse can elect to include the Union in such meeting.
- (h) Should the nurse fail to return to work as required under the Return of Service Agreement, the nurse is indebted to the Employer as per paragraph 3 above.
- (i) In the event of the death of a nurse prior to completion of any of the requirements of a Return of Service Agreement, the nurse's estate shall not be obligated to the Employer for any repayment and the agreement shall become null and void.

**24. Re: Provincial Travel Nurse Team (the "Team") (Applicable to Full Time, Part Time and Casual Nurses unless expressly stated otherwise)**

WHEREAS there is a need to meet health care service delivery requirements throughout the Province of Manitoba;

AND WHEREAS the parties recognize the need for a stable, reliable and skilled nursing workforce to effectively address the ongoing demands of various patient care needs, with less reliance upon external contracted resources;

AND WHEREAS the parties wish to encourage and incentivize nurses to help meet these requirements through participation in the Team;

AND WHEREAS retention, recruitment and training of nurses is a priority for the Manitoba government, health system Employers and the Manitoba Nurses Union;

AND WHEREAS the parties recognize there are significant nursing retention and recruitment challenges and the parties agree that ongoing, focused effort on retaining and attracting nurses to the provincial health system is required;

AND WHEREAS the parties have conducted collaborative discussions related to retention and recruitment of nurses in the Collective Agreements between the Employers and the Union, including the Provincial Travel Nurse Team (PTNT) and the intention of the parties is that these discussions continue;

AND WHEREAS the Provincial Travel Nurse Team is intended to make significant improvements in nurse staffing levels, significantly decrease the Employers' reliance on agency nurse usage, reassignment or temporary transfer of nurses due to staffing shortages and mandatory overtime usage by the Employers listed in Appendix "D" of the Collective Agreement;

AND WHEREAS the parties have determined they wish to modify and or amend certain conditions of the Memorandum of Understanding #24 (the Provincial Travel Nurse Team MOU), as well as the Memorandum of Understanding Re: Interpretation of MOU #30 Re Provincial Travel Nurse Team dated November 29<sup>th</sup> 2022, as indicated herein and agree as follows:

It is understood between the parties that the following interpretation and application will be applied as it relates to the Provincial Travel Nurse Team (PTNT).

1. Prior to implementation of the PTNT, nurses whose sites may be affected by the introduction of the PTNT program shall be provided reasonable opportunity to increase their EFTs.
2. Shared Health (direct operations) (the “Employer”) shall establish the Team and will employ nurses in positions in the Team. Team nurses will be covered by the terms of the Shared Health Employers Organization Collective Agreement (the “Shared Health Collective Agreement”), on the terms and conditions set out herein. Where the terms and conditions of this Memorandum of Understanding conflict with other provisions of the Shared Health Collective Agreement, this MOU shall govern.
3. Team nurses shall be entitled to work in any Employers Organization in the Province and shall be governed by the Shared Health Collective Agreement only.
4. The purpose of Team assignments for full-time, part-time, and casual nurses is to address staffing shortages caused by gaps in coverage such as for sick leave; vacation; leaves of absence; educational leaves; skills maintenance; surges in workload; unanticipated absences; unfilled vacancies; and such other causes as are experienced from time to time. For purposes of clarity available shifts will be offered to existing site nurses as provided in #27 below.
5. The Employer and the Union shall consult from time to time regarding the processes to be followed in the creation, development, and evolution of the Team and Team positions. Team processes will consider the requirements of patient care, recognition of the importance of a healthy workplace and value overall wellbeing of nurses, as well as input from the Employer and the Union regarding that:
  - assignments will be based on service delivery requirements;
  - travel will be required to designated locations for designated periods of time, and accommodation, where necessary, will be provided by the Employer;

- shift schedules may be variable and flexible (e.g. Days, Evenings, Nights, Weekends, or a combination thereof, as set out in the posting) as per #27 below;
  - type of positions may be variable and flexible (e.g. Casual, Term, Permanent); and
  - other considerations may arise in achieving the goals of the Team.
6. The Employer will create Team positions, which shall be posted and include the following information:
    - EFT (if applicable), anticipated shift schedule, and type of position (Permanent, Term or Casual);
    - may include areas or sites in the Province to which the position applies or may be subsequently determined in consultation with the nurse;
    - travel requirements and rates, and home base for purposes of determining same, if applicable;
    - nursing specialty, qualifications, and skills, as applicable; and
    - such other information as the Employer determines necessary.
  7. Where a nurse already holds a position with a Central Table Employer such shall be designated as the nurse's home base and will be included in the offer letter, for purposes of determining travel and accommodation entitlements.
  8. Schedules shall be determined by the Employer, within the scope of the posting subject to #27 below, and on reasonable notice to the nurse.
  9. Each site to which a nurse is assigned will provide an orientation period to the nurse. The orientation shall be of sufficient duration to assist the nurse in becoming familiarized with essential information such as policies, procedures, routines, location of supplies and equipment, and fire and disaster plans.
  10. Operational direction of the nurse will be the responsibility of the site to which a nurse is assigned. The Employer shall ensure the nurse is advised of who will provide operational direction at the site.
  11. 11. Any mileage expenses incurred, shall be compensated in accordance with the Collective Agreement.
  12. With the exception of Shared Health nurses as described in #17 below, the Team shall be considered to be a site within the Employer for purposes of Appendix "D" – Site List. As a result, hours worked in a Team position shall not be considered as hours worked for purposes of determining overtime for any other positions occupied by the nurse within the Employer.

13. Vacation and vacation pay, where applicable, will be provided in accordance with the Collective Agreement. Where possible, reasonable consideration will be given to aligning Team vacation requests with the vacation requests of nurses who hold another position(s).
14. Nurses participating in the Team are not eligible to receive the payments outlined in Appendix F – Bi-Weekly Remoteness Allowance, nor the Isolation/Remoteness Retention Allowance.
15. If the Employer at the site to which a nurse is assigned has concerns about the nurse's performance, these may be addressed informally by that Employer, but formal performance management shall be provided by the Employer only.
16. Seniority shall accrue with the Employer as provided in the Shared Health Collective Agreement.
17. Hours worked at "home base" are not eligible for the 15% or \$6.00 per hour, whichever is greater, premium.
  - (i) Where a nurse currently holds a position with an Employer who is part of the Shared Health Employer Organization, they shall be provided opportunity to accept a position in the PTNT. The positions shall be considered a separate site except for:
    - (a) Where a nurse holds a Central Table Employer (including Shared Health) position and a PTNT position, where the combined EFTs meet or exceed a 1.0 EFT, the nurse shall be considered to qualify for the Full Time Incentive(s) in accordance with the Collective Agreement and any other active memorandum.
18. All hours worked away from the home base will be provided the premium rate of \$6.00/hour or 15% (whichever is greater). Where a nurse does not hold a position with a Central Table Employer facility, site or program, the nurse shall NOT be considered to have a "home base" and all hours worked in the PTNT shall be considered as "away". All hours worked in "away" status are eligible for the \$6.00 or 15% per hour, whichever is greater, premium. However, for the purposes of the PTNT nurses, hours engaged in travel are not eligible for the premium.
19. When a nurse from the PTNT is assigned to work in Northern Manitoba (Northern Regional Health Authority, Berens River and Churchill), instead of the premium outlined in the Provincial Travel Nurse Team agreement (\$6.00 or 15%, whichever is greater), they shall be paid the premium of \$10.00 per

hour or 25%, whichever is greater, for all hours worked, but not including hours engaged in travel.

20. Overtime

- (i) Overtime shall be time worked which exceeds the normal daily shift as defined in Article 14 of the Collective Agreement, or
- (ii) Due to the nature of the compressed work schedule associated with a Team position an annual paid hours reconciliation will be conducted for the period of April 1 to March 31 each year. Hours paid over 2015 annual hours will be paid at the applicable overtime rate as outlined in the Collective Agreement.

21. Where a nurse accepts a full time or part time position with the PTNT they shall qualify for any incentive(s) in accordance with the Collective Agreement and any other active memorandum.

22. Where a nurse is required to work 50 kilometers or less from their residence (measured in distance via serviceable public roadway) the nurse is not eligible to receive mileage, travel time or per diem.

23. Where a nurse is required to work in an “away” capacity greater than 50 kilometers from their residence (measured in distance via serviceable public roadway) they shall receive:

- (i) Travel time, exclusive of time spent traveling to the province of Manitoba, will be paid at the nurse’s regular rate of pay (or at 1.5x on a Recognized Holiday) for all hours engaged in travel, up to a maximum of 8 hours, however the Employer will pay beyond 8 hours in cases of exceptional circumstances. Travel time shall not be considered as part of the nurse’s EFT, however travel time in combination with the nurse’s EFT shall be applicable towards qualification for any of the existing incentives (Full Time, Retention/Recruitment). However, where circumstances arise where travel time to a remote location routinely exceeds eight (8) hours in duration by the most direct and efficient means, the parties agree to revisit the maximum amount to reflect the amount of travel time actually required for that location. For clarity travel time shall be counted towards duration of work for the purposes of Article 1611.

- (ii) Where the nurse utilizes their personal vehicle, they shall be provided the mileage rate as per the Collective Agreement. The most

direct travel route shall be used for the calculation using Google Maps via serviceable public roadway.

- (iii) A nurse travelling on a regular scheduled day of work will not suffer any loss in basic salary as a result of missing any portion of a scheduled workday due to travel.
  - (iv) No nurse will be compelled to involuntarily accept an assignment where travel exceeds four (4) hours in duration.
  - (v) Where required, accommodations will be provided if available. Where accommodations cannot be provided, the nurse will be reimbursed for reasonable accommodations made.
24. Per diem of \$60 per day, south of 53<sup>rd</sup> parallel, or \$65 north of the 53<sup>rd</sup> parallel for each day in “away” status. Where travel is of significant distance from the nurse’s residence the Employer shall provide return airfare, taxi or vehicle rental expenses as required and provide suitable accommodation for the duration of all “away” assignments. A personal automobile may be used for travel when other transportation is unavailable, or it is determined to be, with the prior approval of the Employer, an efficient and practical method. Reimbursement shall not exceed the amount that would have been paid if the nurse had traveled on a commercial carrier (documentation should be provided noting what the price of travel by the commercial carrier would have been) and shall be calculated on the mileage rate as per the Collective Agreement.

Where nurses elect to use a personal automobile between their residence and station or airport, the nurses may claim a mileage allowance and parking, with the total amount allowed not to exceed the equivalent cost of taxi service. In determining the efficiency and practicality of personal vehicle usage versus commercial carrier or other form of commercial travel the following shall be taken into account:

- a) Availability of commercial travel on the date travel would be required in order to attend for the required shift(s).
- b) Difference in travel time between use of commercially available travel for the required dates and use of personal vehicle.
- c) Difference in cost of required additional accommodation for use of personal automobile versus use of commercial travel, taxi or rental vehicle (where applicable).

