

# Manitoba is Hiring Nurses

HEALTH CAREERS  
**MANITOBA**

## A career as a nurse can take you anywhere!

Nurses work with other members of the health care team to care for people, groups, and communities in many different settings. Depending on where they work, nurses do different things – they encourage healthy living, help people avoid injury and illness, and care for those who are sick.

There are three types of nurses in Manitoba – registered nurses (which also includes nurse practitioners), registered psychiatric nurses, and licensed practical nurses.

**Empathetic and  
Compassionate**

**Active  
Listener**

**Team  
Player**

**Problem  
Solver**
