

Manitoba is Hiring Paramedics

HEALTH CAREERS
MANITOBA

A career as a paramedic can take you anywhere!

Paramedics deliver emergency and non-emergency care to patients in hospital, between facilities, and in community settings. They're a part of the team that helps patients get where they need to go safely (by air and by land).

Paramedics can grow in their career and take on more responsibility by completing extra courses.

**Team
Player**

**Calm Under
Pressure**

**Clear
Communicator**

**Empathetic and
Compassionate**

Working in a rural community means that sometimes paramedics are the closest resource. An emergency room is often quite a distance away from our calls, so I'm glad to be able to use the full scope of my skills and interventions to help people until we arrive at a hospital.

— Danielle, Primary Care Paramedic

Role Requirements

- Paramedics respond to a variety of calls and are exposed to high-pressure, fast-paced and mentally demanding situations
- Paramedics are frequently required to lift patients and heavy equipment
- Paramedics work indoors and outdoors in variable weather conditions
- Paramedics work 12-hour shifts, including days, nights, weekends, and holidays. Some paramedics work on-call shifts.

Educational Programs

Criti Care

- Emergency Medical Responder (EMR) and Primary Care Paramedicine (PCP) programs

Manitoba Emergency Services College

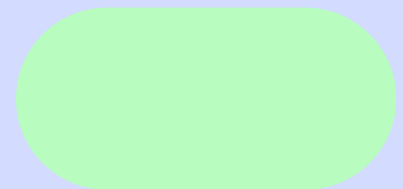

- Public Fire Paramedic Program

Red River College Polytechnic

- Primary Care Paramedicine (PCP)