For the purposes of this section, when disputing the efficiency and practicality of the use of a personal vehicle, the onus will be on the Employer to;

- i) demonstrate the travel for the prescribed period could have been accomplished more practically and efficiently through an alternate reasonable method.
  - ii) have provided sufficient advance notice to the nurse in such circumstances such that there was a reasonable opportunity for the nurse to amend travel plans to align with the Employer's preferred method of travel.
25. Where a nurse is designated to work in another facility, site or program or in travel status within twenty-four (24) hours of the conclusion of their designated shift, they shall not be mandated to work overtime. Exception would be when the Team nurse is the only assigned nurse and unable to leave. In such case the Employer(s) shall provide the nurse with a minimum of eight (8) hours clear rest between cessation of work and commencement of travel or commencement of attending the start of a scheduled shift at another facility/site/program. The nurse shall not suffer a loss of pay for any hours of the shift designated to be worked in another facility/site/program that is missed as a result of providing the clear rest period.
26. The Employer commits that the locations where a nurse may work will be determined by taking into primary consideration the indicated preference(s) of the nurse. The Employer commits to a stable list of sites where the nurse will work with consideration taken of the operational needs of the Employers. Unless waived by agreement between the nurse and the Employer, the nurse's preferred sites must include at least one (1) of either rural or northern Employer Organization. The Employer and Union agree that PTNT nurse familiarity and experience with a constant site assignment is beneficial to patient/resident care. Where any changes are unavoidably necessary to ensure maintenance of the nurses' EFT such will be made through mutual agreement whenever reasonably possible. Where there is no mutual agreement between the nurse and the Employer, the Employer shall not compel a nurse to travel to a non-preferred site (Appendix D) without significant notice (minimum two weeks), so as to provide stability to the nurse's assignment within the relevant posting periods. The Employer commits to maintain an environment of attractiveness/desirability for PTNT positions so as to maximize recruitment/retention of nurses and tangible mitigation/reduction of Agency nurse use. Such will include stability of assignment and avoidance of assignment to nonpreferred sites unless

significant urgent and exigent circumstances make such unavoidable in order to provide necessary patient care. In the circumstance that the Employer compels the nurse to travel to and/or work at a non-preferred site, the nurse shall be compensated at double the premium amount for the Provincial Travel Nurse Team, applicable as per Article 2805 Re: Involuntary Reassignment in Event of Staffing Shortages.

27. Re: Application of Article 15 as it relates to nurses employed in the Provincial Travel Nurse Team

It is understood that for nurses in the Provincial Travel Nurse Team, the provisions of Article 1501 and 1504 shall be waived and amended within reason with the mutual agreement of the nurse and the Union. However, with respect to Article 1501 the Employer shall endeavor to provide as much advance notice as possible to the nurse in regards to the schedule. The waiving of Articles 1501 and 1504 applies ONLY to those nursing positions within the Provincial Travel Nurse Team and is on an entirely without prejudice and precedent basis. The Employer agrees that such exception shall not be adduced or utilized to seek similar exception for any positions outside the Provincial Travel Nurse Team.

It is understood that where a nurse's schedule may include scheduled gaps, for example a 4 week on, 4 week off schedule, the Employer will ensure coverage for all benefits are maintained and an accounts receivable established for the nurse and such arrears will be deducted from the nurse's next pay. For gaps in excess of three (3) months, nurse will be required to prepay benefits.

In regards to the assignment of shifts for the FT and PT PTNT nurses, it is understood that FT and PT PTNT nurses will be assigned shifts prior to the PT site nurses picking up additional available shifts in order to guarantee the EFT of the PTNT nurses. Determination of allocation of shifts is as follows:

- (i) Site nurses to fulfill EFT
- (ii) Site Float/Relief to fulfill EFT
- (iii) Regional Float/Relief Pool to fulfill EFT
- (iv) Provincial Travel Nurse Team to fulfill EFT

Once the above EFT's are assigned, then posted anticipated additional available shifts will be awarded as follows:

- (i) Part time site nurses (not in OT position)

- (ii) Part time site Float or Relief Pool nurses (not in OT position)
- (iii) Part Time Regional Float (not in OT position)
- (iv) Site Casual nurses (not in OT position)
- (v) Site Casual Float / Relief Pool nurses (not in OT position)
- (vi) Regional casual nurses (not in OT position)
- (vii) Provincial Travel Nurse Team Part Time (not in OT position)
- (viii) PTNT casual nurses (not in OT position)
- (ix) Full time nurses at site (in OT position)
- (x) Part Time nurses at site (in OT position)
- (xi) Full time Site Float or Relief nurses (in OT position)
- (xii) Part time Site Float or Relief nurses (in OT position)
- (xiii) Full time Regional Float (in OT position)
- (xiv) Part time Regional Float (in OT position)
- (xv) Site Casual nurses (in OT position)
- (xvi) Casual Site Float or Relief nurses (in OT position)
- (xvii) Casual Regional Float nurses (in OT position)
- (xviii) Casual Regional nurses (in OT position)
- (xix) Full time PTNT nurses (in OT position)
- (xx) Part Time PTNT nurses (in OT position)
- (xxi) Casual PTNT nurses (in OT Position)

Overtime shall be awarded in accordance with Article 16 of the Shared Health Collective Agreement.

28. Recognizing the operational challenges and difficulties for remote facilities/sites, PTNT nurses will be assigned shifts at regular rates in such facilities/sites during the scheduling period after site nurses schedules are determined in order to fulfill their respective EFT, and may be assigned shifts prior to site nurses being offered overtime. Overtime will be offered to Full

and Part Time nurses at a site prior to overtime for PTNT nurses for the following remote sites: Churchill, NRHA, Berens River. The exception for these sites is meant to address the travel and work/life balance difficulties associated with bringing nurses to these remote locations to mitigate unfilled shifts. The intent is not to disadvantage site nurses, but to ensure adequate PTNT nurses are willing to fill such shifts in a manner that avoids excessive and inefficient travel.

29. Excluding Casual Nurses: Where a nurse is able to remain at, or return to, their residence but cannot travel to the scheduled site due to whiteout/blizzard conditions in Manitoba as declared by Environment Canada or the Employer, or due to road closures as declared by police agencies or The Department of Transportation and Infrastructure, or due to flight cancellations in Manitoba:
  - a) The nurse shall be rescheduled at a mutually agreeable time if reasonably possible during the following two (2) consecutive bi-weekly pay periods to work any hours missed.
  - b) Where the scheduling of such shift cannot be reasonably accommodated the nurse shall be compensated at a rate of two (2) hours basic pay per eight (8) hours or portion thereof of scheduled work hours missed.
  - c) If the nurse can reasonably be rescheduled and chooses not to be rescheduled, the nurse may take the time from current banked time which includes banked overtime, Recognized Holidays or vacation.
  - d) The nurse shall be compensated at the rates described in #24, #25 & #26 of this MOU for all hours and expenses engaged in attempts to travel to the scheduled worksite as well as the return home.
  - e) Includes Casual Nurses: Where a nurse is engaged in travel to a scheduled site and is unable to arrive there and/or to return home due to conditions as described in 12 above, the nurse shall be reimbursed for all related expenses incurred and paid for the duration of the scheduled shift. When the nurse arrives at home they shall be then compensated as described in b) above.
30. Where incentives (monetary or non-monetary) associated to the PTNT prove insufficient to achieve the stated purposes as outlined in the preamble, the parties shall engage in meaningful negotiations to consider, and exercise all due diligence to develop, agree upon and implement additional incentives,

or modification of existing incentives, in order to achieve the goals outlined therein. Either party may give written notice to the other to commence such negotiations. Upon receipt of such notice, the receiving party shall meet with the sending party no later than sixty (60) days thereafter.

31. Where a PTNT nurse selects earned vacation outside all the time frames listed below, such nurse shall receive an additional one (1) day's paid vacation to be taken in that vacation year, which may be booked in accordance with the process for booking any reserved days as outlined in Article 2101 (added to the up to five (5) days of regular vacation that may be retained).
  - a. The week before and the week after Christmas
  - b. the week of Spring Break (last week of March)
  - c. July and August
32. Vacancy Selection – for the purposes of vacancy selection of PTNT nurses, the following order of selection will apply:
  1. Internal PTNT nurses
  2. Nurses employed within Direct Ops in any Employers Organization
  3. Nurses from another Employer in any Employers Organization
  4. External to Employers Organization

Where there is a tie in seniority amongst the most senior nurses for a position, and a tiebreaker is required, a draw will be conducted between those senior nurse applicants, in the presence of the union representative. The winner of the draw will be awarded the position.

33. The parties (Union and Employer) agree to meet at minimum every twelve (12) months after the date of signing this agreement to review the terms and conditions herein and make any modifications as agreed upon.
34. The parties will incorporate all terms and conditions into the Collective Agreement.

The terms and conditions of this memorandum shall be modified as necessary upon mutual written agreement of the Employer and the Union.

## 25. Re: Preservation of Seniority, etc. For Different Annual Work Hours

WHEREAS the Health Sector Bargaining Unit Review Act (HSBURA) required a realignment of bargaining unit representation;

AND WHEREAS employees/nurses (“nurses”) formerly represented by the other bargaining agents were, subsequent to the issuance of Interim Labour Certificates, then represented by the Manitoba Nurses Union (MNU);

AND WHEREAS the MNU as bargaining agent conducted subsequent Collective Agreement negotiations on behalf of all nurses now represented by MNU, at “central table” negotiations;

AND WHEREAS certain nurses had previously accrued seniority and service at a rate that may be different than specified in the MNU Collective Agreement(s) negotiated at “central table”, and occupied positions which were subject to former Collective Agreement provisions that specified qualifying full time annual hours which varied from those in the MNU Collective Agreement(s);

AND WHEREAS certain other nurses represented by MNU prior to the realignment of HSBURA, occupied positions which were subject to previous MNU Collective Agreement provisions that specified a variety of qualifying full time annual hours other than two thousand fifteen (2015);

AND WHEREAS the parties have agreed, through collective bargaining, that effective April 1, 2022, all annual hours of full-time work shall be standardized to be two thousand fifteen (2015) for all nurses in all MNU bargaining units represented at “central table”;

NOW THEREFORE the parties agree as follows:

1. Where, for any period prior to April 1, 2022, a nurse occupies(d) any position for which the annual hours which qualify for “full time” are other than two thousand fifteen (2015), all calculations of years of service, or portions thereof, for any such period prior to April 1, 2022, shall be conducted based on the number of hours then associated with the position.
2. For greater certainty, any years or portions thereof, prior to April 1, 2022, shall be recognized using the qualifying amounts of annual hours for that position at the relevant time, for the purposes of determining seniority as per Article 2501, and all other relevant accruals, including but not limited to: vacation accrual, and pre- retirement leave.

