**1.0 POLICY STATEMENT**

Established in 1999, the Nurses Recruitment and Retention Fund (NRRF) is committed to enhancing the delivery of health services in the province of Manitoba, by addressing issues of nursing supply. Main functions of the NRRF include the development of strategies to assist with the recruitment and retention of Registered Nurses (RNs), Extended Practice Nurses (RN(EP)s), Registered Psychiatric Nurses (RPNs) and Licensed Practical Nurses (LPNs) in Manitoba.

To retain new graduates, the NRRF supports the use of funding for eligible RNs, RN(EP)s, RPNs and LPNs willing to relocate to rural and northern Manitoba.

**2.0 BACKGROUND**

Maintaining an adequate supply of nurses in rural and northern Manitoba has historically been problematic. Additionally, a goal of governments is to retain nurses in the provinces where they have been educated.

The Conditional Grant is a strategy to encourage new graduates to consider employment opportunities in rural and northern locations, as they enter the workforce. Experiences in rural and northern Manitoba provides unique and broad learning opportunities for new graduates as they consolidate skills gained in nursing education programs. The Conditional Grant Program also assists rural and northern employers and communities in addressing their health human resource challenges.

**3.0 PURPOSE**

- 3.1** To encourage new graduates from Registered Nurse, Nurse Practitioner, Registered Psychiatric Nurse and Licensed Practical Nurse programs to relocate to rural and northern communities in Manitoba for career opportunities.
- 3.2** To reduce the numbers of rural and northern vacancies.
- 3.3** To retain nursing graduates in Manitoba for a minimum period of one year.
