The **Continuing Education Grant** is provided by the Nurses Recruitment and Retention Fund (NRRF), to Employer Organizations (EOs) and other Eligible Employers on a yearly basis, and administered by their Continuing Education Committees.

The **Continuing Education Grant** provides Eligible Applicants with an opportunity for self-directed learning for their professional development.

2.0 BACKGROUND

Established in 1999, the NRRF was developed to increase the supply of nurses and decrease nursing vacancies in Manitoba through a variety of recruitment and retention strategies.

One strategy for retaining nurses in the workforce is through the provision of opportunities for continuing education. The funding of self-directed continuing education activities contributes to the ongoing personal and professional development of Manitoba’s nurses.

3.0 PURPOSE

The opportunity to pursue continuing education is both a necessity and a goal of nurses in Manitoba. The **Continuing Education Grant** exists to assist Eligible Applicants, employed by Eligible Employers, to pursue professional development opportunities. A commitment to, and facilitation of continuing education also helps employers attract and retain skilled nurses.