Example 1: Nurse A commenced a full-time position effective April 1, 2016. The annual hours for the position were 1885 up until the date of standardization, i.e., April 1, 2022. Nurse A worked 1885 hours per year up until April 1, 2022, and further five (5) years thereafter at 2015 hours per annum, retiring on March 31, 2027 at age 57. Nurse A would

have 11 years of service, resulting in 44 days of pre-retirement entitlement in accordance with Article 2413(a). For the purposes of vacation entitlement and paid vacation, Nurse A would qualify for paid vacation of twenty five (25) days/five (5) weeks, effective April 1, 2026 as per Article 2103 (i.e., in the eleventh (11<sup>th</sup>) year of service).

Example 2: Nurse B was hired for and worked a 0.5 EFT (and no additional available shifts beyond the 0.5 EFT), beginning on April 1, 2016 and retiring on March 31, 2027. The annual hours for the position were 1885 up until the date of standardization, i.e., April 1, 2022. Nurse B would receive twenty-two (22) days pre-retirement leave, upon retirement.

3. For the purposes of increment advancement, please refer to the MOU #26 re: Article 3408 (Increments).

## **26. Re: Article 3408 (Increments)**

For part-time nurses whose annual hour base prior to April 1, 2022 is different than 2015, the parties agree that the nurse's former Collective Agreement provisions, as they relate to receiving the next increment on the salary scale, shall continue to apply up until such time as the nurse has received their next increment. Thereafter, Article 3408 of the MNU Collective Agreement shall apply.

For clarity this MOU applies only to the timing of the receipt of the subsequent increment. The salary scales themselves, with respect to the amount corresponding to each step, are understood to be as per the new Collective Agreement.

## **27. Re: Hours of Work**

The existing provisions governing hours of work (Collective Agreement MOUs MOAs) in place at each site shall be maintained as per existing practice (as outlined in the former applicable Collective Agreements MOUs MOAs) until 2400 hours, March 31<sup>st</sup>, 2022. Existing provisions shall include, but are not limited to: rest periods, meal periods, shift duration, days of rest, flex time, and any other consideration with respect to the administration of hours of work.

It is understood between the parties that for the purposes of interpreting Article 302 (b) – (Part Time Nurse Definition), and Article 14 for the sites and employers comprising the Employers Organization, the paragraph above will apply until March 31<sup>st</sup>, 2022.

Effective 0001 hours, April 1<sup>st</sup>, 2022 the provisions of Article 302 (b) and Article 14 of this Collective Agreement shall then apply to all sites unless otherwise agreed by the parties.

## 28. Re: Undergraduate Nursing Employee (UNE)

Nursing students who have completed an appropriate amount of the curriculum and clinical experience are a valuable resource to support the existing collaborative health care team to provide patient centered care within the health care system;

1. The UNE will be a nursing student enrolled in an Employer-approved nursing education program leading to initial entry to practice as a Registered Nurse (RN) or Registered Psychiatric Nurse (RPN). When a UNE is no longer enrolled in the approved nursing education program the UNE is no longer permitted to work as a UNE.

The UNE position provides an opportunity for the nursing student to consolidate the knowledge and skill acquired in their nursing education program towards competency in the range and complexity of RN or RPN practice. The UNE is an unregulated member of the collaborative health care team who provides patient centered care under the supervision of the RN or RPN.

2. All regular hours accrued while working in the casual UNE position will be credited towards seniority and increment hours when such nurse acquires a part time or full time position as a Graduate Nurse or Registered Nurse or Graduate Psychiatric Nurses or Registered Psychiatric Nurse.
3. The parties recognize that there may be a gap in time between when the UNE is officially graduated and when they write the NCLEX in order to become a registered nurse. The parties agree that in recognition of the potential gap in time the UNE will be able to maintain their casual seniority for a period of one hundred twenty (120) days post graduation during the period of time they are waiting to write the NCLEX. This allows the UNE to utilize such seniority for the purposes of vacancy selection in accordance with the collective agreement.

In the event one hundred twenty (120) days are exceeded, unless there are extenuating circumstances, the UNE will be terminated and no longer be eligible to use casual seniority hours accrued.

As a casual employee, the UNE will be subject to the provisions of Article 35 – Special Understanding re Casual Nurses, with the exception of:

- a. 3503
    - i. the allowance as outlined in Article 18;
    - ii. Responsibility Pay premium outlined in Article 19;
    - iii. the Employer Sponsored Education Development allowance in 2407.
  - b. 3505– However UNE's will be paid 5% Recognized Holiday pay
4. The UNE will be compensated in accordance with Appendix “A” of the Collective Agreement.

5. Utilization and employment of UNEs shall not result in elimination or reduction of positions for all other classification of nurses, nor result in the reduction of the availability of additional available shifts, or a reduction in the hours that would otherwise be available for any other classification of nurses. The parties shall discuss the ongoing role of the UNE at the applicable Nursing Advisory Committee (NAC) meeting and address issues raised by the parties to ensure the successful implementation of this classification. In the event that there is a permanent increase or decrease to the nursing complement or there is a change to the master rotation on a unit where the UNE is utilized, the Employer will advise the Union of such change.

## **29. Re: Vacancy Information Provided to Patient Care Optimization Committee**

The parties acknowledge and agree that the sharing of relevant information in a timely fashion is important to the achievement of the objectives of the Patient Care Optimization Committee (“the Committee”).

In order to support the work of the Committee as it relates to issues of recruitment and retention, and to identify where staffing priorities and needs may exist across Manitoba, it is agreed that each Employers Organization will provide to the Committee a quarterly vacancy report containing monthly nursing vacancies categorized by facility/site/program, as appropriate.

It is understood and agreed that detailed vacancy information exchanged between the parties pursuant to this memorandum will not be shared publicly. This does not prevent either party from commenting on significant shortages due to unfilled vacancies or generalized vacancy trends publicly.

## **30. Re: Reference to Standardization Committee During Term of Agreement**

WHEREAS in negotiating the terms of the six (6) Collective Agreements between the Manitoba Nurses Union and the Employers Organizations to which this Memorandum of Understanding is attached, the parties have sought to standardize Collective Agreement terms across all agreements, but recognize that additional consultation is necessary before attempts can be made to standardize the terms governing issues identified by Employers and worksites; Employers Organizations and Bargaining Units;

AND WHEREAS the complexity of attempting to standardize terms related to these issues is such that it was not practicable to attempt to do so in the negotiation of the current Collective Agreements;

AND WHEREAS the parties wish to make a “best effort” attempt to reach agreement on standardization of Collective Agreement terms related to these issues during the term of these Collective Agreements;

NOW THEREFORE THE PARTIES AGREE AS FOLLOWS:

The Employers and the Manitoba Nurses Union agree to strike a committee or committees, with equal representation of three (3) to five (5) members each, to engage in a consultative process to seek agreement regarding standardization of Collective Agreement provisions related to the issues.

The Employers Organization shall provide disclosure of relevant data as determined by the committee(s) to permit full consideration by the committee(s).

The committee(s) shall commence consultation at a time agreed by the parties but in any case no later than three (3) months after date of ratification, and shall meet when determined by the committee, with a view to completing consultation within six (6) months of commencement of the committee(s), or such extended period as the parties agree.

Either party’s representatives on a committee may introduce any Collective Agreement issue for consideration of standardization.

If a committee is able to reach an agreement on a proposed amendment to the Collective Agreements in respect of any one or more of the issues under consideration, they may recommend such amendments to their respective parties (MNU/PHLRS) for consideration. The parties may agree to proceed with such amendments, subject to necessary ratification, if required, or may table the issue(s) to be addressed in the Collective Agreement negotiations which occur for renewal of the Collective Agreements.

### **31. Re: French Language**

The Employers have an obligation to ensure compliance with respect to a variety of statutory authorities by requiring bilingualism (French and English) as a bona-fide qualification for designated bilingual position(s) within a site/program. In the event the Employer elects to designate an additional bilingual position(s), the Employer and the Union shall meet to discuss the bilingualism requirements attached to the position(s).

The Employers Organizations recognize that the rights of all nurses must be respected under the Collective Agreement. For operational purposes, bilingual position(s) as designated by the Employer may be awarded to a unilingual candidate subject to the requirement to attain linguistic competency in either French or English within a reasonable time period. In the event that there is no qualified bilingual nurse applicant for the designated bilingual position(s), the Employer may fill positions as necessary to meet patient care needs.

The following Memorandum of Understanding particular to the French Language in the Collective Agreements in force and effect when The Health Sector Bargaining Review Act was proclaimed, remain in force and effect for the duration of the Collective Agreement:

In the event of a conflict between this MOU and an existing MOU, the existing MOU shall govern.

Employer	Union	Employer Organization	Number
Actionmarguerite (Saint Boniface) Inc.	Tache Nurses Worksite 49 of the Manitoba Nurses' Union	Winnipeg Employer Organization	FL #1
Actionmarguerite (Saint – Vital) Inc.	Foyer Valade Nurses Worksite 146 of the Manitoba Nurses' Union	Winnipeg Employer Organization	FL #2
St. Boniface General Hospital –	St. Boniface Nurses Worksite 5 of the Manitoba Nurses' Union	Winnipeg Employer Organization	FL #3
Southern Health – Sante Sud a) Foyer Notre Dame  b) Centre Sante Notre Dame Worksites	Manitoba Nurses Union	Southern Employer Organization	FL #4

### 32. Re: Article 30A

The Employer and the Union mutually agree that because St Amant Centre no longer participates at the Central Table negotiations due to the restructuring as a result of the HSBURA legislation, the provisions of Article 30A shall also apply to nurse-initiated mobility to/from St Amant Centre, with the exception of transferability of accrued vacation.

### **33. Re: Appendix C – Occupational Classifications**

The parties acknowledge and agree that most Collective Agreements that are now part of each Employers Organization contain an Appendix C – Occupational Classifications. Each Appendix C is specific to the Employer's or site's previous Collective Agreement.

Specifically, the Appendix C for WCHREO and SHEO in its current form does not reflect the additional classifications that resulted from HSBURA and therefore each Appendix C will need to be updated to reflect such changes, as well as ensure the inclusion of the information from all sites comprising each EO.

In order to work towards a standard Appendix C – Occupational Classifications, the parties agree to maintain the current Appendix C's for each site/Employer, and refer the process of standardization of these Appendices to the Standardization Committee outlined in MOU #30 Re: Reference to Standardization Committee During Term of Agreement.

Where nurses are employed at a site, program or facility that was previously represented by a bargaining unit other than MNU, the parties agree that non nursing classifications under the various Appendix C's, shall not be included. Only those nursing classifications shall remain in the various Appendices, and they shall be aligned with the appropriate salary scale, based on MNU classifications. Should the parties be unable to reach agreement on which classification should apply to such nurses, within fifteen 15 days of the signing of this Agreement or such timeline as agreed by the parties, the matter shall be referred to an arbitrator to make a binding determination on the nurse's appropriate classification.

### **34. Re: Regional Float Nurse(s) (Not Applicable @ Community Health and Home Care Nurses)**

The Employer and the Union agree that the following conditions and understandings shall apply to Nursing Services provided by Regional Float Nurse(s).

1. When Regional Float Positions are created by the Employer, the positions will be posted as per Article 3001.
2. Home base for the successful applicant(s) will be determined as follows:
  - (i) Home base will be one of the sites in which the Regional Float Nurse(s) will be working.
  - (ii) The home base will be determined by the Employer prior to posting, and identified on the job posting, if a significant majority of the work is determined to be at one particular site, or
  - (iii) It will be identified on the job posting that at the conclusion of the posting process, the home base will be determined between the Employer, the Union and the successful applicant.

3. Transportation reimbursement will be provided to regional float nurse(s) in accordance with the prevailing Province of Manitoba mileage rates in accordance with the following formula:

*distance (in kms) from the nurse's home to the alternate worksite  
minus the distance (in kms) from the nurse's home to the nurse's  
home base (worksite).*

It is understood that any increases in the mileage rates shall be implemented as quickly as reasonably possible, retroactive to the date the Province of Manitoba mileage rates became effective.

4. Professional practice issues shall be dealt with at the designated home base.
5. The terms and conditions of the Collective Agreement between the Employer and the Manitoba Nurses' Union shall be applicable.

### **35. Re: Joint Safe Patient Care Committee**

In the interest of safe patient care and safe nursing practice, the parties agree to establish a Tripartite Manitoba Nurses Union/Employer/Manitoba Health Committee to review and make recommendations on issues of mutual interest to ensure effective and safe health care service delivery.

Topics will include but are not limited to:

- a) Nursing practice conditions
- b) Safety of patients and nurses
- c) Safe staffing model(s)
- d) Role of Charge Nurse
- e) Patient Care hours
- f) Community nursing

The Committee will be struck and will commence work within ninety (90) days of ratification. The parties shall create terms of reference for the Committee. Such terms of reference shall include a process whereby agreed recommendations may be implemented within the duration of the Collective Agreement.

### **36. Re: Compressed Schedule Worker**

No later than sixty (60) days after ratification of this Agreement, the parties shall establish a committee to develop terms and conditions for part time/fu Compressed Schedule II time Compressed Schedule Workers. Where terms and conditions of Seasonal Workers have been established by Agreement, they shall be incorporated into the terms of the current Collective Agreement.

The committee shall consist of equal representation from the parties, with two (2) appointees from the Employer and two (2) from the Union. Either party may initiate commencement of meetings of the committee by providing written notice of such to the other. The parties shall meet within fourteen (14) days of such notice, or later if mutually agreed.

The committee shall, by mutual agreement, establish the frequency of subsequent meetings.

### **37. Re: Supervised Internationally Educated Nurse (SIEN)\$**

The parties agree that there are IEN applicants who require minimal education that can be remediated quickly through distance or continuing education as identified by the CLPNM.

The parties have agreed and created a new classification for these Internationally Educated Nurses, which will permit eligible IENs to enter into clinical practice sooner, in paid positions.

Inclusion of these internationally educated nurses in the bargaining unit, will afford these IENs the opportunity to utilize rights in the Collective Agreement to apply for nursing positions as an internal candidate;

1. The SIEN may be hired into a casual, part-time or full- time position. The terms and conditions of the MNU Collective Agreement shall apply as a whole with the following exceptions:
  - a. Where a SIEN has been hired as casual, all regular hours accrued while working in this casual position will be credited towards seniority and increment hours when such nurse acquires a part- or full-time position as a Licensed Practical Nurse.
2. The SIEN will be compensated in accordance with Appendix "A" of the Collective Agreement. The graduate practical nurse will continue on the SIEN salary scale until such time as they become a Licensed Practical Nurse.

3. All regular hours accrued while working in the full time, part time or casual SIEN position will be credited towards seniority and increment hours when such nurse acquires a part time or full time position as a Graduate Practical Nurse or a Licensed Practical Nurse.
4. The parties recognize that there may be a gap in time between when the SIEN is officially graduated and when they write the CPNRE in order to become a Licensed Practical Nurse. The parties agree that in recognition of the potential gap in time the SIEN will be able to maintain their casual seniority for a period of one hundred twenty (120) days post graduation during the period of time they are waiting to write the CPNRE. This allows the SIEN to utilize such seniority for the purposes of vacancy selection in accordance with the Collective Agreement-

In the event one hundred twenty (120) days are exceeded, unless there are extenuating circumstances, the SIEN will be terminated and no longer be eligible to use casual seniority hours accrued.

5. Utilization and employment of SIENs shall not result in elimination or reduction of positions for all other classification of nurses, nor result in the reduction of the availability of additional available shifts, or a reduction in the hours that would otherwise be available for any other classification of nurses. In the event that there is a permanent increase or decrease to the nursing complement or there is a change to the master rotation on a unit where the SIEN is utilized, the Employer will advise the Union of such change.

### **38. Re: Internationally Educated Nurse/Nurse Re-Entry/Refresher Program- Undergraduate Nursing Employee (IEN/NREP-UNE)**

WHEREAS Internationally educated nurses, and nationally educated/trained nurses who are in the process of reentering the workplace, have met a certain level of competencies as confirmed through the completion of the Clinical Competence Assessment and are on the pathway to becoming Registered Nurses with the College of Registered Nurses of Manitoba (CRNM), are deemed to be considered equivalent to having completed an appropriate amount of the curriculum and clinical experience of a nursing student, are a valuable resource to support the existing collaborative health care team to provide patient centered care within the health care system;

AND WHEREAS the parties have, by agreement, expanded upon the Undergraduate Nursing Employee classification and created an additional sub-classification of Undergraduate Nursing Employee for those internationally educated nurses and nationally educated/trained nurses who are reentering the workplace as undergraduate nurses in order to provide the same opportunity for additional orientation, training and

support in the workplace that has been afforded to the current Undergraduate Nursing Employees,

AND WHEREAS these undergraduate nurses are included in the bargaining unit, and will have the opportunity to utilize rights in the Collective Agreement to apply for nursing positions as an internal candidate;

AND WHEREAS the intention of this Memorandum is to support recruitment and retention efforts within the Province of Manitoba, not to affect the hours or positions of nurses in other classifications;

NOW THEREFORE the parties agreed and created a new variation of the Undergraduate Nursing Employee (UNE) hereby referred to as Internationally Educated Nurse/Nurse Re-Entry Program- Undergraduate Nursing Employee (IEN/NREP- UNE), as follows:

1. The UNE classification will be adjusted to include a sub-classification called IEN/NREP-UNE.
2. The IEN/NREP- UNE will be an internationally educated nurse who is on the pathway to becoming a Registered Nurse with the CRNM, or is a nationally educated nurse who is on the pathway to becoming a Registered Nurse with CRNM via the Nurse Re-Entry Program currently offered by Red River College or Refresher Program offered for the RPN. The internationally educated nurse must provide the Employer their Clinical Competence Assessment results and proof of enrollment to the relevant Nurse Re-Entry or Refresher Program. The Clinical Competence Assessment provides the Employer the baseline assessment of clinical competence and areas of focus for support and development in order to address those competency gaps. Enrollment in the Nurse Re-Entry or Refresher program assures the employer that any knowledge gaps will be addressed by the relevant educational programs.
3. The IEN/NREP- UNE position provides an opportunity for the IEN/NREP undergraduate nurse to consolidate the knowledge and skill acquired in their nursing education program towards competency in the range and complexity of RN or RPN practice. The IEN/NREP UNE is an unregulated member of the collaborative health care team who provides patient centered care under the supervision of the RN or RPN.
4. The IEN/NREP- UNE may be hired into a casual, part-time or full- time position. The terms and conditions of the MNU Collective Agreement shall apply as a whole with the following exceptions:
  - a. Where an IEN/NREP- UNE has been hired as casual, all regular hours accrued while working in this casual position will be credited towards seniority and increment hours when such nurse acquires a part- or full-time

position as a Graduate or Registered Nurse or as a Graduate Psychiatric Nurse or Registered Psychiatric Nurse.

5. All regular hours accrued while working in the casual IEN/NREP-UNE position will be credited towards seniority and increment hours when such nurse acquires a part time or full time position as a Graduate Nurse or Registered Nurse or Graduate Psychiatric Nurses or Graduate Psychiatric Nurse.
6. The parties recognize that there may be a gap in time between when the IEN/NREP-UNE is officially graduated and when they write the NCLEX in order to become a Registered Nurse. The parties agree that in recognition of the potential gap in time the IEN/NREP-UNE will be able to maintain their casual seniority for a period of one hundred twenty (120) days post graduation during the period of time they are waiting to write the NCLEX. This allows the IEN/NREP-UNE to utilize such seniority for the purposes of vacancy selection in accordance with the Collective Agreement.

In the event one hundred twenty (120) days are exceeded, unless there are extenuating circumstances, the IEN/NREP-UNE will be terminated and no longer be eligible to use casual seniority hours accrued.

7. Utilization and employment of IEN/NREP- UNEs shall not result in elimination or reduction of positions for all other classification of nurses, nor result in the reduction of the availability of additional available shifts, or a reduction in the hours that would otherwise be available for any other classification of nurses. The parties shall discuss the ongoing role of the IEN/NREP- UNE at the applicable Nursing Advisory Committee (NAC) meeting and address issues raised by the parties to ensure the successful implementation of this classification. In the event that there is a permanent increase or decrease to the nursing complement or there is a change to the master rotation on a unit where the IEN/NREP-UNE is utilized, the Employer will advise the Union of such change.

### **39. Re: Nursing Recruitment and Retention Fund (NRRF)**

The Nursing Recruitment and Retention Fund (NRRF) was established to assist with the recruitment and retention of nurses in Manitoba in 1999. In January 2024, NRRF was transitioned from the NRRF Committee to the Patient Care Optimization Committee (PCOC).

WHEREAS NRRF fund eligibility includes nurses represented by MNU, MGEU, MAHCP and out of scope nurses in management positions. The fund has been administered by the Health Care Providers Network with an annual allocation of three point two (3.2) million dollars (\$3,200,000).

AND WHEREAS the April 1, 2017 to March 31, 2024 ratified Collective Agreement with the Manitoba Nurses Union, includes an MOU Re: Patient Care Optimization Committee (PCOC) with an annual allocation of four (4) million dollars(\$4,00,000) to be utilized on improving retention and recruitment of nurses and incentives for education and /or training with the intention that the existing NRRF/Committee would be eliminated and a new structure created, that being PCOC.

NOW THEREFORE the parties agree as follows:

1. Any former NRRF grants will be brought forward to PCOC for consideration. PCOC will then determine which initiatives it will agree to fund based on:
  - a. Improve recruitment and retention
  - b. Incentivize training or education

The PCOC will also be responsible to:

- a. Establish and maintain effective policies for application of recruitment, retention, training or educational initiatives.
  - b. Ensure consistency of application.
2. Workplace Planning (Retention & Employee Development) will administer the fund and approve applications as per established PCOC policies.
3. PHLRS will provide quarterly financial updates to the PCOC.

5. Those nurses not represented within the existing Employer Organization structure as outlined in the Collective Agreements between MNU and the various Employer Organizations (commonly known as "Central Table") will continue to be eligible for NRRF grants, however the grants will be administered through PCOC and issued payment with an invoicing mechanism for PCOC to recover said payment(s).
6. Any funds dispersed under item #5 will be reimbursed to PCOC by PHLRS within sixty (60) days where reasonably possible, but in no case later than ninety (90) days, from the date of issuance of payment from PCOC funds.

#### **40. Re: PIO Incentive Full-Time Weekend Worker Nurses**

Where a nurse has been hired into a Full-Time Weekend Worker position, as per the incentive memorandum, prior to May 17, 2024, they shall maintain the 15% greater Full-Time Weekend Worker pay scale for as long as they remain in the existing Full Time Weekend Worker position. Where a nurse has been hired into a Full Time Weekend Worker position on or after May 17, 2024, the 10% greater pay scale shall apply rather than the 15% greater pay scale. The Employer shall not delete any such positions for the purposes of reducing the compensation provided the existing present incumbent only (PIO) Full Time Weekend Worker nurses.

- Rosalind Kelly

#### **41. Standardizing of Offering of Additional Available Shifts and Overtime**

The parties agree to establish a joint committee to standardize practices across all EOs for the offering of additional available shifts and overtime for all Employers within each EO. The committee shall be comprised of equal representation from each party and shall meet within fifteen (15) business days of the ratification of this agreement and as often as necessary thereafter to have clear and established guidelines in place well in advance of April 1, 2025. The established guidelines, determined by mutual agreement, shall be incorporated as an MOU into the Collective Agreement. The terms and conditions as mutually agreed between the parties and determined in the resultant MOU shall replace the MOUs re: Application of Overtime and Additional Available Shifts and re: Article 1601. It is agreed that current Employer practices of offering overtime and additional available shifts at a site level will be maintained until the parties have confirmed a new process and an agreed upon date of implementation.

#### **42. Classification Discussion**

- c) Where the parties do not agree, nothing herein prevents the Union from exercising any all rights afforded as per the provisions of the Collective Agreement.

The committee shall meet no later than ninety (90) days after ratification of this agreement.

This Working Group will function under the administration of the Joint Nursing Council to review physical and psychological health and safety concerns of nurses and bring forward recommendations to the Joint Nursing Council.
2. The Joint Nurses' Safety Working Group will consist of equal number of representatives (three (3) from MNU, three (3) from the Employer) from the Employer Organizations and the Union with the following representatives:

#### **44. Re: Funding of Online Workload Staffing Report System**

Whereas the parties agree that staffing shortages and excessive workload have a significant detrimental impact upon the retention and recruitment of nurses;

And whereas the MNU, in cooperation with the Employer, has commenced establishment of an online Workload Staffing Report (WSR) system;

And whereas the timely and accurate collection of occurrences and information regarding staffing shortages is crucial to discussion around the establishment of Nurse Patient Ratios (NPRs);

And whereas the parties are participating in a committee (the Sub-Committee) tasked to make recommendations to the Minister of Health surrounding NPRs;

And whereas the work of such committee may from time to time require participation from nurses employed within an Employer's Organization (EO) comprising Central Table Employers.

The parties therefore agree as follows:

1. In order to ensure the continued smooth operation and successful transition of all EOs to an online WSR system, commencing December 1<sup>st</sup>, 2024, the Employer shall provide to the Union the sum of sixty-two thousand, five hundred dollars (\$62,500) on December 1<sup>st</sup> of each year for (4) four years, for a total of two hundred fifty thousand dollars (\$250,000).
2. The purpose of the aforementioned payment is to facilitate the expansion of the analysis parameters of the system in order to provide the scope of data necessary in the preparation of Nurse to Patient Ratios (NPR) recommendations as well as to promote meaningful discussions between the parties in a solution oriented manner.
3. Any nurse employed within an EO party to this agreement, called to the committee by either or both of the parties to participate or provide information to the Sub-Committee shall do so without loss of pay or benefits (such to be funded by the Employer). Reasonable expenses incurred will be reimbursed by the Employer upon unanimous approval of the Sub-Committee.

#### **45. Re: Transition of Incentives**

With respect to the current Full time Incentive as per the Memorandum of Understanding Supplementary to the Collective Agreements (dated November 9<sup>th</sup>, 2022), the Memorandum of Understanding Supplementary to the Collective Agreements & Addendum to Memorandum of Understanding Supplementary to the Collective Agreement (dated December 7<sup>th</sup>, 2022), and Addendum #2 to Memoranda Of Understanding With Respect To Recruitment And Retention Incentives for Nurses (dated March 30<sup>th</sup>, 2023), hereinafter referred to as the "Previous Incentive MOUs".

The parties agree that, unless otherwise specified by agreement between the parties, the Previous Incentive MOUs will be discontinued and no longer in effect as of April 1<sup>st</sup> 2025, subject to the following conditions:

1. Where a nurse has signed a Return of Service Agreement (ROSA) for the Full-Time Incentive, which extends the eligibility and qualification period beyond April 1<sup>st</sup>, 2025 and;
  - a. The nurse is eligible for the new Full-Time Hours Salary Enhancement as of April 1<sup>st</sup>, 2025, the amount of the previous

incentive shall be prorated for payment as of March 31<sup>st</sup>, 2025, and the nurse shall then, as of April 1<sup>st</sup>, 2025 commence qualification for the new Full-Time Hours Salary Enhancement for the period for which the nurse occupies a full time position.

or:

- b. Where the Nurse does not occupy a classification for which the new Full-Time Hours Salary Enhancement applies, the terms and conditions of the former incentive shall be honoured for the duration set out in the ROSA.
2. Where a nurse has signed a ROSA with respect to the provision of the Recruitment/Retention incentive, which extends the eligibility period beyond March 31<sup>st</sup>, 2025, the incentive will be honoured as per the terms and conditions for the period set out in the ROSA.

#### **46. Re: Nurse Practitioners and Most Responsible Provider**

Whereas Nurse Practitioners (NPs) are regulated health professionals with an independent scope of practice defined by The Regulated Health Professions Act,

Whereas the Employer is committed to enabling NPs in the bargaining unit to work to their full scope of practice within the context of an integrated provincial health system while respecting the jurisdictional aspect of the Collective Agreement governing them.

It is agreed that should the Employer intend to introduce amendments to the current scope of duties of NPs in the bargaining unit (including, but not limited to, Most Responsible Provider) following the ratification of the current Collective Agreement then the Employer shall initiate formal discussions with the Manitoba Nurses Union (MNU) a minimum of ninety (90) days prior to the introduction of such amendments. Such discussions to include review of NP compensation.

Nothing herein limits, restricts or otherwise abrogates any rights afforded to MNU under the Collective Agreement, including but not limited to Article 3807.

#### **47. Re: Reduction of EFT**

Where a nurse is in receipt of pension benefits and/or has achieved Rule of 80 or is otherwise eligible to retire in accordance with their respective pension plan without early retirement penalty and has indicated an intention to consider retirement, the following shall apply:

- (a) The nurse shall communicate in writing to the Employer that they qualify as per the conditions outlined above and are considering retirement and;

- (b) The nurse currently holds a 0.7 EFT or greater and rather than retire or take a casual position, wishes to reduce their EFT.

The Employer shall where reasonably practicable make the necessary adjustments to accommodate the request of the nurse. Such requests shall be considered in order of seniority amongst eligible nurses.

#### **48. Re: CRN-LPN**

Where there is a CRN/Charge Nurse vacancy the Employer shall first post the position as requiring a RPN and/or RN, as the case may be. If after the required posting period (per the Collective Agreement) there are no qualified RPN and/or RN applicants, the position may be reposted as a CRN/Charge Nurse position for LPN applicants. In the event there are no LPN applicants, the position may be reposted as a RPN and/or RN position as the case may be. Where a CRN/Charge Nurse position has been filled by a LPN and the incumbent LPN leaves the position, such that it becomes vacant, the position shall first be reposted as a RPN and/or RN position.

#### **49. Reconnection of Seniority**

A nurse who returns to employment from retirement or resignation (not currently holding a position with any Employer listed in Appendix D of the Collective Agreement), who has resigned or retired as of January 1, 2018 or later and agrees to resume employment in a position for a two (2) year commitment (ROSA required) at a minimum of a 0.4 EFT, they will be eligible to have their past seniority reinstated for the purposes of:

1. receiving their previous step on scale
2. receiving seniority for vacancies as if maintained continuous employment
3. receiving their vacation accrual rate at the time of retirement or resignation
4. ability to use seniority for vacation selection purposes.

If a nurse who has retired/resigned agrees to return to employment at a minimum of a 0.4 EFT but does not agree to return for a two (2) year commitment, they will be eligible for 1. 2. and 3. above only. They will not be entitled to utilize previous seniority for vacation selection purposes. For vacation selection purposes, the seniority utilized will be from their new hire date.

If a retired/resigned nurse agrees to resume employment in a position for a 2-year commitment (ROSA required) at a minimum of a 0.4 EFT, they will be eligible to receive 1., 2., 3, and 4. above.

If a nurse returns to a position eligible to reinstate seniority from a previous position, that is the same classification as the position they retired or resigned from, the nurse would be placed on the greater of;

- (a) same step on the salary scale they were at as at the date of retirement/resignation or
- (b) the step corresponding to previous nursing hours in accordance with Article 38. If the nurse returns to an eligible position that is a different classification, the provisions of the Collective Agreement with respect to promotion or other applicable provision would apply in determining their placement on scale, however it is understood that no nurse moving from a casual to an eligible position would be placed at a step with lesser compensation than provided in the casual position.

If a retired nurse already received their pre-retirement leave at the time of their retirement, their new hire date is the starting point for eligibility in accordance with the Collective Agreement. For clarity, the nurse's new hire date, unless otherwise specified herein, is the starting point for all other benefit eligibility.

For clarity, reconnection of seniority and service from one previous position can only be applied to one receiving position.

If a nurse, previously resigned or retired from a full time or part time position, as of January 1, 2018, or later, returned to casual status (with any eligible Employer), wishes to reconnect their previous seniority and service accrued under their former EFT (prior to retirement/resignation), they shall be eligible to do so, provided they meet all other criteria as described above.

This Memorandum of Understanding will continue for the duration of this Collective Agreement (April 1, 2024 to March 31, 2028). For further clarity, this MOU will expire upon ratification of the next Collective Agreement.

## **50. Re: HEB Re-Opener**

WHEREAS, the parties agree;

That the wellness of nurses is a priority.

THEREFORE, the parties agree to explore, during the life of this Collective Agreement, the possibility of Extended Health benefits reopener for nurses currently not having access to such benefits.

It is understood that the exploration of the aforementioned options shall not constitute a commitment on the part of the Employer to implement such options following the completion of the exploration initiative.

**Re: Job Sharing**

***[Applicable for PMHRA (Direct Operations), Fairview Home]***

1. When a full-time position is posted, two (2) nurses may apply to equally share that position. Both nurses sharing the position shall be given part-time employment status and shall earn benefits as provided for in the Collective Agreement.
2. The decision to allow two (2) nurses to split a full-time position rests solely with Management who will consider the needs of the area.
3. When one (1) nurse in a job share is authorized to be away from work for any reason, the manager will meet with the other nurse to determine the extent to which they can cover their partner's absence. This will not result in overtime without the authorization of the manager. Any shifts that the partner nurse is unable to work will be posted in accordance with the additional available shift guidelines.

For extended periods of absence (four (4) weeks or more) the nurse partner is under no obligation to fill absent nurse's shifts. If the nurse partner is unable to cover the extended absence, the vacant shifts will be offered as additional available shifts or as a term position.

4. In the event that one (1) of the nurses sharing a full-time position resigns, and the management decision is to allow this position to remain a shared position, the position will be posted as full-time with the following wording noted on the job posting:

"This full-time position is currently being filled by two (2) nurses working permanent part-time. The remaining nurse wishes to continue working their half of the rotation and they will be allowed to do so if another nurse is willing to work the other half of the rotation. If you wish to apply for the other half of this rotation, please apply in the normal manner stating same."

5. Providing there is another nurse willing to share the full-time rotation, the remaining nurse will be maintained in the shared position.
6. If the management decision is to no longer allow this position to remain as a shared position, or if no nurse is willing to share the rotation with the remaining nurse, the posted position will be offered to the remaining nurse as full-time and will be granted to them if they wish to change from part-time to full-time.

7. If the remaining nurse refuses to accept the position on a full-time basis, the position may be offered as full-time to the most suitable applicant for the full-time job posting.
8. The remaining nurse will then be offered any part-time position that is currently vacant, and if none is available they shall be dealt with in accordance with Article 2708.

**Re: JNPCC PCH Nurse**

It is understood between the parties that the Joint Nursing Position Classification Committee reviewed the PCH Registered Nurse positions on April 7, 2017 and that the review process determined that the appropriate classification of the Personal Care Home RN positions are as a Nurse 2.

Communication from that meeting indicated that all nurses currently in the Personal Care Home RN positions would be PIO'd to their current classification, but any postings for additional EFTs, or to fill any vacant positions must be posted at the Nurse 2 level from that point forward.

For the purposes of this memo, the nurse identified below was impacted by the above decision, and will remain PIO'd.

AGREEMENT  
BETWEEN  
PRAIRIE MOUNTAIN HEALTH REGION EMPLOYERS ORGANIZATION  
AND  
MANITOBA NURSES' UNION**

**Re: Research Nurse**

**Applicable for Brandon Regional Health Centre only**

The parties recognize the uncertain nature of funding for Research Nurse positions. Accordingly, it is agreed that:

1. Research Nurse positions shall be regarded as "part-time term positions" and the provisions of Article 30 of the Collective Agreement, and specifically Article 3006, shall apply to such Research Nurse positions, except as hereinafter amended:
  - (i) the posting for term positions may contain an approximate expiry date. Any term position directly resulting from this posting, and any other term positions directly resulting therefrom, will be posted in the same manner;
  - (ii) the Employer will provide the Research Nurse with at least four (4) weeks notice of the expiry of the research position;
  - (iii) any extension to an existing term research position will not have to be re-posted unless there is a significant change in the subject matter or clinical focus of the research project, provided that the existing Research Nurse possesses the required skills to continue with the extended project. The Employer will notify the Union thirty (30) days prior to the proposed extension of an existing research position and will provide details of the nature of the proposed extension.
2. Due to the changing work availability and assignment, the terms of Article 1401, 1404, 15 and 3401 will not apply. The nurse occupying the Clinical Research Nurse position shall be considered as a part-time nurse. It is further understood that a nurse may occupy a second position concurrently with the Clinical Research Nurse position.
3. The provisions of the existing Collective Agreement and this Memorandum shall be in full force and effect as of the date of signing. All new Research positions, and all extensions and renewals of existing terms of Research

positions which commence after date of signing shall thereafter comply with the provisions of this Memorandum and the Collective Agreement.

**MEMORANDUM OF UNDERSTANDING  
SUPPLEMENTARY TO THE COLLECTIVE AGREEMENT  
BETWEEN  
PRAIRIE MOUNTAIN HEALTH REGION EMPLOYERS ORGANIZATION  
AND  
MANITOBA NURSES' UNION**

**Re: Secondment of a Nurse to Presidential Duties**

**Applicable for Brandon Regional Health Centre only**

Whereas: The Employer and the Union are interested in taking measures to maintain consistent and harmonious union-management relations; and

Whereas: Joint discussion is invaluable to the maintenance of the above; and

Whereas: The complexities of issues often require the President to be away from their unit for meetings with the Employer for unknown periods of time; and

Whereas: The Employer and the Union appreciate the importance that patient care not be disrupted as a result of meetings between the Employer and the Union;

Therefore: The Employer and the Union agree to the following terms which shall apply in the secondment of a nurse to become Worksite 4 - President.

1. (a) A nurse employed by the Employer who is elected to the position of part-time President, shall be considered as continuing in the employ of the Employer during the nurse's term as President.
  - (b) The secondment will be for 0.8 EFT. Any changes to the EFT will be made if mutually agreed upon by the parties. The nurse will be granted a partial leave of absence, if required, to maintain their position with the Employer. It is understood the partial position vacated by the nurse seconded to be President, shall be posted and maintained and/or replaced as an indefinite term.
  - (c) Scheduling of the nurse's remaining position on their unit, if required, will be done by the appropriate Manager of Patient Care in consultation with the nurse and will observe the conditions of Article 1504/the MOU re "12" hour shift.
2. Payroll Record - The Worksite Treasurer (or designate) will act as the liaison person between the Employer and the Union with respect to all payroll issues. The Treasurer will advise the appropriate person in Payroll of the proper coding for vacation time and sick pay for the President. The Employer agrees to maintain a separate and identifiable payroll account for the President.

3. Payroll Expense Items - The Worksite will reimburse the Employer for the following payroll expense items during the period of secondment to President:
- (i) salary, which shall be in accordance with Appendix "A", Nurse IV (top of the scale)
  - (ii) vacation taken
  - (iii) income protection (subject to paragraph 6 below)
  - (iv) payroll tax
  - (v) Employer's portion of CPP
  - (vi) Employer's portion of EI
  - (vii) Workers Compensation premiums paid
  - (viii) Employer's portion of Benefit Plan premiums (see Benefit Plans below)
  - (ix) Employer portion of the Maternity Leave top up based on the number of hours that the nurse was paid at regular rate of pay in six (6) months prior to leave while seconded to the Worksite President or Vice-President.

The Worksite 4 shall be given a bill outlining payroll expense items on a monthly basis.

Payroll expense items for such time spent by the President, as an officer of the worksites participating in committee meetings/activities outlined in the Collective Agreement in which both the worksites and the Employer are represented, shall not be billed to Worksite 4, (e.g. NAC, negotiations, formal grievance meetings with Human Resources and a MNU Labour Relations Officer, union –management). The parties to this agreement shall maintain an agreed "log" of the above time and, on a quarterly basis, a reconciliation shall occur in the next billing to the Worksite 4. Time spent meeting with membership, time spent meeting with administrative nursing personnel exclusive of Human Resource personnel and an MNU Labour Relations Officer on Leave of Absence time, will not be charged to the Employer.

4. Pay Period - The President shall continue to be paid on a bi-weekly basis.
5. Seniority - Seniority shall continue to accrue during the period of secondment.
6. Income Protection -
- (i) The President will accumulate sick pay credits at the rate of one and one-quarter (1.25) days per month [one and one half (1.5) days effective April 1, 2027] during the period of secondment. In the event that the Worksite President is absent during the secondment period due to accident or illness and the sick pay credits accumulated during the period of secondment are insufficient to cover full payment of sick leave, the Employer will pay the President out of income protection credits accumulated

prior to the secondment period and bill the costs to the Union, subject to paragraphs (ii) and (iii) below.

- (ii) Special Understanding Re: D & R - The President shall have access to the D & R Plan. The Worksite 4 agrees to reimburse the Employer for a maximum of eighty-five (85) days of sick pay to cover the elimination period of the D & R plan. If the President fails to qualify for a D & R benefit following the elimination period, the President shall be entitled to use Employer paid income protection as required for recovery.
- (iii) Following secondment and the nurse's return to work, the nurse will be eligible to utilize the sick pay credits accumulated during the period of secondment less any sick pay processed during the secondment. The Employer will provide the nurse with a letter (copy to be placed on the nurse's file in Human Resources Department) confirming the sick pay credits that can be paid in the event the nurse utilizes all income protection credits accumulated as an active employee. In the event the nurse has an illness/accident and wishes to utilize these sick pay credits accumulated during secondment, they will advise the Human Resources Department. The Employer will process the sick pay and invoice the Union for the cost.

## 7. Vacation Pay

In the calendar year that the nurse is seconded to Presidential duties, the Employer shall assume responsibility for vacation earned but not used to March 31<sup>st</sup> of that calendar year. The Employer's cost will be based on the nurse's salary rate as at March 31<sup>st</sup>.

In the calendar year that the nurse relinquishes Presidential duties, the Employer shall assume responsibility for vacation earned during the month of April of that calendar year. The Union shall assume responsibility for the balance of vacation earned during secondment. The Union's cost will be based on the nurse's salary rate in effect at the time vacation is taken.

## 8. Recognition of Service -

- (i) For purposes of increments - The increment date of the incumbent following expiry of the period of secondment will be delayed for one (1) month for every full month they are on secondment to Presidential duties, to a maximum delay of twelve (12) months.
- (ii) For purposes of determining vacation accumulation base - the period of secondment to Presidential duties shall be recognized as service to the Employer.

- (iii) For purposes of Pre-Retirement Leave - the period of secondment to Presidential duties shall be recognized as service to the Employer. At the time of taking pre-retirement leave, the Union agrees to reimburse the Employer for the cost of paid pre-retirement leave which was accrued by the Union President during the period of secondment, i.e.

1 year of secondment = four (4) days paid pre-retirement leave

9. Benefit Plans -

- (i) Pension Plan - The Union President shall continue to have payroll premium deductions for the pension plan and the Union agrees to reimburse the Employer for the Employer's contribution respecting the EFT of the partial leave. All pensionable service shall accrue during the period of secondment as it would to the total EFT of the nurse's position prior to the secondment.
- (ii) Life Insurance/Extended Health Plan (if applicable)/Dental Plan (if applicable) and D & R Plan - shall be continued with reimbursement by the Worksite 4 for the Employer's contribution to these plans.

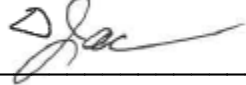

NOTE: The President will be eligible to participate in the group benefit plans under the same terms and conditions as any other permanent employee of the facility.

- 10. Parking Pass - The President shall be permitted to retain any current parking pass.
- 11. This memorandum shall remain in force until revised by mutual agreement between the parties or until terminated by either party.

**RE: FULL-TIME HOURS SALARY ENHANCEMENT– 2015 ANNUAL HOURS**

**PREAMBLE:**

The Provincial Healthcare System continues to experience a long standing and severe nursing shortage. The parties recognize the critical role nurses play in the provision of patient care. The nursing shortage has caused unprecedented challenges on a variety of aspects of the health care system and nurses.

The parties further recognize that the aforementioned nursing shortage has also caused financial hardship to the health care system by virtue of excessive overtime, and agency expenditures that ought instead be invested in Manitoba’s public healthcare system.

As a result, the Employers and the Union have agreed to jointly establish an initiative on a trial basis with the goal of reducing the nursing shortage through recruitment and retention initiatives, addressing the challenges of excessive overtime and agency use, and thus enhancing consistency and continuity of the quality patient care provided.

Therefore, a Full-Time Hours Salary Enhancement (herein after referred to as “The Salary Enhancement”) has been created as a two (2) year pilot project beginning on April 1, 2025 and ending March 31, 2027.

**A. INCENTIVE PARAMETERS:**

1. Nurses holding a full-time EFT (1.0) shall be entitled to The Salary Enhancement based on the following parameters:
  - a) Full-time nurses must be employed in one of the following classifications: LPN, ORT I, ORT II Nurse II, Nurse III and CRN/Charge Nurse.
  - b) Eligible nurses will be paid in the form of a pensionable hourly premium of \$5.95 per hour for all hours paid at regular rates subject to paragraphs (f), (g) and (h) below.
  - c) The Salary Enhancement will be paid on the basis of the adjusted salary scales as listed in Schedule "A" for illustration purposes only.
  - d) The Salary Enhancement will not apply to overtime hours or overtime rates.
  - e) The Salary Enhancement applies to a nurse who occupies a Full-Time Weekend Worker position, within the classifications noted in a) above, who has an annual hours base of 1872.
  - f) The Salary Enhancement will apply to any full-time nurse for any period where the nurse is on an approved WCB claim during the eligible period.
  - g) The Salary Enhancement is not provided to any full-time nurse for any periods of unpaid leave.
  - h) Where a nurse is on a paid sick leave of four (4) weeks or less, The Salary Enhancement shall be applied. For clarity, where a nurse is on a paid sick leave of four (4) weeks or more, The Salary Enhancement shall be applied only to the first four (4) weeks of the leave.
  
2. Part time and/or casual nurses working up to the equivalent of a full time EFT shall be entitled to The Salary Enhancement based on the following parameters:
  - a) Part time and/or casual nurses must be employed in one of the following classifications: LPN, ORT I, ORT II Nurse II, Nurse III and CRN/Charge Nurse.
  - b) For part time and/or casual nurses working up to the equivalent of full-time hours, The Salary Enhancement will be paid in the form of a pensionable hourly Salary Enhancement of \$5.95 per hour for all hours paid at regular rates.
  - c) The Salary Enhancement will not apply to overtime hours or overtime rates.
  - d) Part time and/or casual nurses on an accepted WCB claim shall qualify for The Salary Enhancement, if prior to going on WCB they had worked sufficient hours to qualify for The Salary Enhancement in the preceding eight (8) weeks.

The reconciliation for such compensation will be at the end of each six (6) month period (April 1<sup>st</sup> to September 30<sup>th</sup>, or October 1<sup>st</sup> to March 31<sup>st</sup> as the case may be) within the fiscal year and is in the form of a retroactive salary adjustment.

- A nurse holds a part time or casual position:

- The assessment of full-time equivalency will be based on 2015 annual hours, however the annual period will be split and subsequently calculated over two (2) separate six (6) month periods, with each six (6) month period consisting of 1007.5 paid hours.
- The two (2) six-month periods are as follows:
  - April 1<sup>st</sup> to September 30<sup>th</sup> – 1007.5 hours with payment being made first off cycle pay in December.
  - October 1<sup>st</sup> to March 31<sup>st</sup> –1007.5 hours with payment being made first off cycle pay in June.
- Part time Nurse (casual excluded) exceptions. The exceptions that are applied towards eligibility of The Salary Enhancement for a part-time nurse are as follows in each six (6) month period: *(reduces amount of The Salary Enhancement based on eligible paid hours but not eligibility)*
  - a) A nurse is on an approved unpaid leave of absence of four (4) weeks or less.
  - b) A nurse is on approved union leave of four (4) weeks or less.
  - c) The aforementioned leaves can be taken individually or in combination of up to a maximum of four (4) weeks in the eligibility period.
  - d) A nurse is on any period of approved WCB claim subject to 2 d) above.
  - e) A nurse who has not achieved sufficient qualifying hours may choose to utilize accrued banked overtime to top up eligible hours to a maximum of 38.75 hours. Such request shall be made in writing within two (2) pay periods prior to the eligibility period end. The requested hours will be paid straight time rates.
  - f) A nurse shall be granted an exception of up to 38.75 hours to supplement eligibility to achieve payment of The Salary Enhancement if unable to pick up additional shifts due to extenuating circumstances. Extenuating circumstances shall be given all reasonable consideration. The nurse shall make written application to the Employer to apply said hours two (2) weeks after the eligibility period end date.
  - g) A nurse shall be granted an exception of 50 hours to address stat time off equivalent to full-time nurses. The nurse shall make written application to the Employer to apply said hours at the end of, but no later than two (2) weeks after, the eligibility period end date.
  - h) Notwithstanding the above, the combination of exception hours as provided for in e), f), and g) shall not exceed a combined total of 110 hours.
  - i) A part-time nurse shall receive The Salary Enhancement for all hours in receipt of standby premium, provided that the standby premium hours and the hours worked results in the nurse qualifying for The Salary Enhancement (subject and in addition to the exceptions a)

through h) inclusive as listed above). Where a nurse is on standby on a day not scheduled for work (nonscheduled day), the nurse shall receive consideration as follows: the duration of the nurse's regular shift for each nonscheduled day on standby, less the number of hours for which the nurse received the Salary Enhancement for the standby premium during the biweekly pay period. The nurse shall make written application to the Employer to apply said hours at the end of, but no later than two (2) weeks after, the eligibility period end date.

  - Day 3- worked 8 hour day; scheduled for standby for 16 hours (Eve & Night) – paid 4 hours standby premium
  - Day 4- 24 hours on call – paid 6 hours standby premium
  - Day 5- 24 hours on call – paid 6 hours standby premium
  - Day 6- 24 hours on call – paid 6 hours standby premium
- Total of 30 hours standby premium
- Could have worked 8 regular paid hours on Day 4, 5, and 6 = 3 Days x 8 hours = 24 hours
- 24 regular paid hours could have worked minus 30 hours standby premium paid = additional 6 hours paid over the 24 hours they could have worked; no additional hours to be credited.

Example 2- Scheduled for Standby on day(s) not scheduled to work

- Scheduled for standby Saturday and Sunday = 24 hours each day
  - Saturday on call 24 hours = paid 6 hours standby premium
  - Sunday on call 24 hours = paid 6 hours standby premium
- Total of 12 hours standby premium paid
- Could have worked 8 regular paid hours on Saturday and Sunday for a total of 16 hours
- Paid 12 hours standby premium
- 16 regular paid hours could have been worked – 12 hours standby premium paid = 4 additional hours credited

Example 3- Scheduled for Standby immediately following a scheduled shift

- Scheduled regular Day 8 on Saturday and Sunday
- Standby for Evening 8 on Saturday and Sunday
- Saturday and Sunday Standby for 16 hours = paid 4 hours standby premium
- As nurse worked both Saturday and Sunday days followed by standby (i.e., standby was not on an unscheduled day); no additional standby hours credited.

The nurse may make application to PHRSS to receive a report of the standby premiums paid to be applied to The Salary Enhancement no more than one (1) time per six (6) month qualifying period.

- j) Where a part time nurse who has worked or has been working sufficient hours to otherwise qualify for The Salary Enhancement and is allotted a period of vacation that has not accrued full time paid hours, the unpaid vacation period which reflects the shortage of hours would be eliminated from consideration for The Salary Enhancement and the remaining period of eligibility would be prorated to reflect the removal from consideration for the hours the nurse was short of full time paid hours, during the vacation period.

For example:

April 1-September 30

A .5 EFT nurse who did not earn any additional vacation pay in the previous year and works full time hours except for a 2-week period where they are on vacation. For those 2 weeks, they will be deemed to have worked full time however The Salary Enhancement eligibility threshold will be prorated as follows:

1007.5 less the shortage of hours in the vacation period ( $77.5 \times .5$ ) 38.75 = 968.75 hours

If the nurse achieves the 968.75 qualifying hours they would remain eligible for The Salary Enhancement, despite not achieving the 1007.5, however the amount of The Enhancement is prorated based upon \$5.95 on eligible hours paid.

The nurse shall make written application to the Employer to apply said hours at the end of, but no later than two (2) weeks after, the eligibility period end date.

The Employer will provide reasonable opportunity for the nurse to be aware of any shortfall in qualifying for The Salary Enhancement and any reasonable opportunity to make application to use the matters here in to qualify for The Salary Enhancement.

The eligible hours at regular rate of pay that are applied towards The Salary Enhancement can be worked at, or in combination within, any site/Employer within the nurse's Employer Organization (*Exception #1: Provincial Travel Nurse Team hours will count towards eligibility in conjunction with the nurse's home position. Exception #2: a nurse holding a Shared Health EO position in the geographic Winnipeg region may work in a WCHREO facility in the geographic Winnipeg region and such hours will count*

towards eligibility in conjunction with the nurse's home position. Exception #3: a nurse holding a WCHREO position in the Winnipeg geographic region may work in a SHEO facility in the geographic Winnipeg region and such hours will count towards eligibility in conjunction with the nurse's home position).

**B. OBLIGATIONS OF THE PARTIES:**

Notwithstanding the Incentive Criteria in A. above, the parties agree in general to the following principle relating to the application of The Salary Enhancement:

**UNION WILL AGREE:**

- Eligibility for The Salary Enhancement is only for hours paid at regular rates (overtime hours do not apply towards eligibility for The Salary Enhancement), subject to the terms and conditions identified in this MOU.
- The Salary Enhancement will be for a two (2) year trial period commencing April 1, 2025 and ending March 31, 2027.
- Any part-time and/or casual nurse qualified to perform the work at a site within the nurses Employer Organization (EO) (*unless otherwise specified herein e.g. HSC/Winnipeg*) who is not in an overtime position and has indicated in writing a desire to work an available shift, in order to qualify for the full-time incentive, shall have preference over the Employer scheduling any nurse at overtime rates whether the nurse is at the site or not.
- Where the Employer reassigns or temporarily transfers a part-time nurse, beyond the nurses regular EFT, they shall have the option to choose whether or not the hours accrued for the reassignment/transfer shall be eligible either for the reassignment/transfer premium or count towards eligibility for the full-time Salary Enhancement. If nurses choose to have the hours count towards eligibility for the full-time Salary Enhancement, the nurse must make that declaration in writing, the reassignment premium shall not be payable.
- Hours paid at regular rates include: vacation, income protection of less than four (4) weeks, and all other paid leaves approved by the Employer.
- For a nurse who holds a 1.0 EFT they shall still qualify for The Salary Enhancement if the nurse is on an unpaid leave of absence of less than four (4) weeks.
- Part-time and/or casual nurses off on WCB who would otherwise qualify for The Salary Enhancement by virtue of established EFT or previous established pattern of working sufficient, hours in the previous eight (8) weeks, to qualify on a consistent basis are eligible for qualification to the full-time Salary Enhancement.

- For the duration this full-time Salary Enhancement is in effect, income protection may not be utilized for shifts paid at overtime rates. For clarity, income protection can be utilized when a nurse is unable to attend work for a shift (or portions thereof) paid at regular rates or scheduled at regular rates of pay.

**EMPLOYER WILL AGREE:**

- Employer will establish a mechanism that allows for nurses to readily view and apply for all available shifts at any site/Employer within their Employer Organization (exception HSC/Winnipeg). This principle also applies to nurses in the Provincial Travel Nurse Team.
- The Employer will provide to the Union:
  - Agency hours and agency costs for the fiscal year 2023/24
  - Overtime hours and overtime cost for the fiscal years 2023/24
  - Total vacant positions (broken down by EFT for the qualifying classifications) as of an agreed to date
  - Most current vacancy rates for the qualifying classifications available as of an agreed to date.
  - Total vacant positions (broken down by EFT) as of March 31, 2025, March 31, 2026, March 31, 2027.
- The Employer and Union agree the information as contained in Schedule “B” is accurate.
- The Employer commencing fiscal year April 1, 2025 will provide quarterly reports to the Joint Nursing Council sub-committee. The following information will be provided:
  - Agency hours and agency cost;
  - Overtime hours and overtime cost (including a break out total of mandatory overtime);
  - Nurse vacancy rates;
  - Count of all vacant positions;
  - Net increase or decrease of EFTs (upon request the Union shall be provided specifics for a particular Employer site or unit within the EO);
  - Frequency and volume of reassignment;
  - Cost of implementation of the incentive vs. cost saved from reduction of agency and overtime.
  - Any information reasonably necessary to determine the efficacy of The Incentive in reducing overtime, agency usage and/or vacancy rates.
- The Salary Enhancement shall be applied to all hours paid at regular rates of pay for qualifying nurses beginning on April 1, 2025.

- Wherever reasonably possible, the Employer will provide the greatest opportunity for nurses to access The Salary Enhancement. For clarity, the Union retains the ability to grieve the reasonability of disqualification of a nurse from The Salary Enhancement due to an Employer imposed change.

### **C. MONITORING PARAMATERS FOR THE PILOT PROJECT:**

#### **THE PARTIES AGREE:**

- The pilot project will be monitored quarterly by the Joint Nursing Council or designated sub-committee which will also include a representative of the Manitoba Government.
- The designated subcommittee shall consist of equal representation from each of the parties, three (3) from the Union and three (3) from the Employer/Government.
- All administrative systems and associated scheduling guidelines, allowing nurses maximal access to available shifts within their EO (exception HSC/Winnipeg) related to the project along with required orientation shall be implemented no later than April 1, 2025. (Initial Scheduling Guidelines in Schedule “C”)
- The committee shall continue to monitor the efficacy of The Salary Enhancement with regards to mitigating the challenges associated with the nursing shortage, reducing overtime and/or agency use.
- Modifications of the previously stated eligibility parameters may occur as a result of the impact on the above noted set of baseline data provided that such modifications are mutually agreed upon between the parties. Should The Salary Enhancement not achieve a measurable improvement confirmed via the set of baseline data above, the parties shall meet to consider, modification or revision of The Salary Enhancement and implement any necessary changes to better ensure effective alignment with the purposes of The Salary Enhancement. Any changes prior to the expiry of the trial period require mutual agreement of the parties.
- The Salary Enhancement may only be discontinued after the trial period, if it proves to be ineffective in reducing overtime and/or agency use to a significant degree.
- If after the trial period, The Salary Enhancement is discontinued, the Employer agrees that it shall meet promptly with the Union to collaborate and develop alternative and meaningful enhancements that shall significantly and tangibly:
  - (i) improve the retention and recruitment of nurses; and/or
  - (ii) reduce or eliminate agency nurse use and/or excessive overtime; and/or address new challenge(s) that have arisen within the Healthcare Sector

- Where one party intends to assert The Salary Enhancement ought to be discontinued, they shall provide notice in writing to the other party no later than ninety (90) days prior to the expiry of the trial period. The parties shall meet no later than ten (10) days after such notice is provided, and thereafter as often as required in order to establish a new enhancement prior to the expiry of this incentive,
- The new Salary Enhancement program shall commence immediately upon expiry of the current Full Time Hours Incentive and the funds from the previous incentive (prior to The Salary Enhancement) equivalent to a maximum of the total amount of full-time incentives paid out during fiscal year 2024/2025 - approximately fifty (50) million dollars in relation to the Recruitment and Retention Memorandum of Agreement signed between the parties on December 7, 2022) shall be invested in, and reallocated to, the new incentive, which shall continue for the life of the current Collective Agreement.

**For the duration of the Full-Time Hours Salary Enhancement incentive as prescribed in the MOU, the parties agree that no income protection may be utilized for overtime shifts for any nurse in any classification. **RE: SUB-COMMITTEE ON NURSE PATIENT RATIOS**

WHEREAS the Government, the Manitoba Nurses’ Union and the Provincial Health Labour Relations Services (PHLRS) on behalf of Employer Organizations party to central bargaining, hereinafter referred to collectively as “the Parties”, acknowledge their respective commitments to quality health care and patient safety, and agree that Nurses play a pivotal role in the quality of the health care system;

AND WHEREAS the Parties are committed to establishing minimum Nurse Patient Ratios (“NPRs”) as part of team-based care, hospital-based care, long term and residential care, and community and non-hospital care (collectively, “the identified areas of patient care”);

NOW THEREFORE THE PARTIES AGREE THAT:

The Parties shall work collaboratively to develop NPRs. The development of such NPRs shall be assigned to a Sub-Committee as follows:

1. Within three (3) months sixty (60) days of the Union and the Employer ratifying a Collective Agreement, a Sub-Committee, falling under the umbrella of the Joint Nursing Council (JNC), will be formed consisting of Government of Manitoba representatives and an equal number of both Union and Employer representatives.
2. The Sub-Committee will be charged with the responsibility of defining a “Made in Manitoba” approach for the establishment of NPRs that factor in the uniqueness of Manitoba and the population served. However, the Sub-Committee should exercise due and reasonable diligence in considering related actions and nurse patient ratio

recommendations that are acted upon in other jurisdictions which provide health care to a similar standard of that which exists in Manitoba.

3. The Government of Manitoba will provide funding to ensure adequate administrative support is provided to the Sub-Committee, and to engage a Research Project Coordinator to facilitate and support the Sub-Committee.
4. The Sub-Committee will make recommendations for appropriate NPRs by considering the overall skills mix of staff providing patient care on a unit, the complexity of care, acuity of care, nurse expertise, multi-disciplinary team supports, safety and physical layout.
5. The Sub-Committee will use continuous improvement methodology in the development of recommendations for a “Made in Manitoba” approach to NPRs.
6. The Sub-Committee will determine evaluation metrics and indicators to be utilized to measure outcomes.
7. The Sub-Committee will develop a plan of priority areas of focus no later than January 1st, 2025.
8. The Sub-Committee will be charged to develop a process that promotes selection of positions rather than the deletion of positions, should rotation changes be required to meet the objectives of the Sub-Committee.
9. The Sub-Committee will provide their agreed upon recommendations with respect to NPRs to the Minister of Health, Seniors and Long Term Care (“the Minister”) no later than May 1st 2026 January 1st, 2026, unless otherwise mutually agreed to extend the date to no later than March 1st, 2026.

The Minister will review and consider the recommendations from the Sub-Committee and the Minister will make a determination on the implementation of such recommendations.

In the event the Sub-Committee is not able to agree on appropriate NPR recommendations, or if any other issues arising out of this Letter of Agreement remain in dispute, the parties shall initiate the dispute resolution process no later than one hundred and twenty (120) days prior to May 1st 2026 January 1st, 2026, unless otherwise mutually agreed to extend the date to no later than March 1st, 2026.

The dispute resolution process is as follows:

Step 1: the Executive Director of Provincial Health Labour Relations Service (PHLRS) and the Executive Director of the Union shall meet in good faith to resolve any dispute arising under this Letter of Agreement.

Step 2: Should a dispute remain after Step 1, either the Union or the Employer may refer the matter(s) for final resolution by an arbitration panel. The panel will be constituted as per the provisions of Article 13 of the Collective Agreement between the Union and the Employer. The panel shall have the authority to make a final determination with respect to NPR recommendations to be presented to the Minister.
